CALHOUN COUNTY ISD PLAINTIFFS' NOTICE OF FILING OF SECOND AFFIDAVITS IN SUPPORT OF ATTORNEY'S FEES

The Calhoun County ISD Plaintiffs file this Notice of Filing of Second Affidavits in Support of Attorney's Fees and respectfully show the following:

1. The Calhoun County ISD Plaintiffs brought suit under Chapter 37 of the TEXAS CIVIL PRACTICES & REMEDIES CODE. Pursuant to Section 37.009, the Court may award the Calhoun County ISD Plaintiffs their costs and reasonable and necessary attorney's fees.

2. The parties have agreed to try the issue of attorney's fees to the bench by submission.

3. In support of their claim for attorney's fees, the Calhoun County ISD Plaintiffs submit the Second Affidavits of George W. Bramblett and John W. Turner, as Attachments 1 and 2 respectively to this notice.

ACCORDINGLY, the Calhoun County ISD Plaintiffs respectfully request that they be awarded all costs and their reasonable and necessary attorney's fees as established by the Second Affidavits of George W. Bramblett and John W. Turner. The Calhoun County ISD Plaintiffs further request all other relief to which they may be entitled.

Respectfully submitted,

Haynes and Boone, LLP

SECOND AFFIDAVIT OF GEORGE W. BRAMBLETT

STATE OF TEXAS §
§
COUNTY OF DALLAS §

BEFORE ME, the undersigned Notary Public, on this day personally appeared George W. Bramblett, known to me to be the person whose name is subscribed below, who being duly sworn, deposed and states as follows:

1. My name is George W. Bramblett. I am over twenty-one years of age, have never been convicted of a felony or other crime involving moral turpitude, and suffer from no mental or physical disability that would render me incompetent to make this Affidavit. I am able to

swear, and I hereby do swear, that all of the facts stated in this Affidavit are true and correct and are (unless otherwise stated below) within my personal knowledge or are known to me through my duties and responsibilities as a partner at Haynes and Boone, LLP, which provides legal representation to the Calhoun County ISD Plaintiffs in the above-styled case.

2. I am an attorney licensed to practice law in the State of Texas and have been a practicing trial lawyer in Texas in good standing with the bar since 1966. I am a partner with the law firm of Haynes and Boone, LLP and a Fellow with the American College of Trial Lawyers, American Board of Trial Advocates, International Academy of Trial Lawyers, and International Academy of Barristers. For a more detailed description of my experiences and expertise, my biography is attached hereto as Exhibit "A."

3. My firm rendered legal services to the plaintiffs referred to as the Calhoun County ISD Plaintiffs in connection with the above-styled lawsuit. I have agreed to offer expert testimony regarding the reasonableness and necessity of the attorney's fees incurred by the Calhoun County ISD Plaintiffs. As is set forth in my biography, I have tried cases all over Texas involving many different issues, including the very issues tried here. I was trial counsel in a prior round of school finance litigation, *Neeley v. West Orange-Cove Consolidated Independent School District*, 176 S.W.3d 746 (Tex. 2005). While I maintain my office in Dallas, Texas, I have practiced all over the State of Texas. I am familiar with the reasonable and customary rates, charges, and costs for legal services in Travis County, Texas and in other large Texas cities for cases similar to this one.

4. In forming my opinions, I have reviewed the pertinent pleadings as well as the redacted attorney time records for counsel for the Calhoun County ISD Plaintiffs. I have also spoken with counsel for the Calhoun County ISD Plaintiffs throughout the course of the

Unofficial Copy Travis Co. District Clerk Velva L. Price

litigation and in connection with the opinions set forth in my Affidavit. I have also reviewed the First and Second Affidavits of John W. Turner and their attachments. I am familiar with the work that was necessary to prepare and try the case. I am also familiar with the work that will be necessary to handle the appeal of this matter.

5. I also considered the relevant factors set forth in *Arthur Andersen & Co. v. Perry Equip. Corp.*, 945 S.W.2d 812, 818 (Tex. 1997) in arriving at my opinions, including (1) the fees and expenses customarily charged in this area for the same or similar services for attorneys with similar experience, reputation, and abilities; (2) the time and labor required; (3) the novelty and difficulty of the questions involved; (4) the skills requisite to perform the legal services properly; (5) the type of controversy and the amounts involved; and (6) the results obtained.

6. Since the time records do reflect a small amount of paralegal time, I also considered the factors set forth in *Gill Sav. Ass'n v. Int'l Supply Co., Inc.*, 759 S.W.2d 697, 702 (Tex. App.—Dallas 1988, writ denied). These factors include: (1) the qualifications of the legal assistant to perform substantive legal work; (2) that the legal assistant performed substantive legal work under the direction and supervision of an attorney; (3) the nature of the legal work performed; (5) the number of hours expended by the legal assistant; and (6) that the work was done to reduce or minimize the amount of attorney's fees incurred.

7. Factors such as the time and labor required, the novelty and difficulty of questions involved, and the skills required to perform the legal services support the legal fees incurred by the Calhoun County ISD Plaintiffs in this case. As counsel for the Calhoun County ISD Plaintiffs, Haynes and Boone, LLP represented six school districts as named plaintiffs. An additional 82 school districts supported Haynes and Boone, LLP's efforts. The Calhoun County ISD Plaintiffs filed their Original Petition in December 2011 seeking declaratory relief on two

Unofficial copy Travis Co. District Clerk Velva L. Price

constitutional grounds. In less than a year from filing, a 13-week trial began. As Judge Dietz put it during his remarks on February 4, 2013: "I don't believe that there's ever been a more expeditious trial of a school finance case anywhere in the United States than what has occurred here."

8. The preparation of this case for the October 2012 to February 2013 trial involved, among other things, the review, analysis, and production of thousands of pages of client documents, the review and analysis of an extremely large volume of documents produced by the State defendants, numerous consultations with school district officials and expert witnesses, the review and analysis of close to 50 expert reports, and the depositions of more than 90 witnesses. Given the speed at which this case progressed to trial, deadlines overlapped and depositions were multi-tracked. Multiple lawyers needed to be available to handle the tasks required.

9. I understand that the parties spent 45 days in trial from October 2012 through February 2013—over 240 hours in the courtroom. Approximately 80 witnesses testified live during that time. More than 5,700 exhibits were offered at trial; over 5,000 were admitted.

10. After the Court orally announced its ruling but before it entered its findings of fact and final judgment, the 83rd Legislature passed legislation impacting the public education system. The Court, on the motion of the Calhoun County ISD Plaintiffs, reopened the evidence to consider the impact of this legislation. This required preparation for an evidentiary hearing which lasted from January 21, 2014 through February 7, 2014. The preparation for this hearing required the review and analysis of many additional documents related to the 2013 legislation, consultations with school district officials and expert witnesses, the review and analysis of an additional 10 expert reports, and the depositions of approximately 20 witnesses. Further, the evidentiary hearing required an additional 11 days of trial. Approximately 12 witnesses testified

Unofficial copy Travis Co. District Clerk Velva L. Price

live during that time, while the testimony of several other witnesses was presented by proffers of their deposition testimony. Nearly 700 additional exhibits were offered and admitted during this evidentiary hearing.

11. From my review of the billing records and from my conversations with counsel, I understand Haynes and Boone, LLP has taken the lead on the initial drafts of the Findings of Fact and Conclusions of Law requested by the Court. The draft Findings and Conclusions have required hundreds of hours of work by appellate partner Mark Trachtenberg and associate Michelle Jacobs, among others. Mr. Trachtenberg's role in this process is vital as he is the only attorney for any of the school district groups with a specialty in appellate practice. A substantially complete draft of the ISD Plaintiffs' proposed Findings and Conclusions were presented to the Court in early January 2014, and revisions based on the evidentiary hearing will be tendered to the Court shortly. I understand that Haynes and Boone attorneys also took the lead in various other areas of the litigation as discussed in the affidavit of Mr. Turner.

12. Questions regarding the constitutionality of the complex system of school finance in the State of Texas and potentially billions of dollars in school district funding were at issue in this case. The important matters involved, the potential dollars at stake, and the ultimate declarations by the Court more than justify the time spent and the fees incurred by the Calhoun County ISD Plaintiffs in this case.

13. A spreadsheet detailing the time records for the Calhoun County ISD Plaintiffs from September 30, 2011 through February 27, 2013 is attached to this Affidavit as Exhibit "B" (the "First Fee Spreadsheet"). This is the same spreadsheet that was included with the Calhoun County ISD Plaintiffs' Notice of Filing of Affidavit in Support of Attorneys' Fees filed on

Unofficial copy Travis Co. District Clerk Velva L. Price

March 5, 2013 following the first phase of trial in this case. My first affidavit supporting the fee request was also submitted with the March 5, 2013 filing.

14. A spreadsheet detailing the time records for the Calhoun County ISD Plaintiffs from February 28, 2013 through February 27, 2014 is attached to this Affidavit as Exhibit "C" (the "Second Fee Spreadsheet"). The First Fee Spreadsheet and Second Fee Spreadsheets are collectively referred to as the "CCISD Fee Spreadsheets." The CCISD Fee Spreadsheets detail the hours billed to and the fees incurred by the client (or, for time entries from January 1, 2014 through February 27, 2014, the fees that will be billed to and incurred by the client) and narratives describing the work that was done (redacted where necessary for privilege).

15. Fees for this matter were billed on a per hour basis. The hourly rates charged by the attorneys and paralegals in this matter are set forth in the attached CCISD Fee Spreadsheets. I am familiar with the experience levels of the attorneys and paralegals who spent time on this matter, and the rates charged for their services here are comparable to or even less than the usual and customary fees charged by other attorneys and paralegals of similar experience and ability in Austin, Texas and in other large Texas cities. Moreover, all of the attorneys for Haynes and Boone, LLP who worked on this matter did so at a substantial discount from their normal hourly rates. Throughout the representation, Mark Trachtenberg and John Turner reviewed billing statements for any redundancy or excess and reduced any time billed to the client accordingly.

16. As reflected in the First Fee Spreadsheet, the total amount of attorney's fees incurred by the Calhoun County ISD Plaintiffs through February 27, 2013 was $2,738,591. This amount includes all fees incurred by the Calhoun County ISD Plaintiffs during discovery and trial. The Calhoun County ISD Plaintiffs acknowledge that a portion of the legal fees incurred may not be recoverable. To that end, the First Fee Spreadsheet provides for an apportionment of

Unofficial copy Travis Co. District Clerk Velva L. Price

recoverable fees. By separate affidavit, John Turner, counsel for the Calhoun County ISD Plaintiffs, explains the efforts undertaken to segregate or apportion the fees where required.

17. Of the $2,738,591 in fees incurred through February 27, 2013, the Calhoun County ISD Plaintiffs initially sought to recover $2,066,244.37, which reflects the reductions for segregated or otherwise potentially unrecoverable time per Mr. Turner's affidavit. However, the Court has since sustained certain of the State's objections totaling 53.3 hours of time, resulting in a reduction of $20,379.20. In light of that ruling, the Calhoun County ISD Plaintiffs have reduced the fee request attributable to the entries on the First Fee Spreadsheet by the amount specified for the Court, so that the total requested is now $2,045,865.17.

18. As reflected in the Second Fee Spreadsheet, the total amount of attorney's fees incurred by the Calhoun County ISD Plaintiffs from February 28, 2013 through February 27, 2014 was $730,794. This amount includes all fees incurred by the Calhoun County ISD Plaintiffs made necessary by the 83rd Legislature's actions and the reopening of evidence, among other things. Again, the Calhoun County ISD Plaintiffs acknowledge that a portion of the legal fees incurred may not be recoverable. To that end, the Second Fee Spreadsheet likewise provides for an apportionment of recoverable fees. By separate affidavit, John Turner, counsel for the Calhoun County ISD Plaintiffs, explains the efforts undertaken to segregate or apportion the fees where required.

19. Of the $730,794 in fees incurred from February 28, 2013 through February 27, 2014 as reflected in the Second Fee Spreadsheet, the Calhoun County ISD Plaintiffs are seeking to recover $538,777.40. This includes a reduction for the segregated or otherwise potentially unrecoverable time per Mr. Turner's affidavit. Combined with the amount sought for time incurred before February 28, 2013, and a $25,000 estimate for recoverable fees that will be

Unofficial Copy Travis Co. District Clerk Velva L. Price

incurred before the case goes up on appeal (*see* Second Affidavit of John Turner, ¶ 14) the Calhoun County ISD Plaintiffs' total fee request for time incurred during the trial court phase of this case is $2,609,642.57.

20. Taking into consideration the pleadings, the detail contained in the Fee Spreadsheets, my discussions with counsel, my review of Mr. Turner's Affidavits, my 49 years of experience as a trial lawyer in the State of Texas, and all of the factors discussed above, the services rendered by counsel and the fees incurred as a result were both reasonable and necessary for a case like this.

21. Based in part of my review of the billing records from the *West Orange-Cove* case, it is further my opinion that in the event this case is appealed directly to the Texas Supreme Court, a fee of $500,000 would be reasonable and necessary for the representation of the Calhoun County ISD Plaintiffs. If this case is first appealed to the Court of Appeals, it is my opinion that an additional fee of $400,000 would be reasonable and necessary for the work required for such an appeal. An additional $325,000 would then be required as a reasonable and necessary fee should the case be appealed thereafter to the Texas Supreme Court.

George W. Bramblett Jr.

george.bramblett@haynesboone.com

George Bramblett is a trial lawyer. He has been involved in high profile, high stakes litigation in Texas. He was selected Trial Lawyer of the Year by the Dallas Bar Association for 2001.

He has had an extensive and diverse trial practice for more than thirty years. He has represented clients in the full range of business, commercial and tort litigation. He also has significant experience in the general area of securities and shareholder litigation.

In 2013, U.S. Senators John Cornyn and Ted Cruz appointed Mr. Bramblett to the Federal Judicial Evaluation Committee (FJEC) to screen and recommend to the Senators nominees for vacancies on the federal bench and in U.S. Attorney offices in Texas. In 2009, Mr. Bramblett was selected to receive the Dallas Lawyers Auxiliary's 27th annual Justinian Award honoring dedication to community service. Mr. Bramblett was named one of The Best Lawyers in America in Bet-the-Company Litigation; Commercial Litigation; and Securities Law from 2009-2014. He has been in *The Best Lawyers in America* for more than 20 years. He was named a Texas Super Lawyer each year from 2003 to 2013, and one of the Top 10 lawyers in the state in 2003 and 2004 according to *Texas Monthly* magazine. He also was named one of the "Best Lawyers in Dallas" by *D Magazine* each year from 2003 to 2009 and in 2011, 2013.

His engagements include the following:

- Currently defending the National Football League in putative class action lawsuit alleging claims of breach of contract and fraud against the NFL and the Dallas Cowboys for allegedly not providing prescribed seats to ticketholders at the Super Bowl XLV game. Read more.
- Representation of trustees of two large trusts in multi-court litigation against allegations of civil RICO violations, claims of mismanagement related to sale of trust-owned corporation and other breach of fiduciary duty claims. SECOND AFFIDAVIT OF JOHN W. TURNER

STATE OF TEXAS §
§
COUNTY OF DALLAS §

BEFORE ME, the undersigned Notary Public, on this day personally appeared John W. Turner, known to me to be the person whose name is subscribed below, who being duly sworn, deposed and states as follows:

1. My name is John W. Turner. I am over twenty-one years of age, have never been convicted of a felony or other crime involving moral turpitude, and suffer from no mental or physical disability that would render me incompetent to make this Affidavit. I am able to swear,

and I hereby do swear, that all of the facts stated in this Affidavit are true and correct and are within my personal knowledge or are known to me through my duties and responsibilities as a partner at Haynes and Boone, LLP, which provides legal representation to the Calhoun County ISD Plaintiffs in the above-styled case.

2. I am an attorney licensed to practice law in the State of Texas and have been a practicing trial lawyer in Texas in good standing with the bar since 2000. I am a partner with the law firm of Haynes and Boone, LLP and acted as trial counsel for the Calhoun County ISD Plaintiffs in the above-styled case. A copy of my current biography is attached hereto as Exhibit "A."

3. A spreadsheet detailing the time records for the Calhoun County ISD Plaintiffs from September 30, 2011 through February 27, 2013 is attached as Exhibit "B" to the Second Affidavit of George Bramblett (the "First Fee Spreadsheet"). This is the same spreadsheet that was included with the Calhoun County ISD Plaintiffs' Notice of Filing of Affidavit in Support of Attorneys' Fees filed on March 5, 2013 following the first phase of trial in this case. My first affidavit supporting our fee request was also submitted with the March 5, 2013 filing.

4. As explained below, the Calhoun County ISD Plaintiffs sought $2,066,244.37 in fees based on the time entries reflected on the First Fee Spreadsheet, which fees were reduced in the manner described below. The State Defendants filed their second amended objections to this fee request on March 21, 2013. On August 2, 2013, the Court provided all parties with its rulings on these objections through the provision of the Court's "attorneys' eyes only" draft version of the final judgment. In that document, the Court noted that it sustained certain of the State's objections to the Calhoun County ISD Plaintiffs' fee request totaling 53.3 hours of time, for a total reduction in the Calhoun County ISD Plaintiffs' fee request of $20,379.20. In light of

Unofficial copy Travis Co. District Clerk Velva L. Price

that ruling, the Calhoun County ISD Plaintiffs have reduced the fee request attributable to the entries on the First Fee Spreadsheet by that same amount, resulting in a total of $2,045,865.17.

5. A spreadsheet detailing the time records for the Calhoun County ISD Plaintiffs from February 28, 2013 through February 27, 2014 is attached as Exhibit "C" to the Second Affidavit of George Bramblett (the "Second Fee Spreadsheet"). The Second Fee Spreadsheet covers time incurred in final preparation of the original draft proposed findings and conclusions, the motion practice relating to the reopening of the evidence, preparations for and participation in the second evidentiary hearing from January 21, 2014 through February 7, 2014, and other matters occurring after submission of our initial fee request. The First Fee Spreadsheet and Second Fee Spreadsheets are collectively referred to as the "CCISD Fee Spreadsheets." The following paragraphs describe how the CCISD Fee Spreadsheets were generated.

6. In the "Hours Billed" and "Amount Billed" columns, the CCISD Fee Spreadsheets detail the hours billed to and the fees incurred by the client (or, for time entries from January 1, 2014 through February 27, 2014, the fees that will be billed to and incurred by the client). Throughout the remainder of this affidavit, hours "billed" refers to hours that have already been billed, as well as hours that will be billed. The "Narrative" column describes the work that was done and is redacted where necessary for privilege.

7. As referenced in Mr. Bramblett's Affidavits, the CCISD Fee Spreadsheets also provide apportionment detail. The "Segregated Hours Billed" and "Segregated Amount Billed" columns detail the portion of all hours billed and all amounts billed that are actually being sought by the Calhoun County ISD Plaintiffs in their claim for legal fees. Haynes and Boone attorneys Mark Trachtenberg, Michelle Jacobs, and I, as well as former Haynes and Boone attorney Lacy Lawrence (in connection with the First Fee Spreadsheet), reduced the amount of fees incurred

Unofficial copy Travis Co. District Clerk Velva L. Price

where appropriate to arrive at the amounts now sought. Those reductions and apportionments fall into two categories: (1) fees incurred for paralegal or staff time that we determined are non-recoverable or may not be recoverable and (2) fees incurred for attorney time that we determined are non-recoverable or may not be recoverable.

8. Timekeepers David Bader, Jeff Bennett, Michael Brockwell, Cindy Castro, Ric Dexter, DiAnna Gaeta, Wanda Johnson, Riva Laughlin, Michelle Meuhler, Rupa Rao, Sandra Smith, Kenny Truong, Andrea Vogtman, and Thomas Wisinski all work at Haynes and Boone, LLP in staff positions. Though their contributions to the case were valuable, the Calhoun County ISD Plaintiffs are not seeking to recover any fees for time worked by these individuals. Several of these worked only very small amounts of time in the case.

9. Timekeepers Michele Anthony, Will Bobo, Amy Easley, Leila Johnson, Kristi Kirby, and Katherine Rogers, and Denise Stilz are or were paralegals employed by Haynes and Boone, LLP. Katherine Rogers and Michele Anthony were the primary paralegals for the case, and the bulk of the paralegal time was billed by these two individuals. Kristi Kirby was a third paralegal who assisted primarily with the Findings of Fact and Conclusions of Law. The Calhoun County ISD Plaintiffs are not seeking to recover the vast majority of the fees associated with paralegal time. Where the Calhoun County ISD Plaintiffs are seeking fees for paralegal time, the paralegal performed substantive legal work under the direction and supervision of counsel and was qualified to perform such work. Ms. Rogers has been a paralegal for 35 years, Ms. Anthony has been a paralegal for 27 years, and Ms. Kirby has been a paralegal for 25 years. All three are experienced in assisting with document productions, witness preparations, and other aspects of litigation. The amount of time expended by the paralegal on the task was reasonable and was done to reduce the amount of time spent by attorneys on such tasks. While the

Unofficial Copy Travis Co. District Clerk Velva L. Price

narratives in the CCISD Fee Spreadsheets will provide more detail, the paralegal time for which fees are sought primarily involved assistance with review and redaction of documents for production, assistance with witness preparation, and/or assistance with the Findings of Fact and Conclusions of Law requested by the Court.

10. The remaining timekeepers reflected in the CCISD Fee Spreadsheets are or were Haynes and Boone attorneys. The biographies for the attorneys, other than myself (and a few attorneys who worked only 10 hours or less on the case), who worked on this matter are attached hereto as Exhibit "B." Fees incurred in the prosecution and/or defense of our claims are recoverable. While most of the attorney's fees incurred are recoverable, the Calhoun County ISD Plaintiffs acknowledge that not all attorney time will be recoverable. The relevant standard for proper segregation of recoverable from non-recoverable time is set out in *Tony Gullo Motors I, LP v. Chapa*, 212 S.W.3d 299, 313-14 (Tex. 2006): "[I]f any attorney's fees relate solely to a claim for which such fees are unrecoverable, a claimant must segregate recoverable from unrecoverable fees . . . it is only when discrete legal services advance both a recoverable and unrecoverable claim that they are so intertwined that they need not be segregated."

11. In apportioning the fees, we identified fees incurred in connection with the equity claims asserted by other plaintiffs to the litigation (the "Equity Fees"). As reflected in the CCISD Fee Spreadsheets, the Calhoun County ISD Plaintiffs are not seeking their Equity Fees. For example, Micah Skidmore, a partner at Haynes and Boone, focused much of his efforts in this case on equity issues. The Calhoun County ISD Plaintiffs are seeking to recover only a small fraction of the fees associated with Mr. Skidmore's work and only for work directly relating to the prosecution or defense of our affirmative (i.e. non-equity) claims. Additionally, Dr. James "Kal" Kallison testified as an expert on both college readiness and equity issues.

Unofficial copy Travis Co. District Clerk Velva L. Price

While attorney time associated with the college readiness portion of his testimony is recoverable, we have segregated any time that could be associated with his equity testimony.

12. In addition to the segregation of the Equity Fees, the Calhoun County ISD Plaintiffs have applied a 5% reduction to the remaining total fees incurred to cover additional attorney fees that may not be recoverable. The majority of the legal services performed in connection with the Intervenors' or the Charter Schools Group's case were necessary for the prosecution and/or defense of the claims brought by the Calhoun County ISD Plaintiffs. The State Defendants routinely elicited testimony from witnesses for these parties during depositions and trial that pertained to the claims brought by the Calhoun County ISD Plaintiffs. It was necessary for counsel for the Calhoun County ISD Plaintiffs to attend and participate in the depositions and/or in trial in order to address issues that arose or that could have arisen. Further, counsel for the Calhoun County ISD Plaintiffs needed to be available at trial each day and prepared to participate in conferences and discussions with the Court about issues in the case, regardless of whose witness was on the stand. While most – if not all – of the time was recoverable, it is my opinion that any time related to the Intervenor or Charter Schools Group claims that may not be recoverable would be covered by the 5% reduction.

13. The recoverable fees requested include considerable attorney time expended on tasks on which Haynes and Boone attorneys took the lead on behalf of all (or selected other) ISD coalitions. For example, Haynes and Boone took the lead on the initial drafts of the Findings of Fact and Conclusions of Law requested by the Court. The draft Findings and Conclusions have required hundreds of hours of work by appellate partner Mark Trachtenberg and associate Michelle Jacobs, among others. Mr. Trachtenberg's role in this process is vital as he is the only attorney for any of the school district groups with a specialty in appellate practice. Other

Unofficial copy Travis Co. District Clerk Velva L. Price

examples include coordination with the Court in the updating and tracking of exhibits, the noticing and taking of organizational representative depositions of the TEA on a series of topics related to student assessment and accountability, and serving as the primary point of contact for Dr. Allen Odden, who was one of the principal expert witnesses related to the cost of adequacy.

14. As noted above in paragraph 4, the CCISD Plaintiffs are requesting a total of $2,045,865.17 in recoverable fees incurred through February 27, 2013 (as reflected in the First Fee Spreadsheet), which reflects the reduction specified by the Court in its prior ruling on the State's objections. The CCISD Plaintiffs also are requesting a total of $538,777.40 in recoverable fees incurred from February 28, 2013 through February 27, 2014 (as reflected in the Second Fee Spreadsheet). This amount likewise takes into account the segregation of non-recoverable paralegal, staff, and attorney time and includes only time that we have determined should be recoverable, as informed by the Court's ruling on the State's objections to our first fee request. We have also estimated that the Calhoun County ISD Plaintiffs will incur an additional $25,000 in recoverable fees in post-trial and post-judgment proceedings in this Court before any appeal commences, through additional work on the proposed Findings of Fact and Conclusions of Law, attendance at post-trial or post-judgment hearings, and preparation of responses to any post-trial motions, among other tasks. This amount takes into account the segregation of non-recoverable paralegal, staff, and attorney time and includes only time that we have determined should be recoverable. Thus, the total amount of recoverable fees sought for our representation of the Calhoun County ISD Plaintiffs in the trial court is $2,609,642.57.

John Turner

john.turner@haynesboone.com

John Turner represents plaintiffs and defendants in civil litigation across Texas and the United States. His experience encompasses a broad spectrum of the law, ranging from contract disputes to intellectual property cases to antitrust matters to representation of governmental entities.

John's approach to litigation is guided by a few key practices that are crucial to a successful outcome in any lawsuit: regular and effective communication between attorney and client, thorough investigation of the relevant facts at the beginning of the case, and courtroom presentations that focus on clear explanation of the facts and the law. John is currently the Co-Chair of the firm's Trade Secrets Practice Group

In John's most recent high-profile trial, he represented a coalition of 89 Texas school districts in major litigation related to the adequacy of the school finance system in Texas. After a trial that began in October 2012 and lasted until early February 2013, District Judge John Dietz ruled in favor of the school districts. Judge Dietz held that the system has evolved into an unconstitutional state property tax and that it fails to provide school districts access to funding sufficient to provide a constitutionally adequate education. The State of Texas is expected to appeal the ruling. To read press accounts of the case and the decision, click here, here, and here. To read the text of Mr. Turner's closing argument in the case, click here. For the exhibits used in the closing, click here.

Earlier in 2012, John represented the Halliburton Company in a trade secrets dispute involving a former employee and the competing oilfield tools company he founded. In a trial lasting almost two weeks in state district court in Dallas, John convinced the twelve-person jury to return a unanimous verdict in favor of Halliburton on all counts. The jury also voted to award damages to Halliburton in the amount requested. The case is currently on appeal.

Some of John's other recent engagements include representation (together with other law firms) of a large semiconductor manufacturing company in a multi-hundred-million dollar trade secrets dispute; prosecution of claims on behalf of dozens of investors victimized by a major ponzi scheme; representation of a mid-size biotechnology company in contract litigation with a large pharmaceutical company; and defense of a hotel resort development company sued by a prospective co-developer.

Public interest and governmental entity representation have also played a large role in John's practice. In addition to the recent Texas school funding litigation, John was part of a team that represented a coalition of more than thirty Texas cities, including Dallas and Houston, challenging the proposed construction of a number of new coal-fired power plants across Texas in 2004. John also represented the Deep East Texas Council of Governments in relation to relief funding for Texas cities and towns victimized by Hurricane Ike.

Unofficial copy Travis Co. District Clerk Velva L. Price

John graduated from Harvard College in 1997 and obtained his law degree from Yale Law School in 2000. While in law school, he won the Thurman Arnold Prize as the best oral advocate in the school's moot court competition. Before joining Haynes and Boone in October 2008, Turner was a partner in the firm of Susman Godfrey LLP, where he practiced since 2001. In 2000-2001, he served as a law clerk for the Honorable Lee H. Rosenthal of the United States District Court for the Southern District of Texas.

John is admitted to practice in the Texas bar, before the United States District Courts for the Northern and Southern Districts of Texas, and before the Fifth and Tenth Circuit Courts of Appeal. He has been recognized by *Texas Monthly* as a "Rising Star" in the Texas legal profession on numerous occasions, and was named one of "Houston's Best Lawyers Under 40" by *H Texas* magazine.

Mark Trachtenberg

mark.trachtenberg@haynesboone.com

Mark Trachtenberg's ability to craft a "big picture" legal strategy from the inception of litigation through the final appeal has led to his involvement in some of the most complex and high-stakes litigation in the state, including a current challenge to the Texas school finance system and an appeal of a $3.6 billion bankruptcy plan of reorganization in the Fifth Circuit. Because of his role as the architect of the successful 2005 challenge to the state's school finance system, he was profiled in the cover article of the *2010 Texas Super Lawyers* magazine - Rising Stars Edition.

Mr. Trachtenberg, a Yale Law School graduate, excels at collaborating with trial counsel to win during the trial phase through dispositive motions, challenges to the opposing party's expert testimony, jury charges, trial briefs, and post-trial motions. In the appellate courts, Mr. Trachtenberg identifies, develops, and presents his clients' most persuasive arguments.

Mr. Trachtenberg, who is board certified in civil appellate law by the Texas Board of Legal Specialization, has helped his clients achieve a successful resolution of their disputes in a wide range of matters, including the following representative examples:

- Persuaded the Texas Supreme Court to strike down the Texas public school finance system on constitutional grounds. This decision was the culmination of a four and one-half year effort, including a previous successful appeal to the Supreme Court and a successful five-week bench trial upon remand.
- Obtained reversal from the Texas Supreme Court of a $14 million products liability judgment arising out of a fire because the plaintiffs' expert's causation testimony was scientifically unreliable.
- Persuaded the Fifth Circuit Court of Appeals to dismiss, on equitable mootness grounds, the appeal of a $3.6 billion bankruptcy plan of reorganization.
- Persuaded the San Antonio Court of Appeals (1) to affirm an approximately $50 million judgment in favor of our client, and (2) in a cross-appeal, to reinstate the jury's $7.5 million punitive damages award that the trial court had declined to incorporate into the judgment. Also persuaded the Texas Supreme Court not to grant any further review.
- Persuaded Texas Supreme Court to reverse class certification in a suit where appellees were authorized to represent a class of hundreds of thousands of Texas-based music club members who sought recovery of the late fees they had paid on their compact disc purchases.
- In a real estate partnership dispute, assisted plaintiff's trial counsel with post-trial briefing and formation of judgment issues in connection with the entry of $54.6 million judgment in favor of

of Texas

Judicial Clerkships

our client.

- Persuaded a federal district court to vacate an arbitrator's award of punitive damages against our client.
- Persuaded a trial court, through a motion for judgment notwithstanding the verdict (JNOV), to set aside a jury's multi-million dollar verdict and enter a take nothing judgment in a real estate dispute involving claims for breach of contract, fraud and breach of partnership duties.
- Obtained dismissal of an accelerated appeal and related petitions for writs of injunction and mandamus in oil and gas dispute.

Mr. Trachtenberg has written and spoken on a wide variety of topics, with a recent focus on arbitration issues.

Mr. Trachtenberg heads the Houston office of the firm as its Administrative Partner.

Adam H. Sencenbaugh

adam.sencenbaugh@haynesboone.com

Adam Sencenbaugh has tried more than 20 cases to jury verdict. He represents clients in general civil litigation matters in federal court, state court, the State Office of Administrative Hearings ("SOAH"), and various state administrative agencies. His cases cover a range of complex commercial litigation, including environmental litigation, trademark disputes, employment litigation, government contract controversies, and general tort matters. Adam has also defended against the potential disclosure of confidential commercial information by governmental agencies under the Freedom of Information Act, Texas Public Information Act, and related state law requests. While working at Haynes and Boone, Adam served as a Volunteer Prosecutor for the City of Houston, where he prosecuted thousands of misdemeanor cases for the State of Texas. Prior to joining the firm, Adam completed a federal district court clerkship and served as an intern in the United States Attorney's Office for the Western District of Texas in Austin.
