Section 1. Subsection A, Section 3, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Article I, Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon's Texas Civil Statutes), is amended to read as follows:

"A. The membership of said Retirement System as an appointive officer or employee of any department, commission, institution or agency of the State Government of the State of Texas shall be composed as follows:

"1. All persons who on the effective date of this Act are members of the Employees Retirement System of Texas shall continue to be members of this System subject to the provisions of this Act. The following persons shall, however, not be eligible for participation in the Retirement System:

"1. Persons who are covered by the Teachers Retirement System or the Judicial Retirement System of the State of Texas.

"2. Persons employed on a piece-
work basis or operators of equipment or drivers of teams whose wages are included in the rental rate paid the owners of said equipment or team.

"3. Employees who are employed in a position normally requiring less than eighty (80) hours per month.

"Notwithstanding any other provisions of this Act, it is expressly provided herein that the Texas Public Employees Association of Texas shall be designated as a State agency, for retirement purposes only. This Association was formed and supported by contributions of employees of the State of Texas for the purpose of increasing efficiency in the State Government and therefore it is further expressly provided herein that the employees of this Association shall be members of the Retirement System and as such shall be governed by the same restrictions, privileges, and benefits as other employee members."

Sec. 2. Section 4, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Article I, Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon's Texas Civil Statutes), is amended by amending Subsection G and adding a Subsection H to read as follows:

G. Credit for Military Service. During the time the United States was or is involved in organized conflict whether in a state of war or a police action involving conflict with foreign forces or for reason of a crisis within this country, time spent by a member of the Employees Retirement System in the Armed Forces of the United States of America as a direct result of having been drafted, conscripted, and/or enlisted shall count toward creditable service, provided, however, that the time so credited shall be limited to three (3) years and further provided that such service shall not be credited unless the member enters into such service directly from State employment without other intervening employment and further that said member contributes to the Employees Retirement System a sum equal to the number of months in active service as set forth herein times the rate of his last contribution prior to entering such service. The funds so contributed shall be deposited in the State Accumulation Fund. Any person employed or holding an elective State office who enters directly into military service prior to the establishment of the Retirement System either by induction or by enlistment shall be entitled to prior service credit for the time prior to establishment of the System. It is expressly provided herein that persons who served in the armed forces of the United States of America as set forth above and who before but at some subsequent period of time became a member of the Employees Retirement System either as an appointive officer or employee and has accumulated ten (10) years of employee service or an elective State Official and has accumulated six (6) years of elective official service shall be permitted to pay to the Employees Retirement System a sum equal to the number of months in active service as set forth herein times the rate of his pay at the beginning of membership, but such service and payment shall be limited to three (3) years and his contributions shall be deposited in the member's individual account in the Employees Saving Fund, and an equal sum for state matching from the fund out of which such person received his first compensation and such matching money will be deposited in the State Accumulation Fund. It is specifically provided that military service as set forth herein shall in no event be granted in excess of three (3) years for retirement credit beginning with the effective date of this Act, but further provided that military service previously granted shall not be reduced. The State Board of Trustees shall determine and by order define the period or periods which shall be recognized as organized conflict or crisis within the contemplation of this Act.

"H. Prior Service Credit for Legislative Employees."

"1. Any person who is employed by the Legislature, is a member of the Employees Retirement System, and has had continuous service since January, 1951, and who served as an employee of the Legislature for at least one hundred twenty (120) days each regular session from 1937
through 1949, is entitled to receive prior service credit of one year for each regular session during which he was employed from 1937 through 1949.

"2. Before an employee of the Legislature may receive prior service credit under Paragraph 1 of this subsection, he must

"(1) file a statement of the prior service he rendered during each regular session of the Legislature from 1937 through 1949; and

"(2) deposit with the statement, in a lump sum, a contribution of five percent (5%) of his earnings for each year during which he served as an employee of the Legislature during each regular session from 1937 through 1949.

"3. Contribution deposits made under Paragraph 2 of this subsection shall be placed in the depositor's account in the Employee's Saving Fund."

Sec. 3. Paragraph 1, Subsection B, Section 5, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon's Texas Civil Statutes), is amended to read as follows:

"1. The allowance for service retirement shall be computed on the basis of the average monthly compensation of the member for the sixty (60) highest consecutive months of compensation during the last one hundred and twenty (120) months of creditable service. The rate of benefits shall be based upon the following schedule:

<table>
<thead>
<tr>
<th>Years of Service</th>
<th>Rate of Benefits</th>
</tr>
</thead>
<tbody>
<tr>
<td>First ten (10)</td>
<td>1.25% per year</td>
</tr>
<tr>
<td>Next twenty (20)</td>
<td>1.50% per year</td>
</tr>
<tr>
<td>All subsequent</td>
<td>1.75% per year</td>
</tr>
</tbody>
</table>

"It is provided, however, that if the service retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-five Dollars ($75) per month then the benefits shall be increased to equal the sum of Seventy-five Dollars ($75) per month.

"It is further provided, however, that any member who retired on disability prior to September 1, 1958, will receive an increase of fifteen percent (15%) or if less than Seventy-five Dollars ($75) per month then the benefits shall be increased to equal the sum of Seventy-five Dollars ($75) per month.

"It is expressly provided that all nonoccupational disability retirements

ments and shall cease with the last day of the month preceding the month in which the beneficiary or person dies who is receiving such an annuity or allowance as provided in this Act."

"It is further provided that the rate of benefits scheduled as provided for by this Act shall be applied to all service retirement annuities payable on the effective date of this Act and previously awarded under the laws governing the Employees Retirement System as effective September 1, 1963."

Sec. 4. Paragraph 2, 3, and 6, Subsection C, Section 5, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon's Texas Civil Statutes), are amended to read as follows:

"2. Allowance on Disability Retirement--Nonoccupational, for Appointive Officers or Employees. Upon retirement for disability (nonoccupational) a member shall receive a service retirement allowance if he has attained the age of sixty (60) years, otherwise, he shall receive a disability retirement allowance computed at one and one-half percent (1 1/2%) per year of service, multiplied by the average monthly compensation for the sixty (60) highest consecutive months during his last preceding one hundred and twenty (120) months of creditable service, provided, however, that in no event will his disability retirement allowance be less than thirty percent (30%) of his average compensation so computed, nor his maximum benefit exceed sixty percent (60%) of his average compensation so computed.

"It is provided, however, that if the disability retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-five Dollars ($75) per month then the benefits shall be increased to equal the sum of Seventy-five Dollars ($75) per month.

"It is further provided, however, that any member who retired on disability prior to September 1, 1958, will receive an increase of fifteen percent (15%) or if less than Seventy-five Dollars ($75) per month then the benefits shall be increased to equal the sum of Seventy-five Dollars ($75) per month.

"It is expressly provided that all nonoccupational disability retirements
previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act.

3. Allowance on Occupational Disability Retirement for Appointive Officers or Employees.

"Upon retirement for occupational disability a member shall receive a disability retirement allowance computed at one and one-half percent (1½%) per year of creditable service multiplied by the monthly rate of compensation being paid to the member at the time of the disabling injury or disease; provided, however, that in no event shall the disability retirement allowance be less than thirty percent (30%) nor more than sixty percent (60%) of the monthly rate of compensation.

"It is provided however, that if the occupational disability retirement annuity calculated on the basis of the Rate of Benefits set forth herein is less than Seventy-five Dollars ($75) per month then the benefits shall be increased to equal the sum of Seventy-five Dollars ($75) per month.

"It is expressly provided that all occupational disability retirements previously awarded and in effect at the time this Act becomes effective, shall be reviewed, and the benefits of this Act shall be applied to each retirement; provided, however, that no person shall receive an annuity less than that being paid at the effective date of this Act.

6. Should a disability beneficiary under the age of sixty (60) years be restored to active service, his retirement allowance shall cease, he shall again become a member of the Retirement System, and the balance of his retirement reserve shall be transferred to the Employees Saving Fund and to the State Accumulation Fund, respectively, in proportion to the original sum transferred to the Retirement Annuity Reserve Fund at retirement. Upon restoration to membership, any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his membership service. Should a disability beneficiary die or be removed from the disability list for any cause other than restoration to active service, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of disability retirement exceed the annuity payments received by such beneficiary under his disability allowance, if any such excess exists, shall be paid from the Retirement Annuity Reserve Fund to such beneficiary if living; otherwise, such amount shall be paid as provided by the laws of descent and distribution of Texas unless the beneficiary has directed such amount to be paid otherwise. If the member is granted a nonoccupational disability allowance while employed by the State or on Compensation Insurance or temporary sick leave and dies while receiving this nonoccupational disability allowance and is survived by a spouse at the date of his death, and if there is no surviving spouse then only to the guardian of the dependent minor children, will be granted a death benefit as set forth under Section 5, Subsection E, Paragraph 2, a, b, c or d, whichever is applicable. Such benefit granted would be paid from the State Accumulation Fund.

"It is provided however, that if the disability beneficiary has been retired for occupational disability and should such beneficiary die while receiving such occupational disability benefits, an amount equal to the amount by which such beneficiary's accumulated contributions at the time of occupational disability retirement exceed the annuity payments received by such beneficiary under his occupational disability allowance, if any such exists, shall be paid as provided by the laws of descent and distribution of Texas, unless the beneficiary has directed such amount to be paid otherwise, and provided further, that this refund as set forth herein shall be made only if the cause of the death of the beneficiary is from or connected with the occupational injury or disability resulting in the occupational disability retirement; otherwise, the provisions above set forth in this paragraph shall apply.

"It is further provided that if the beneficiary dies while receiving an occupational disability allowance and he is survived by a spouse and if there is no surviving spouse then only to the guardian of the dependent minor children, then an additional
death benefit will be paid an amount equal to the full annual salary before the deceased appointive officer or employee at the rate of pay he was receiving at the date he was granted occupational disability. This additional benefit payment would be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death and its decision shall be final.

Sec. 5. Paragraphs 2, 3, 5, and 6, Subsection E, Section 5, Chapter 524, Acts of the 50th Legislature, 1947, as last amended by Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon's Texas Civil Statutes), are amended to read as follows:

"2. Should a member die before retirement the amount of his accumulated contributions standing to the credit of his individual account shall be paid as provided by the laws of descent and distribution of Texas unless he has directed the account to be paid otherwise.

"If such a member dies before retirement, an additional death benefit will be paid only to the surviving spouse and if there is no surviving spouse then only to the guardian of the dependent minor children. It is expressly provided that such additional death benefit herein will be paid only if the member dies and is actively employed by the State or on compensation insurance or on temporary sick leave on the date of his death and if the member is not employed by the State at the date of his death then the additional death benefit will be void and only the refund of the contributions will be paid. Such payments of the additional death benefit will be made from the State Accumulation Fund as follows:

"(a) At the date of the death of the member, an amount equal to twenty-five percent (25%) of his total accumulated contributions will be paid to the surviving spouse, and if there is no surviving spouse then only to the guardian of the dependent minor children, if such member before his death had been credited with five (5) years of service and less than ten (10) years.

"(b) At the date of the death of the member, an amount equal to fifty percent (50%) of his total accumulated contributions will be paid to the surviving spouse and if there is no surviving spouse then only to the guardian of the dependent minor children, if such member before his death had been credited with ten (10) years of service and less than fifteen (15) years.

"(c) At the date of the death of the member, an amount equal to seventy-five percent (75%) of his total accumulated contributions will be paid to the surviving spouse and if there is no surviving spouse then only to the guardian of the dependent minor children, if such member before his death had been credited with fifteen (15) years of service and less than twenty (20) years.

"(d) At the date of the death of the member who had not chosen an optional death benefit plan as provided in Subsection E, Paragraph 6, an amount equal to one hundred percent (100%) of his total accumulated contributions will be paid to the surviving spouse if such member before his death had been credited with twenty (20) years of service or more. It is provided, however, in lieu of this benefit the surviving spouse may choose the option plan in the same manner as if the member had completed the selection and, further provided, that only the spouse may make such a selection, and if there is no surviving spouse then only by the guardian of the dependent surviving minor children, and if no dependent minor children then the provisions of the preceding Subsection E, Paragraph 2, pertaining to death benefits shall apply upon death of the member.

"3. Provided, however, in the event that the death of the appointive officer or employee member is an occupational death, there shall be refunded, in addition to any other benefit or payment authorized by this Act, an amount equal to the full annual salary of the deceased appointive officer or employee member based upon his rate of pay at the time of death, but such additional refund shall be paid only to the surviving spouse, and if no surviving spouse, then payment shall be made to the guardian of the dependent minor children, if any, and provided that such additional death benefit shall be paid from the State Accumulation Fund. The Board of Trustees shall determine if the death is an occupational death, and its decision shall be final."

"5. It is provided that any member who has completed thirty (30) years
of creditable State service in Texas, may by written designation in such form as the Board of Trustees may prescribe, select a nominee and an optional allowance for retirement as set forth under the preceding, Section 5, Subsection B, Paragraph 3, providing for optional allowances for service retirement, and which selection shall become effective and payable to such nominee beginning with the month following the month in which the member died, provided, however, if such a member having completed thirty (30) years of State service in Texas failed to make a selection in the event of his death then a surviving spouse may choose the option plan in the same manner as if the member had completed the selection and further provided that only the spouse may make such a selection and if there is no surviving spouse then only by the guardian of the dependent minor children, and if no dependent minor children then the provisions of the preceding Subsection E, Paragraph 2, pertaining to death benefit shall apply upon death of the member.

"6. It is provided that any member who has completed twenty (20) years of creditable State service in Texas, but less than thirty (30) years of creditable State service in Texas, may by written designation in such form as the Board of Trustees may prescribe, select a nominee and an optional allowance for retirement as set forth under the preceding Subsection B, Paragraph 3, providing for optional allowances for service retirement, and which shall become effective and payable to such nominee beginning with the month following the month in which the member died, provided, however, that it is required that said member shall be actively employed or on temporary sick leave or on workman’s compensation at the time of his death. If such member having completed twenty (20) years of State service in Texas failed to make a selection in the event of his death then a surviving spouse may choose the option plan in the same manner as if the member had completed the selection and, further provided, that only the spouse may make such a selection, and if there is no surviving spouse then only by the guardian of the surviving minor children, and if no dependent minor children then the provisions of the preceding Subsection E, Paragraph 2, pertaining to death benefit shall apply upon death of the member.”

Sec. 6. Subsection B, Section 7, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon’s Texas Civil Statutes), is amended to read as follows:

“B. The State Board of Trustees, annually, on August 31st, shall transfer from the Interest Fund to the Expense Fund an amount as shall be determined by the Board to be necessary for the payments of expenses of the Retirement System in excess of the amount available to be paid from the Expense Fund to cover the expenses as estimated for the succeeding year. The Board, annually, on August 31st, shall transfer to the Retirement Annuity Reserve Fund from the Interest Fund an amount equal to four percent (4%) interest on the mean amount in the Retirement Annuity Reserve Fund for the year then ending. The Board, annually, on August 31st, shall transfer interest to the Employees Saving Fund at a rate not to exceed two and one-half percent (2½%) per annum on the amount in the Employees Saving Fund equal to the sum of the accumulated contributions standing to the credit at the beginning of each year of all members included in the membership of the System on August 31st of each year, and further, that such transfer of interest to said Fund shall be made before funds are transferred for Service Retirements effective August 31st of each year. The Board, annually, on August 31st, after making transfer from the Interest Fund, as above provided, shall transfer all remaining interest in the Interest Fund to the State Accumulation Fund.”

Sec. 7. Paragraph 5, Subsection A, Section 8, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon’s Texas Civil Statutes), is amended to read as follows:

“5. Expense Fund. The Expense Fund shall be the fund from which the expenses of administration and maintenance of the Retirement System shall be paid. Transfers to and payments from this fund shall be made as follows:

“(a) The Executive Secretary shall prepare annually an itemized budget
showing the amount required to defray the expenses for the ensuing fiscal year and shall submit the report to the State Board of Trustees for its review and adoption.

"(b) The State Board of Trustees as evidenced by a resolution by the Board recorded in its minutes shall transfer to the Expense Fund from the Interest Fund an amount necessary to cover the expenses as estimated for the year."

Sec. 8. Section 12, Chapter 352, Acts of the 50th Legislature, 1947, as last amended by Chapter 524, Acts of the 58th Legislature, 1963 (Article 6228a, Vernon's Texas Civil Statutes), is amended to read as follows:

"Section 12. AMOUNT OF BENEFITS; CREDITABLE SERVICE

"A. It is further provided that all service retirement annuities calculated under the laws governing the Employees Retirement System as of August 31, 1958, and payable at the effective date of this Act as well as all such annuities awarded subsequent to the effective date of this Act shall be increased on the effective date of this Act, September 1, 1967, by an additional ten percent (10%) provided that nothing herein shall be construed as an increase in the minimum service retirement annuity where the original annuity calculated at less than the minimum allowance, unless such original annuity, after the application of the ten percent (10%) increase, as provided herein, exceeds the minimum service retirement allowance provided by law; and further, provided that no member who is entitled to a service retirement shall receive as a service retirement benefit an amount which would be less than he would have been entitled to receive at the date of his retirement in an equivalent benefit calculated under the laws governing the Employees Retirement System as of August 31, 1958, and thereafter shall receive an amount as a service retirement benefit as provided herein.

"B. Nothing in this Act shall be construed as reducing the annuities or benefit allowances heretofore approved for or awarded to any person prior to September 1, 1958, in accordance with the laws relating to the Employees Retirement System in effect August 31, 1958, provided that if the Service Retirement Benefit of any such retired beneficiary is less than the minimum prescribed under Section 5, Subsection B, Paragraph 1, as applicable then, from and after September 1, 1967, such benefits shall be increased to the minimum prescribed for equivalent service as if said minimum retirement benefit was applicable on the effective date of the retirement.

"C. It is further expressly provided herein that creditable service of all members of the Employees Retirement System of Texas as accumulated by each member and granted by this System as of August 31, 1958, shall not be reduced but shall be granted and shall be effective September 1, 1958, and thereafter.

"D. It is expressly provided herein that no increase in contribution rate or benefits applicable to appointive officers and employees or retired members shall be effective on the date of passage of this Act, but shall become effective on September 1, 1967."

Sec. 9. If any section or part of any section of this Act is declared to be unconstitutional, the remainder of the Act shall not thereby be invalidated. All provisions of the law inconsistent with the provisions of this Act are hereby repealed to the extent of such inconsistency.

Sec. 10. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each house be suspended, and this Rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

The House amendment was read.

Senator Parkhouse moved that the Senate do not concur in the House amendment, but that a Conference Committee be appointed to adjust the differences between the two Houses on the bill.

The motion prevailed.
