"O Lord, our Lord, how excellent is your name in all the earth. You have been our dwelling place in all generations. Before the mountains were brought forth, or even you had formed the earth and the world, even from everlasting to everlasting, you are God. A thousand years in your sight are like yesterday when it is past, and like a watch in the night."

We come today rejoicing that we have been set apart to be the governing body of the great State of Texas. You have called and we have answered. We rejoice that so many here have accepted the awesome responsibility of leadership. As we come together celebrating many victories, we acknowledge our need for divine wisdom as we face new challenges. Today, we rejoice at the opportunity we have to again "dream dreams," and to have a "vision" of what this state can become as we do our work on the verge of a new millennium.

Open our eyes just now and enable us to see by faith that which can be, that which you desire the State of Texas to be; to discover how we can

impact our great nation, and through our nation, this world. Give us the courage not only to have a vision of what the leaders of this great state can create, but to be faithful in helping this vision to become a reality. Amen.

Amendment No. 3

Representatives Crabb and Keel offered the following amendment to **CSHB 485**:

Amend **CSHB 485** by adding the following appropriately numbered section and by renumbering the remaining sections as appropriate:

SECTION _____. Subchapter A, Chapter 51, Local Government Code, is amended by adding Section 51.004 to read as follows:

Sec. 51.004. VALIDATION OF CERTAIN ANNEXATIONS. (a) This section applies only to a tract of contiguous territory:

(1) that is purportedly annexed on or after December 1, 1997, by a municipality with a population of more than 1.6 million; and

(2) in which an election approving the annexation has not been held.

(b) The annexation of territory to which this section applies is validated, but only if a majority of the voters residing in the the territory voting at an election held for that purpose approve the validation of the annexation.

(c) The county in which the tract is located shall hold an election on the validation of the annexation of the tract by the municipality. The county judge shall order the election to be held on the first uniform election date that occurs at least 45 days after the effective date of this section.

(d) Only a registered voter residing in the tract may vote in the election. The municipality that purportedly annexed the tract shall pay for the cost of holding the election.

(e) At the election the ballots shall be prepared to permit voting for or against the following proposition: "The validation of the annexation of (name of tract) by the City of (name of city)." The county shall designate the name of the tract based on a name commonly used in the region to identify the

tract.

(f) If a majority of the votes cast at the election favor the proposition, the annexation is validated, the tract remains a part of the municipality, and another election regarding the validation of the annexation of the tract may not be held under this section.

(g) If less than a majority of the votes cast at the election favor the proposition, the annexation and any municipal utility district or other special district that served the traction on the date of the attempted annexation and that was abolished as a result of the annexation is reestablished on the date of the canvass of the election. The officers of a reestablished district who were serving on the date the tract was attempted to be annexed are the officers of the reestablished district. If an officer's term has expired, the officer shall serve until the officer's successor is qualified, and a successor shall be elected or appointed in a timely manner in accordance with the law governing the district.

(h) The municipality may not reannex any portion of a tract the annexation of which is invalidated under this section unless the reannexation is approved at an election conducted by the municipality in the area to be annexed. The reannexation may not occur unless a majority of the votes cast in the area approve the reannexation.

(i) Not later than the 10th day after the date an annexation is invalidated under this section, an arbitration panel shall be appointed. The panel is composed of:

(1) one person chosen by the municipality;

(2) one person chosen by the affirmation vote of a representative of each municipal utility or other special district serving the tract that was the subject of the election; and

(3) one person chosen jointly by the persons chosen under Subdivisions (1) and (2), or if an agreement cannot be reached on a choice, one person appointed by the county judge of the county in which the tract is located.

(j) The arbitration panel shall conduct an accounting of all expenses the municipality and each municipal utility district and other special district incurred during and immediately after the period of purported annexation, including an accounting of the assets and obligations of the special districts at the time of the purported annexation and the capital expenditures of the municipality on behalf of the tract during the time the tract was purportedly a part of the municipality. Not later than the 120th day after the date of the election, the arbitration panel shall render a decision on whether the municipality or special districts are entitled to compensation from the other.

(k) A decision of the arbitration panel is reviewable in the district court of the county under the substantial evidence rule. If the arbitrators are unable to reach a majority decision, the municipality or an affected district may file an original action for an accounting under Subsection (j) in the district court of the county in which the tract is located.

(1) Except as provided by this section, Chapter 171, Civil Practice and Remedies Code, applies to an arbitration under this section.

(m) In this section, a tract of land is considered to be located in the

county in which a majority of the area of the tract is located.

(n) If the tract is located in more than one county the county judge of each county in which the tract is located shall, under Subsection (e), call an election to be held in the part of the tract that is located in the county in which the county judge serves.

(o) If an election is called under Subsection (n) in more than one county, the county judge of the county in which a majority of the area of the tract is located shall, after the election returns to determine if the annexation of the tract is validated in the tract as a whole.

Representative Danburg raised a point of order against further consideration of Amendment No. 3 by Crabb and Keel under Rule 11, Section 3 of the House Rules and Article III, Section 30 of the Texas Constitution on the grounds that the amendment changes the original purpose of the bill.

The speaker sustained the point of order, speaking as follows:

CSHB 485 is a general validating act for municipal actions that occurred before a certain date. The amendment would establish a process by which certain municipal actions may be invalidated by a local vote. As a result, the purpose of the amendment is opposite to the purpose of the bill and would change the bill's original purpose.

Accordingly, the point of order is well-taken and sustained.

The ruling on the point of order precluded further consideration of the amendment.

CSHB 485, as amended, was passed to engrossment.

CSHB 1910 ON SECOND READING
(by Chisum)

CSHB 1910, A bill to be entitled An Act relating to the disposal or assured isolation of low-level radioactive waste.

CSHB 1910 was read second time earlier today and was postponed until this time.

Amendment No. 1

Representative Walker offered the following amendment to **CSHB 1910**:

Amend **CSHB 1910** as follows:

(1) On page 9, line 9, after the period, add the following:

The authority may contract with a private entity for use of that entity's site for disposal or assured isolation of low-level waste.

(c) Notwithstanding any other provision of law, a private entity may be licensed by the commission for the disposal of low-level waste.

(2) On page 30, between lines 10 and 11, insert the following:

(c) The acceptance of low-level waste generated by an agency of the federal government at a site owned by a private entity does not create any liability on the part of the state or any agency or officer of the state for damages, removal, or remedial action with respect to the land, the facility, or the accepted waste.

Representative Chisum raised a point of order against further consideration of Amendment No. 1 by Walker under Rule 11, Section 3 of the House Rules and Article III, Section 30 of the Texas Constitution on the grounds that the amendment changes the original purpose of the bill.

The speaker sustained the point of order, speaking as follows:

A primary purpose on the face of **HB 1910** is to prohibit the licensing of private entities for disposal of low level waste; the primary purpose of the amendment is to expressly permit the licensing of a private entity. The purpose of the amendment is therefore a direct opposite of the original purpose of the bill, which violates Article III, Section 30, Texas Constitution. (See 75 H.J. Reg. 3773 (1997).)

Accordingly, the point of order is well-taken and sustained.

The ruling on the point of order precluded further consideration of the amendment.

Amend **CSHB 1910** on page 24, between lines 16 and 17, by adding a new Subsection (c) to read as follows:
