HB 1357 ON SECOND READING

(by Holland)

HB 1357, A bill to be entitled An Act relating to Medicaid reimbursement for certain medication-assisted treatments for opioid or substance use disorder.

HB 1357 - REMARKS

REPRESENTATIVE HOLLAND: **HB 1357** fully implements the opioid treatment pilot program at HHSC for medication-assisted treatments by removing the sunset date from statute.

Amendment No. 1

Representative Davis offered the following amendment to **HB 1357**:

Amend **HB 1357** (house committee printing) by inserting the following new section to the bill and renumbering subsequent sections of the bill accordingly:

SECTION . The agency shall take the necessary steps to expand medical assistance for medication-assisted opioid or substance use disorder treatment if it determines that medical assistance reimbursement for medication-assisted opioid or substance use disorder treatment is authorized under the American Rescue Plan Act of 2021, Public Law 117-2, § 9814. The agency shall request reimbursement from a federal agency under the American Rescue Plan Act of 2021, Public Law 117-2, § 9814 to cover current and future Medicaid expansion cost.

AMENDMENT NO. 1 - REMARKS

REPRESENTATIVE DAVIS: This is an amendment that gives us an opportunity to expand Medicaid. I know that Mr. Holland's bill is trying to keep Medicaid open to some and this amendment opens it up to everyone who is eligible for Medicaid. The state has an opportunity to receive as much as \$5 billion to provide care for indigent folks in our state. Today, 41 states have expanded Medicaid. Texas has the highest percentage of uninsured among its population, with about four million people uninsured in Texas. Texas should fully embrace Medicaid expansion so that we can provide coverage for as many citizens as we can. Again, this is an opportunity for Texas to support all of its citizens and provide health care for them.

REPRESENTATIVE REYNOLDS: Representative Davis, you just said that if Texas expanded Medicaid, that we would receive approximately \$5 billion. It is my estimate—I've done some research—it's about \$5.4 billion annually, is that not correct?

DAVIS: That is my understanding. And that is the amount of money that Texas is missing out on to provide health care coverage for folks in the State of Texas.

REYNOLDS: And you also stated that 41 states had already expanded Medicaid. Is that not correct?

DAVIS: It is my understanding that 41 states have already expanded, including D.C. This is an opportunity, Representative Reynolds, for the State of Texas to commit to covering indigent folks with health care. We should not want them to have to go to the emergency room for health care.

REYNOLDS: In fact, if we expand Medicaid, we're going to help insure about one million Texans. Is that not correct?

DAVIS: That's correct.

REYNOLDS: And as you stated, unfortunately, Texas has the highest number of uninsured in the country. Is that not correct?

DAVIS: That's correct.

REYNOLDS: So we're dead last in insuring people in this country, is that correct?

DAVIS: That's correct. And again, this bill is providing care for some. My amendment just says we ought to provide health care for everyone that needs health care. That's what this amendment does—it opens it up. We're repealing it so that we can continue to cover those that are getting opioid treatment. I think that's fine. I think that makes sense. But I think it makes even more sense that we would be covering everyone who needs health care through this expansion program, and it allows us to also pull down federal dollars to provide their care.

REYNOLDS: Representative Davis, I've done a little research on this Medicaid expansion since it was adopted by former President Barack Obama, also known as Obamacare or the Affordable Care Act. Are you aware that other red states now—including Kentucky and other states—have adopted Medicaid expansion? We're now just one of 10 states that haven't done it.

DAVIS: And the reason they're doing it, Representative Reynolds, is simple. They know that in order for their state to be healthy they need health care. This health care insurance through Medicaid will prevent our hospitals from being bogged down in emergency rooms. They can get health care before they get seriously ill. We've got folks in Texas who have an income under \$20,000. We need to make sure we don't leave these people behind as we try to grow and improve the quality of life in our state. That's what this amendment does. It just opens up and provides health care for those who are not covered currently.

REYNOLDS: Representative Davis, I'm very concerned—and I hope people are paying attention. This is literally a matter of life and death. Would you agree with me that there are people who have preventable diseases and illnesses and if they had access to health care, they could possibly extend their lives? Is that right?

DAVIS: I agree, Representative Reynolds. It's unfortunate that the house continues to ignore all of the citizens in the state and only deals with a small segment of it. This opportunity comes again before us to say we want to do better by all Texans. This amendment just allows us to expand health care to those who currently don't get it, but are eligible for Medicaid if we would expand it to the furthest degree. Again, this is an opportunity for us to create a healthier society in Texas by providing health care for them.

REYNOLDS: We've talked about the health component of it, which is the most important because we can't put a price tag on people's health, but what about the economic impact? We're talking about \$5.4 billion. That is going to help stimulate our economy and create more jobs. Wouldn't you agree?

DAVIS: I agree that any time you put \$5 billion into the economy it has to have a positive impact, and that's what this does. Not only do we take care of the people in Texas, but we also create an economic impact that's beneficial to the State of Texas, our doctors, and our medical facilities. So it's a win-win for everyone.

REYNOLDS: I have a few more questions. It's my understanding from my research over the years that the chambers of commerce—they're in favor of Medicaid expansion. Are you aware of that? Are you aware that numerous chambers of commerce are in favor of Medicaid expansion because of the economic impact that it would have on Texas?

DAVIS: The chambers of commerce and also our medical facilities. They realize the value of this influx of money to provide health care for folks who will show up in their emergency rooms. So this is an opportunity for us to do something for Texans. We keep ignoring that we ought to be here for the people. For some reason we keep thinking, "It's the next bill, it's the next bill." We've denied health care to so many folks that we could have covered if we had been interested enough in the whole of communities in the State of Texas and not just a few.

REYNOLDS: And Representative Davis, finally, have you heard that our rural hospitals—and those people in the rural areas ought to be particularly aware of this—rural hospitals in the state are closing down because they lack Medicaid expansion. Have you heard that?

DAVIS: I have heard that.

REYNOLDS: And are you familiar that rural hospital associations—there's been numerous doctors and medical associations—they're all in favor of Medicaid expansion. Are you aware of that?

DAVIS: I am aware of that. I've had many health care providers say that should be an easy thing for us to do in the State of Texas—to expand Medicaid. I don't know why we, as a state, would jeopardize our citizens health and our facilities by not taking on this extra economic benefit to the citizens of the State of Texas.

REYNOLDS: Representative Davis, I have one last question for you. Do you know who the biggest benefactors are of us—Texas—not expanding Medicaid? Do you know who the biggest benefactors are?

DAVIS: I think any time we invest in Texas and our people, Texas benefits from that. I know the health care community will benefit from that; I know our children will benefit from that. You know, we talk about caring about people, but when it's time for us to do something, we don't do it. Five billion dollars coming into our state covering a million people—what are we waiting on? This is an opportunity.

REYNOLDS: And Representative Davis, the biggest benefactors are other states that are receiving these federal dollars so that \$5 billion does not come to Texas. It's going to other states. Thank you for this amendment. I fully support it. This is fiscally conservative, it stimulates our economy, and it helps save lives.

REYNOLDS: Representative Davis' amendment would help to insure approximately one million Texans that are currently uninsured. Texas has the distinction of being dead last with the highest number of uninsured. That should be unacceptable, and not just from a health care standpoint.

There are people who are literally dying every single day because they don't have access to health care—people that could be getting treated for diabetes, people that could be getting treatment for cancer, and other illnesses that only go to the emergency room when they're stage IV and the doctor says, "Hey, I can only make you comfortable. If only you came to me years earlier, we could've put you on a treatment plan." But you didn't have health care, so you didn't do it. You couldn't get the mammograms, you couldn't get the CAT scans, you couldn't get the MRIs because you can't pay the tens of thousands of dollars. So when you were almost on your death bed at the emergency room, where they had to treat you, only to find out now that you can't get treatment.

This amendment, members, makes sense from a health care standpoint. We're now one of 10 states that has not expanded Medicaid. When are we going to get serious about taking care of health care? That health care is not just a privilege for the well-to-do middle class, but a right that everyone should have. When people are healthy, they are more productive citizens, they contribute more. This amendment would ensure that we are receiving \$5.4 billion annually. For anyone that cares about the economic impact, that alone should be enough for us to make sure that we are with other states that expanded Medicaid. And I get it. I get that it's a partisan issue. Unfortunately, people have made it a partisan issue, but you can provide a Texas solution. Other states that have implemented it have done it according to their state. We can put a Texas solution on Medicaid expansion so we can get that \$5.4 billion annually, so that we can stop closing down rural hospitals, so that we can insure people and save lives. It's fiscally responsible and it helps save lives. If this money doesn't come to Texas, it'll continue to go to other states.

I think this is a great amendment. I think this makes us fiscally responsible, it helps create more jobs, it helps out our economy, and it helps to make sure people, more importantly, have access to quality health care in this state. I ask for your favorable consideration of Representative Davis' amendment.

REPRESENTATIVE HOLLAND: This bill is about a pilot program that was very successful at HHSC. We're removing the sunset date and continuing the pilot program for opioid treatment in response to the opioid crisis. This is not about the expansion of Medicaid. Ms. Davis did not come talk to me about that. I oppose the amendment and I ask you to vote no on this amendment.

DAVIS: Representative Holland, are you aware that there are four million people uninsured in Texas?

HOLLAND: I take your word at that, Ms. Davis.

DAVIS: Are you aware that we could potentially get \$5 billion into the state, as the economic booster provides expanded Medicare for these individuals?

HOLLAND: I'm not advised. That's not what this bill does.

DAVIS: No, this bill as I understand it, you're repealing the date that says that you're going to continue to treat opioid patients with Medicaid. Is that correct?

HOLLAND: For this certain pilot program, the HHSC?

DAVIS: That's what this bill does. I just want to make sure I'm clear that you're just repealing the date to extend Medicaid longer to a certain class of people? Is that correct?

HOLLAND: For the people who participated in the medication-assisted treatment program—currently open access is permitted for these drugs in the Medicaid program, just like many other prescriptions available today to Texans.

DAVIS: So it's for a certain class of people who take certain medicines, is that correct?

HOLLAND: People who use these to combat their opioid addiction.

DAVIS: My amendment suggests that is it not appropriate for us to look at other folks that it could cover?

HOLLAND: We're about to take a vote on it.

DAVIS: Well, I understand we're taking a vote on it, but I mean, do you think that we would benefit as a state to cover these four million people?

HOLLAND: I greatly respect your opinion on that, but I oppose your amendment, Ms. Davis.

REPRESENTATIVE TURNER: I appreciate you bringing this amendment. I just want to make sure that the body understands what this vote is. In essence, your amendment says that Texas has the ability to draw down additional federal dollars that are rightfully ours and that without affirmative decision by this house, we will continue to leave on the table in Washington. Is that right?

DAVIS: That's correct.

TURNER: And is it correct that you are bringing this amendment before us today because we are losing more than \$5 billion a year in federal dollars that rightfully belong to the people of Texas, but the legislature has not acted, therefore we are losing those dollars?

DAVIS: That's correct. We always talk about bringing our Texas dollars back to Texas, but in fact, in this instance, we are leaving \$5 billion in D.C. and not bringing it home. We are leaving a community behind that could be utilizing health care that they are not getting because they can't afford it.

The other thing I will just tell you is that we shouldn't have to have our communities drugged out before we can get coverage. I have supported the mental health legislation. I have supported the fentanyl, opiate—I support those folks getting health care. Why can't we support other people—get the same access to health care? Do they have to be drugged out? Can they just be old? Can they just be poor? Can they just have more children that need special care because they have issues? Why are we willing to leave communities behind when we have an opportunity to not only provide health care, but get the money to pay for it—\$5 billion?

TURNER: I quite agree, Representative Davis. Would you agree this is especially important for Texas because Texas continues to lead the nation in both the number of uninsured and the percentage of uninsured?

DAVIS: That's correct. That's what is disappointing because we say we are the number one state and we are willing to leave our communities behind—other communities behind. I would hate to think that we have to all be on some level of drugs before we can provide health care. We have done mental health care because we see the need. We have done these other kinds of programs because we see a need. What is the most basic need? All those that are left behind. Why wouldn't we want to cover them? So again, this is an opportunity for Texas to show up and say they are committed to the citizens of this state, whether they are poor, whether they're mentally—whatever, to provide health care for them. This opportunity exists today. And I will tell members, this is not partisan. This is not partisan. This is people from all walks of life who deserve health care.

TURNER: Representative, I am glad you made that point because isn't it true, as Representative Reynolds said, 40 other states have expanded Medicaid and many of those are either completely republican-controlled states, or a mixture of republican and democratic control, isn't that correct? They made a decision to do that for their people?

DAVIS: That's correct. And let me mention that when we have discussed any other health care, we hadn't talked about whether it was the red communities or the blue communities. We talked about citizens needing health care because of issues that are going on with them. This is the same notion here. They are Texans who need health care. That's what we should be providing. We have an opportunity, we have resources available, and most of all we can help our health care facilities. That infusion of cash would be great for them because they are going to see these patients in the emergency rooms and that care is much more expensive than other care.

TURNER: And Representative Davis, isn't it correct that if your amendment passes, the Texans we will be helping the most are working Texans who simply don't have health insurance through their jobs for whatever reason, but don't qualify for our existing Medicaid program? So they are caught in this black hole where they just can't get insurance under the existing options. Your amendment would give them a new option to get health care, is that right?

DAVIS: That is correct. That is what this amendment is about: taking care of Texans, and doing it in a way that we don't leave anybody behind—to the extent that we can do this and we can take care of four million people and get the money to take care of them. Why are we hesitating to do that? I can tell you that if this was on any other initiative—if it was transportation, we would take the money. We would take the money. How can we not take the money for health care?

TURNER: I appreciate the bill author's comments about what his bill is about. I support his bill as I imagine you do too. The bill being about opioids, in part—isn't it true that many people, if not most, the way they get addicted to opioids isn't because they are wanting to use drugs, it's because they have a health condition that is painful and causes them pain. They're prescribed an

opioid to deal with the pain, and if they had better health care on the front end, maybe their condition wouldn't result in such chronic pain down the road and they wouldn't even need to be prescribed that opioid. Isn't that correct?

DAVIS: That's correct. That's my thought—that we can be in front of these issues instead of behind them. I don't oppose his bill, he is just extending it because the need is still there. I'm just suggesting that we extend it to everyone. Give them the opportunity to have health care as we are doing for these patients.

TURNER: Absolutely, thank you.

HB 2073 ON SECOND READING **(by Price, Metcalf, Hefner, and Dean)**

HB 2073, A bill to be entitled An Act relating to the recovery of fuel and purchased power costs by electric utilities.

Amendment No. 1

Representative Price offered the following amendment to **HB 2073**:

Amend **HB 2073** (house committee printing) as follows:

(1) On page 1, line 13, between the period and "The rules must ensure", insert the following:

The rules ~~[procedures]~~ must require that~~±~~

~~[(1)]~~ the findings required by Section 36.058 regarding fuel transactions with affiliated interests be ~~[are]~~ made in a fuel reconciliation proceeding or in a rate case filed under Subchapter C or D.

(2) On page 1, line 16, strike "; and" and substitute "and that the commission determines are eligible";.

(3) On page 1, strike lines 17 through 21 and substitute the following:

(2) the total of the utility's eligible electric fuel and purchased power costs, including any under-collected or over-collected amounts to be recovered through an interim fuel adjustment, is allocated among customer classes based on actual historical calendar month usage;

(3) any material balance of amounts under-collected or over-collected for eligible electric fuel and purchased power costs is collected from or refunded to customers through an interim fuel adjustment:

(A) not later than the 90th day after the date the balance is accrued;
or

(B) if the adjustment would result in a total bill increase of 10 percent or more compared to the total bill in the month before implementation, not later than a date ordered by the commission which must be after the 90th day after the date the balance is accrued; and

(4)~~±and~~

[(2)] an affected party will receive notice and have the opportunity to request a hearing before the commission.

(4) On page 1, line 22, strike "(c) Notwithstanding Subsection (b)" and substitute "(c) Notwithstanding Subsection (b)(3)".

(5) On page 2, lines 1 through 6, strike "the commission by order may direct the utility to adjust the utility's fuel factor to defer recovery to take place over a period not to exceed two years, with the utility receiving on the balance during the recovery period a return set at the utility's most recently established weighted average cost of capital set in a base rate case." and substitute the following:

the commission may approve an interim fuel adjustment that would defer recovery to take place over a period longer than 90 days [The commission may adjust a utility's fuel factor without a hearing if the commission determines that a hearing is not necessary. If the commission holds a hearing, the commission may consider at the hearing any evidence that is appropriate and in the public interest].

(6) On page 2, line 7, strike "(d)" and substitute "(d)".

(7) On page 2, line 11, strike the underlined period and substitute the following:

~~[The commission shall render a timely decision approving, disapproving, or modifying the adjustment to the utility's fuel factor].~~

(8) Strike page 2, line 12, through page 3, line 2, and substitute the following:

(e) A customer of the electric utility, a municipality with original jurisdiction over the utility, or the office may protest a fuel factor or interim fuel adjustment proposed under this section. The prudence of costs may not be considered in a fuel factor or interim fuel adjustment proceeding and may only be considered in a fuel reconciliation proceeding under Subsection (h) or another appropriate proceeding ~~[The commission by rule shall provide for the reconciliation of a utility's fuel costs on a timely basis].~~

(f) The sole issue that may be considered on a protest of a fuel factor under Subsection (e) is whether the factor reasonably reflects costs the electric utility will incur so that the utility will not substantially under-collect or over-collect the utility's reasonably stated fuel and purchased power costs on an ongoing basis. The commission may adjust the utility's fuel factor based on its determination on that issue.

(g) The commission shall hold a hearing on a protest of an interim fuel adjustment under Subsection (e) if the adjustment would result in a total bill increase of 10 percent or more as described by Subsection (b)(3) or if the adjustment results from extraordinary electric fuel and purchased power costs as described by Subsection (c). In response to a protest of an interim fuel adjustment, if the commission finds that the electric utility is in a state of material under-collection or over-collection of the utility's reasonably stated eligible fuel and purchased power costs and is projected to remain in that state on an ongoing basis, the commission shall order the utility to establish or modify an interim fuel adjustment to address the under-collection or over-collection in a manner consistent with this section.

(9) On page 3, line 3, strike "(f)" and substitute "(h)".

(10) On page 3, strike lines 12 through 17 and substitute "change may be incorporated into an interim fuel adjustment as directed by the commission."

(11) Strike page 3, line 18, through page 4, line 8.

(12) On page 4, strike "[(f)]" and substitute "(i)".

(13) On page 4, strike lines 11 through 17 and substitute the following appropriately numbered SECTION:

SECTION _____. The first time an electric utility applies to reconcile the utility's fuel costs and purchased power costs under Section 36.203(h), Utilities Code, as added by this Act, after the Public Utility Commission of Texas adopts the rules required to implement that subsection, the electric utility shall include in the application any period that has not been addressed in a previous reconciliation proceeding.

On page 2, line 6, strike "as an inquiry" and insert "[~~as an inquiry~~]"

Amendment No. 1 was adopted.

HB 5010 - REMARKS

REPRESENTATIVE FLORES: Representative Schofield, my understanding is that you were trying to create an opportunity for folks who have a cognizable individual interest in, or a connection to, a legal matter before they're allowed to bring a grievance against an attorney. Is that correct?

REPRESENTATIVE SCHOFIELD: That's correct.

FLORES: I had talked to you about perhaps allowing that to be changed to somebody who has personal knowledge of a legal matter, such as a judge or maybe some other attorneys that are peripherally involved, or maybe even the staff at the courts. Would this prevent other folks from being able to bring a grievance against an attorney? Would this mean that other people, who have knowledge of some unethical behavior against an attorney and that are not a part of the actual case or legal matter, would they be prevented from filing a grievance against an attorney?

SCHOFIELD: Yes. The issue is, over the last few years, grievances have become weaponized. Not just here, but across the country. We had, in New York, a group that just kept going out and filing grievances against prosecutors for cases they had nothing to do with because they don't like prosecutors and they don't like criminal law. So the purpose of the bill is to make sure the person filing the

grievance actually has an interest in the case. Now, it's not limited to just the client; it could be somebody in close connection to it. And you and I had discussed, as we go forward with the bill, working on something maybe to allow the judge or a lawyer involved in the case to participate. I'd be more than happy to work with you on that as we go forward.

FLORES: Okay, so we can work on something perhaps on the senate version to perhaps broaden this a little bit, but not so much that it would be not acceptable to you. Is that correct?

SCHOFIELD: Yes, ma'am. And I commit to you I'll work with you on that.
