SEC. 2. For the purpose of partially paying the amounts of the items specified herein for the Austin State Hospital, State Orphan Home, Texas School for the Blind, and Texas School for the Deaf, there are hereby appropriated the interest on all securities held by these several institutions, and any balances remaining at the end of any fiscal year in the Available Lunatic Asylum Fund, Available Orphan Asylum Fund, Available Blind Asylum Fund, and Available Deaf and Dumb Asylum Fund; and said interests and balances shall be transferred by the State Comptroller and State Treasurer to the General Revenue Fund, either annually or semi-annually. Properly to permit these transfers there are hereby appropriated out of the General Revenue Fund to the said respective available funds as appear due to said funds Twenty-six Thousand, Nine Hundred and Ten Dollars (\$26,910) for interest from August 31, 1933, through August 31, 1935, Fourteen Thousand, Three Hundred and Fifty Dollars (\$14,350) for interest accruing in the fiscal year ending August 31, 1940, and for the same purposes the sum of Fourteen Thousand, Three Hundred and Fifty Dollars (\$14,350) for interest accruing in the fiscal year ending August 31, 1941.

## GENERAL PROVISIONS

SEC. 3. The expenditure of the appropriations herein made shall be subject to the following provisions:

Annual Reports. (a) A report shall be made annually by the superintendent or head of each institution and filed with the

State Comptroller, and a copy with the Board of Control before November the first after the close of each fiscal year, giving an itemized statement of all moneys expended and the particular appropriation or fund from which said money was expended, including an itemized statement of all purchases or outstanding contracts remaining unpaid at the close of the fiscal year; also a statement showing the full amount of money received from all sources and any balances.

(b) The head of each institution or agency shall keep a record of the absences of the various employees, the reasons therefor, whether from sickness, vacation or leave of absence and incorporate this information in the institution's regular annual report made to the Board of Control.

**Printing and Stationery.** All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by said Board, except certain printing provided by law to be done by several of the State institutions. No embossed or engraved printing and stationery shall be purchased.

**Postage Stamps.** None of the money appropriated herein for postage stamps shall be spent except on warrants or checks made payable to a United States Post Office and the warrant or check shall be endorsed by the Postmaster from whom the purchase is made.

**Vacation Allowance.** Vacation of not exceeding twelve (12) working days may be allowed all of the twelve-month officers and employees provided for in this Act.

**Fireproof Buildings.** All authorized new buildings costing more than Ten Thousand Dollars (\$10,000) shall be of fireproof construction except as otherwise provided.

**Traveling Expenses.** None of these appropriations may be used for traveling outside of the State of Texas without the advance written consent of the State Board of Control, except in adjoining States in deporting nonresident inmates and returning escaped inmates to institutions. Otherwise, the State Comptroller shall apply the same rules to the approval and payment of traveling expenses of all employees except the superintendents of the eleemosynary institutions as he applies to such expenses of the State Departments. Superintendents' trips shall be as authorized by the Board of Control.

Except as herein otherwise provided, no money shall be expended for travel expenses except that specifically appropriated for said purpose; provided this limitation shall not apply to travel and transportation expenses of patients, inmates and Alabama-Coushatti Indians, of Indian Reservation and institutional employees' travel in connection with patients, inmates, pupils and Alabama-Coushatti Indians, including returning escapes, transfers, paroles, and placements of inmates and patients and transportation and travel expense of conveying Indians to and from United States Indian hospitals in Oklahoma and other hospitals or clinics in Texas, of Board of Control employees whose

salaries are paid from institutional funds, and of institutional superintendents and the Indian agent, wherein specific amounts are omitted from the itemized appropriations; and such travel and transportation expenses may be paid from support and maintenance appropriations and/or local institutional funds.

Unless otherwise specifically provided herein, it is provided that any officer or employee who travels on official State business and who uses his own car while so doing shall be reimbursed for the use of said car on the basis of the total mileage traveled during any calendar month at the following rate: Five cents (5¢) a mile for the first thousand miles traveled, four cents (4¢) a mile for the second thousand miles traveled, three cents (3¢) a mile for the third thousand miles traveled, and two cents (2¢) a mile for each mile traveled in excess of three thousand miles. Before the Comptroller shall issue any such warrant for reimbursement the said officer or employee shall file an affidavit with the Comptroller showing the point of origin and the point of destination of his trip and the mileage actually traveled. If the Comptroller is of the opinion that said officer or employee did not take the shortest practical route to the point of destination and return the Comptroller shall have the authority to compute the mileage of the shortest practical route between the point of origin and destination and return, and he shall issue his warrant in reimbursement therefor on the basis aforestated.

**Additional Employees' Compensation.** When a necessity exists for additional help at any of the eleemosynary institutions the Board of Control shall first give to the superintendent its written approval and consent for such employment, and such help may be paid out of any local institutional receipts, including pay-patient funds, or out of support, maintenance, repair and improvement appropriations. When any additional employees, other than those for which specific salary appropriations have herein been made are employed, and are to be paid out of said non-salary appropriations or any other funds, such employees shall not be paid larger amounts than those provided in the specifically appropriated salaries for similar positions in such institutions or agency, and in the event there are no similar positions within such institution then such additional employees shall not be paid larger amounts than those provided for similar positions in other State institutions, departments or agencies. In the event laborers, skilled laborers and mechanics cannot be obtained at the above mentioned salary scale, then the heads of such institutions may pay for temporary employment only not exceeding the prevailing wage scale paid in the localities where the temporary service is to be rendered. No additional employees may be hired without the written consent of the Board of Control.

**Audits.** None of the appropriations herein made shall be used for employing any firm, corporation or person, excepting persons regularly and continuously employed by the institutions or

the State Board of Control, to audit said institutions and agencies; provided, however, that if, in the judgment of the head or managing officers of any of said institutions or agencies, additional auditing is necessary and the State Auditor shall not have sufficient funds in his appropriation to make such audits, then the head or managing officers of any of said institutions or agencies may direct the State Comptroller to transfer in lump sum and add to the appropriation made for the State Auditor the amount necessary for the State Auditor to make such audits.

**Tuberculosis Sanatoria.** None of the money herein appropriated for the State Tuberculosis Sanatoria shall be used to treat any person who has not been a resident bona fide citizen of Texas for at least three (3) years; this provision shall not apply to any child born in the State of Texas.

**Perquisites of Employes.** (a) When it is provided that the family of a superintendent, officer, or employee of any of the said institutions, are permitted to live at said institution, and are to be furnished with board, fuel, lights, laundry, water, housing, or any of said items, the word "family" shall be construed to mean the immediate family of said superintendent, officer, or employee, including himself, wife and legally dependent children; and when any officer or employee is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper-accountant to charge said officer or employee with each item of provisions as furnished him, showing the price thereof; said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control, and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor. The Board of Control may authorize one of the cooks provided herein for each of the institutions to be assigned to the Superintendent's quarters.

(b) Under written direction of the Board of Control all employees may receive board, room and laundry, except when otherwise limited.

(c) In these appropriations the Legislature has provided a fairly uniform scale of salaries for similar services throughout the institutions without, however, differentiating in the amounts to be paid employees receiving, and those not receiving room, board and laundry from the State; and to prevent inequalities in salaries to those employees not receiving any or all of such perquisites it is provided that the Superintendent, upon the written approval of the Board of Control may adjust such employees' salaries out of the respective support and maintenance appropriations by not exceeding Twelve Dollars (\$12) per month each. More easily to adjust such items proper transfers from support and maintenance to salary appropriations may be made annually or more often.

Salaries and Other General Provisions. (a) All annual salaries shall be paid in twelve (12) equal monthly installments except as otherwise herein provided.

(b) If any position for which a salary is herein fixed shall not be filled then such salary shall lapse into the State Treasury. No position with a fixed salary shall be supplemented or be paid more than such specific amount out of any other funds belonging to said institution or the State; provided, that this language shall not be construed to prevent promotion or the transfer of one employee from his or her position to another position which provides a different salary, but it is specifically made the duty of the Superintendent, to transfer employees to other positions when it is possible to secure more efficiency. No salary shall be paid to any person unless such person actually discharges assigned duties. Provided that one salary at the Galveston State Psychopathic Hospital and any vocational instructional positions at the eleemosynary institutions conducting schools may be partly paid or supplemented in amounts approved in writing by the Board of Control out of Federal or State appropriations or allocations made through educational agencies.

(c) The amounts appropriated in this Act are intended to cover and shall cover the entire cost of the items, and shall not be supplemented except as otherwise provided. It is provided, however, that the Superintendents of said institutions, under the direction and upon the written approval of the State Board of Control, shall be authorized to make such changes and substitutions of any amounts appropriated for maintenance, miscellaneous items, general repairs and improvements, excepting new buildings, as may be found necessary. That all appropriations made herein for buildings and additions to buildings shall, whether specifically stated or not, include the cost of the building and all equipment therein, including furniture and utility connections; the Board of Control is authorized to supplement building appropriations at any of the institutions from any non-salary available appropriations or local funds by not exceeding eight per cent (8%) for any one building provided that the average amount of supplements for all buildings shall not exceed five per cent (5%) of all the appropriations for buildings.

(d) Each of said institutions is hereby allowed from its support and maintenance or other appropriation a small revolving or petty cash expense fund not to exceed, at any one time, Two Thousand Dollars (\$2,000) at the larger institutions and not to exceed One Thousand Dollars (\$1,000) at the small institutions for the purpose of making emergency payments and purchasing perishable products, and the amount allowed each institution shall be certified by the Board of Control. Also each institution operating small stores, industrial or occupational departments, including the Dairy Products Plant at the Austin State Hospital, are hereby allowed revolving cash expense funds out of the respective institution's industrial or occupational deposits or re-

ceipts for the purpose of making emergency expenditures necessarily incurred in connection with the institution's industrial, occupational and other necessary activities, in amounts not to exceed Three Thousand Dollars (\$3,000) at the larger institutions except not exceeding Six Thousand Dollars (\$6,000) at the Austin State Hospital's Dairy Products Plant, and not to exceed One Thousand Dollars (\$1,000) in the smaller institutions, the amount of such purposes to be certified by the Board of Control. Provided, these limitations as to amounts shall not be enforced when there is a deficit of more than One Million Dollars, (\$1,000,000) in the General Revenue Fund.
