CAUSE NO. D-1-GN-11-003130

TEXAS TAXPAYER & STUDENT FAIRNESS COALITION, et al., Plaintiffs,	§ § §	IN THE DISTRICT COURT OF
VS.	§ §	TRAVIS COUNTY, TEXAS
MICHAEL WILLIAMS, Commissioner of Education, et al., Defendants.	§ § §	200 <sup>TH</sup> JUDICIAL DISTRICT

**AFFIDAVIT OF RICHARD E. GRAY, III**

STATE OF TEXAS §  
§  
TRAVIS COUNTY §

Before me, the undersigned authority, personally appeared on this day RICHARD E. GRAY, III, who, after being by me duly sworn on oath, deposed and said:

1. "My name is Richard E. Gray, III. I am over the age of 18 years of age and am fully competent to testify to the matters stated in this affidavit. I have personal knowledge of the facts and statements contained in this affidavit, and each of them is true and correct.

2. I am a member of Gray & Becker, P.C. in Austin, Texas and have been practicing law in Texas for more than 33 years. This affidavit is submitted on the issue of attorney's fees for the Texas Taxpayer & Student Fairness Coalition, et al. Plaintiffs. I have tried many complicated and document-intensive cases involving many different issues including constitutional issues, and including the first four cases involving Texas public school finance, known as Edgewood I, Edgewood II, Edgewood III, and Edgewood IV. I was lead counsel for the Texas Taxpayer & Student Fairness Coalition, et al. Plaintiffs in this litigation. I testified via affidavit as the attorney's fees expert for the plaintiffs in *West Orange Cove II*. I have represented the State of Texas in numerous matters over the years both in my capacity as former

Executive Assistant to Attorney General Mark White and thereafter in an outside counsel capacity.

3. I have practiced law in Travis County since September of 1980. I am familiar with the reasonable and customary rates, charges, and costs for legal services in Austin, Texas for cases similar to this one. My experience and qualifications are set forth in more detail in my resume which is attached to the affidavit as Exhibit "A". The resumes of my co-counsel, Toni Hunter and Richard E. Gray, IV, are attached as Exhibit "B" and Exhibit "C". The resumes of my co-counsel, Randall B. Wood and Doug W. Ray, are attached as Exhibits "D" and "E". I am very familiar with the experience and qualifications of Ms. Hunter, Mr. Gray, IV, Mr. Wood, and Mr. Ray.

4. In forming my opinions, not only have I relied on my personal knowledge having attended every day of trial and personally participated in much of the discovery in this matter, but I have further reviewed the pertinent pleadings, the attorneys' time records for the Texas Taxpayer & Student Fairness Coalition Plaintiffs, and I have given substantial thought to the appropriate fee in this matter. I am very familiar with the work that was necessary to prepare and try this case, and I am also familiar with the work that will be necessary to handle an appeal of this case.

5. The Texas Taxpayer & Student Fairness Coalition Plaintiffs consist of 443 independent school districts located throughout Texas. This case was originally filed on October 10, 2011. The preparation of this case for trial involved, among other things, meetings and interviews with scores of witnesses and client employees; the review, analysis, and production of an extremely large volume of client documents; the review and analysis of an extremely large volume of documents produced by the State Defendants; the review and analysis of many expert

reports; the assistance of numerous expert witnesses, written discovery, and depositions of more than 90 factual and expert witnesses. The trial lasted 45 days during which 80 witnesses testified in person and more than 5,500 exhibits were admitted into evidence. The trial was conducted in a “paperless” fashion, which meant that thousands of documents had to be imaged, managed, and presented electronically at trial. The trial was “fast tracked” which necessitated multiple attorneys’ involvement and the involvement of legal assistants.

6. The time records of Gray & Becker counsel for the Texas Taxpayer & Student Fairness Coalition Plaintiffs are attached to this affidavit as Exhibit “F”. I believe the rates set forth in the attached time records being \$450.00 an hour for Richard E. Gray, III, \$325.00 an hour for Toni Hunter, and \$175.00 an hour for Richard E. Gray, IV are reasonable and customary rates in Travis County, Texas for the level of experience of the lawyers doing the work and the complexity of the case. I am also familiar with the level of experience of any additional attorneys reflected in the time records and it is my belief that the rates charged for said work is reasonable given the level of experience of the individuals performing the services within Travis County, Texas. The number of hours expended by the attorneys listed above and reflected in Exhibit “F” were reasonable and necessary for the complexity of the case. The legal assistant primarily assigned by Gray & Becker to work on this case was Susan Jennings. Ms. Jennings has worked with Gray & Becker in excess of 20 years and has worked on many large document-intensive cases. She is very familiar with managing large document productions, drafting pleadings, and doing things that a lawyer would otherwise have to do. I have carefully reviewed the time records of Gray & Becker attached as Exhibit “F” and adjusted the billings for Ms. Jennings to no-charge any billing that I felt was not substantive legal work done under the direction of an attorney. Ms. Jennings’ rate of \$100.00 an hour is reasonable and customary for

the work of a legal assistant of her experience in Travis County and the hours that are billed by Ms. Jennings in the attached Exhibit "F" were in my opinion reasonable and necessary.

The total amount reflected on the attached Exhibit "F" for attorney's fees of Gray & Becker in the representation of the Texas Taxpayer & Student Fairness Coalition is \$1,499,171.75, all of which I believe to be reasonable and necessary.

The time records of Ray & Wood, co-counsel for the Texas Taxpayer & Student Fairness Coalition Plaintiffs are attached to this affidavit as Exhibit "G". I believe the rates set forth in the attached time records (Exhibit "G") being \$375.00 an hour for Randall B. Wood and \$375.00 for Doug Ray are appropriate rates in Travis County, Texas for the level of experience of the lawyers doing the work. I am also familiar with the level of experience of Mr. Ray and Mr. Wood and know them to be outstanding lawyers in their own capacity. The total amount reflected on the attached Exhibit "G" (the billings of Ray & Wood) is \$87,435.00 and I am of the opinion that all of that was reasonable and necessary in the prosecution of this matter.

I estimate that an additional \$10,000.00 in recoverable fees will be incurred through the end of February 2013 in connection with finalizing the findings and conclusions requested by the Court.

In my opinion, taking into consideration the factors set forth in Rule 1.04 of the Texas Disciplinary Rules for Professional Conduct and the factors set forth in *Arthur Andersen & Co. v. Perry Equipment Corporation*, 945 S.W.2d 812, 818 (Tex. 1997), the fees set forth in Exhibits "F" and "G" are reasonable and necessary. More specifically, I have taken into consideration the novelty and difficulty of the questions involved, the significance of the issues involved, the fee arrangement with the clients, the skill required to perform the legal services, the time limitations imposed by the circumstances, the experience, reputation, and ability of the attorneys, the benefit

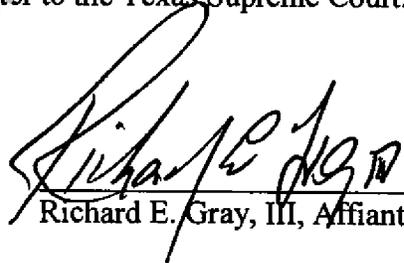

conferred and the time and labor required. Based on all of these and all of the factors set forth in Rule 1.04 of the Texas Disciplinary Rules of Professional Conduct and the *Arthur Andersen* factors, it is my opinion that all of the services rendered by counsel for the Texas Taxpayer & Student Fairness Coalition Plaintiffs in the prosecution and trial of this case were necessary and the amount of time spent and rates charged for such services (as reflected in the time records) are reasonable and that a reasonable and necessary fee for the Texas Taxpayer & Student Fairness Coalition Plaintiffs for the prosecution of this matter by Gray & Becker is \$1,509,171.75 (the amount reflected in Exhibit "F" plus \$10,000.00) and that a reasonable and necessary fee for the Texas Taxpayer & Student Fairness Coalition Plaintiffs for the prosecution of this matter by Ray & Wood is \$87,435.00 bringing the total fee that I believe to be reasonable and necessary for the prosecution of this matter by the Texas Taxpayer & Student Fairness Coalition to be \$1,596,606.75.

7. I am, however, aware of the Supreme Court decision in *Tony Gullo Motors I, L.P. v. Chapa*, 212 S.W.3d 299 (Tex. 2006) regarding segregation of fees. The Texas Taxpayer & Student Fairness Coalition Plaintiffs had two claims set forth in their pleadings that they did not vigorously pursue and, in fact, nonsuited one prior to the close of evidence. In my opinion, virtually no time was spent in the preparation or prosecution of these claims, however, out of an abundance of caution, it is my opinion that the total bill of the Texas Taxpayer & Student Fairness Coalition for fees in the amount of \$1,596,606.75 be reduced by 5% to more than cover any time that was spent on the prosecution of the claims for which the Texas Taxpayer & Student Fairness Coalition either nonsuited or did not prevail on, any non-recoverable time and further to cover any potential duplication of effort.

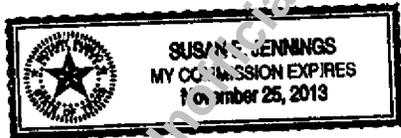

Consequently, I believe that the reasonable and necessary fee incurred by the Texas Taxpayer & Student Fairness Coalition Plaintiffs in the preparation and prosecution of this matter, after taking into consideration all of the factors set forth in Rule 1.04 of the Texas Rules of Disciplinary Procedure and the factors set forth in the *Arthur Andersen* case as well as taking into consideration the issue of segregation as set forth in the *Tony Gullo Motors* case is \$1,516,776.41.

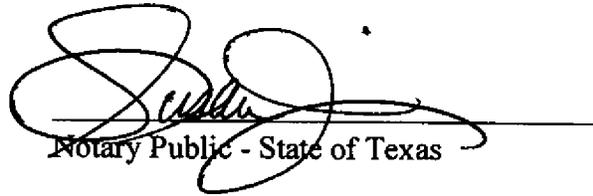

8. It is further my opinion that in the event this case is appealed directly to the Supreme Court, the sum of \$325,000.00 would be a reasonable fee for the representation of the Texas Taxpayer & Student Fairness Coalition in such appeal. If this case is first appealed to the Court of Appeals, it is my opinion that an additional fee of \$325,000.00 would be reasonable and necessary for the work at the Court of Appeals and \$100,000.00 would be a reasonable and necessary fee should the case be appealed thereafter to the Texas Supreme Court.”

Further Affiant sayeth not.
