Whereas, One of the outstanding travel publications in the country, VENTURE, is toasting Texas in its June/July 1967 issue; and

Whereas, Feature articles include "Time Out For Texas," by Arnold Ehrlich, which calls Texas a state of constant enjoyment; "San Antonio: Beyond the Alamo," by Gordon Greer, the third of a series of articles on "Surprising Cities of the United States;" "A Quiet Kind of Texas," by R. C. Phelan, which turns to the Texas pastoral scene; and "Texas: P.S. from a Native-son," by Larry L. King, who makes the comment that if the alphabet were twice as long, there'd still be words for Texas; and

Whereas, A regular section of the magazine, entitled Venture Guide, also contributes to Texas memorabilia, with a discussion by Jean Anderson about "Deep in the Arts of Texas," which does much to convince the reader that Texas is a place of culture with its fine arts galleries and its music and performing arts, and that Texans are proud of their heritage as indicated by the unique and lovely historic sites and buildings which have been preserved throughout the State; and

Whereas, On Thursday, May 25, Venture Magazine editor Curtiss Anderson and Publisher Gilbert C. Maurer are honoring Governor John Connally and the State of Texas by presenting to the Governor the first copy of the Texas issue of the magazine; are welcoming top government officials and outstanding citizens from Austin, Dallas, Houston, San Antonio, and other points throughout the State in Austin on this occasion; and have extended special invitations to the NASA astronauts; and

Whereas, The Senate of the State of Texas of the 60th Legislature wishes to express appreciation to Editor Curtiss Anderson and Publisher Gilbert C. Maurer on behalf of all of the people of Texas for the recognition that Venture Magazine has given to our State; now, therefore, be it

Resolved, By the Senate of the State of Texas that its gratitude be extended to the Editor, Publisher, and entire staff of Venture Magazine for devoting the June/July issue to Texas; and, be it further

Resolved, That a copy of this Resolution be sent to Editor Curtiss Anderson and Publisher Gilbert C. Maurer in token of the appreciation of the Senate and the people of Texas for the attention which this leading travel magazine has given to Texas.

Hon. Preston Smith, President of the Senate.

Amend S. B. No. 546 by striking all of Section 1 and substituting in lieu thereof the following:

Section 1. Chapter III, Article 12 of The Texas Banking Code of 1943, codified as Article 342-312, Vernon's Texas Civil Statutes, is hereby amended so as to hereafter read as follows:

"Art. 12. Amendment of Articles of Association—Rights of Stockholders Upon Increase in Capital—Stock Option Plans. Subject to the provisions of this Code, any state bank may amend its articles of association for any lawful purpose.

"If the owners of record of two-thirds of the capital stock, at any regular meeting of stockholders, or any special meeting called for that purpose, vote to amend the charter, the board of directors shall prepare, execute in the manner provided for the execution of articles of associa-
tion, and file with the Commissioner an amendment to the articles of association.

"If the Commission finds that the amendment is not violative of law and does not prejudice the interest of depositors and creditors or the public, he shall approve such amendment and deliver to the bank a certified copy thereof, and said amendment shall thereupon become effective; provided, however, that if a state bank does not have the power to receive demand deposits, no amendments of its articles of association adopting any power provided under subsections (a), (b), (c), (d), or (f) of Article 1 of this Chapter and no amendment changing the domicile of any state bank shall be effective until approved by the State Banking Board in the manner provided for the approval of an original application for charter. Any state bank may amend its articles of association to extend its corporate existence for a perpetual period or for any period of years.

"Each stockholder of a state bank shall be entitled to his proportionate part of any increase of stock effected out of surplus funds or undivided profits, and shall be entitled to subscribe for his proportionate share of any capital increase to be paid in cash; provided, however, that each stockholder or his assignee, in event he elects to assign such rights of subscription, shall subscribe for and pay the amount of such subscription to the corporation within ten (10) days after the stockholders have adopted such amendment, otherwise the board of directors may allocate the unsubscribed or unpaid portion of the increase among the other stockholders or otherwise as they deem to be the best interest of the bank.

"With prior approval of the owners of records of two-thirds of the capital stock, shares of stock in a bank may be allocated to or purchased by the bank out of its surplus which is not certified or out of its undivided profits to be held in trust by the bank for fulfilling the requirements of an officer or employee stock option plan, whereby officers or employees, or both, of the bank are given options to purchase shares of the bank's capital stock at a specified price. Stock held by the bank for such purpose shall be deemed treasury stock, and the number of shares so held shall not, at any time, exceed five per cent (5%) of the total number of shares outstanding in the hands of other stockholders. Stock options authorized under this Article may not extend beyond a period of ten years from the date of issuance and shall otherwise qualify as restricted stock options under Section 421 of the Internal Revenue Code of 1954, as it may be amended from time to time. No officer or employee who owns or controls more than five per cent (5%) of the bank's capital stock shall be eligible to participate or to continue participation in a stock option plan as authorized by this Article."

Committee Amendment 2

Amend S. B. No. 546 by striking all above the enacting clause and substituting in lieu thereof the following:

Committee Amendment S. B. 237

Amend S. B. 237 by striking all below the enacting clause and substituting therefor the following:

"Section 1. This Act may be cited as the 'Clean Air Act of Texas, 1967.' It is the purpose of this Act to safeguard the air resources of the state from pollution by controlling or abating air pollution consistent with the protection of health, general welfare and physical property of the people, operation of existing industries and the economic development of the state."

"Sec. 2. The following terms as used in this Act shall, unless the context otherwise requires, have the following meanings:

"(A) 'Air contaminant' means particulate matter, dust, fumes, gas, mist, smoke, vapor or odor, or any combination thereof produced by processes other than natural.

"(B) 'Source' is any and all points of origin of the items defined in Section 2(A), whether privately or publicly owned or operated.

"(C) 'Undesirable levels' of the items defined in Section 2(A) hereof is the presence in the atmosphere, as limited by Section 4(C) hereof, of one or more air contaminants or combinations thereof, in such concentration and of such duration as are or may tend to be injurious to or to adversely affect humans, animal life, vegetation
or property, or as to interfere with the normal use and enjoyment of animal life, vegetation or property.

“(D) ‘Air pollution’ means the presence in the atmosphere of undesirable levels of air contaminants.

“(E) ‘Board’ is the Texas Air Control Board created by this Act.

“(F) ‘Person’ is any individual, partnership, copartnership, firm, company, corporation, association, joint stock company, trust, estate, political subdivision, or any other legal entity or their legal representatives, agents or assigns.”

“Sec. 3. (A) There is hereby created and established a Texas Air Control Board which shall be composed of nine members. The board is directed to carry out the functions and duties conferred on it by this Act. The six members of the Texas Air Control Board appointed by the Governor under the provisions of Section (3A), Chapter 687, Acts of the 59th Legislature, Regular Session, 1965 (Article 4477-4, Vernon’s Texas Civil Statutes), upon their confirmation by the Senate, are hereby constituted members of the board created by this Act. These members shall continue to serve until the expiration of their appointive terms, and until a successor has been appointed and has qualified. As the terms of office of the members appointed under the provisions of Section 3(A), Chapter 687, Acts of the 59th Legislature, Regular Session, 1965 (Article 4477-4, Vernon’s Texas Civil Statutes), expire, the members who have served, shall fill the vacancies that arise from their failure to qualify by the state officers, and, upon presentation of such oath, together with the certificate of appointment, the Secretary of State shall issue commissions to them, which shall be evidence of their authority to act as such.

“(D) In addition to the six members appointed by the Governor as provided herein, the board shall also consist of the following state officers, each of whom shall be an ex officio member of said board during the time that he is serving in such other official capacity, to wit: the State Commissioner of Health, the Executive Director of the Texas Industrial Commission, and the Executive Director of the Texas Animal Health Commission, each of whom shall perform the duties required of a member of the board by this Act, as additional duties of his other office.

“(E) Each ex officio member of the board listed in Paragraph (D) above is authorized to delegate to a personal representative from his office the authority and duty to represent him on the board. Said personal representative shall serve at the will of said ex officio member of the board, but by such delegation a member shall
not be relieved of responsibility for the acts and decisions of his representative. The designated personal representative, while engaged in the discharge of official board duties on behalf of and as authorized by such member, stands in the place and stead of such member for purposes of attending board meetings, and for purposes of participating in and voting on matters arising at board meetings and hearings. The designated personal representative may exercise all of the powers, duties and responsibilities of the ex officio member, including the taking of testimony in any hearing called by the board under the provisions of Section 4(A), Paragraph (4); may receive reimbursement for traveling and other necessary expenses, while engaged in the performance of official board business in the same manner as the one he represents, under the provisions of Paragraph (D) above; and may serve as either chairman or vice chairman of the board under the provisions of Section 3(G), subject to the provision above.

“(F) Actual and necessary travel and other expenses incurred by the three ex officio members, or their designated personal representatives, in the discharge of their official duties as members of the board shall be paid out of any funds made available to the agency of such ex officio member or his designated personal representative for the purposes of this Act. Employees of the board shall receive such traveling expenses as may be authorized by the Legislature.

“(G) The board shall elect a chairman and a vice chairman from its members whose terms of office shall be for two years commencing on February 1st of each odd-numbered year hereafter. At the first meeting of the board, the chairman and vice chairman shall be elected to serve until February 1, 1969. The chairman, or in his absence, the vice chairman, shall preside at all meetings of the board and perform the other duties hereinafter prescribed. The board shall meet at regular intervals as may be decided upon by majority vote of the board. Special meetings may be called by the chairman upon his own motion and must be called by him upon receipt of a written request therefor signed by two or more members of the board. Five members of said board shall constitute a quorum to transact business. The board shall have the power to make all necessary rules for its procedure and shall have a seal, the form of which it shall prescribe.

“(H) The executive secretary of the board shall be an employee of the State Health Department and the State Commissioner of Health shall designate such employee as executive secretary following consultation with the board. The executive secretary shall keep full and accurate minutes of all transactions and proceedings of said board and perform such duties as may be required by the board, and he shall be the custodian of all files and records of the board. The executive secretary shall be the administrator of air control activities for the board.

“(I) Technical, scientific, legal or other services shall be performed by personnel of other state agencies when requested by the board, but the board may employ and compensate with funds available therefor professional consultants, assistants and employees that may be necessary to carry out the provisions hereof and prescribe their powers and duties. The board may request and shall receive the assistance of any state educational institution, experimental station, or other state agency.

“(J) To carry out the provisions of this Act, any agency of this state with responsibilities under the laws of this state for air control, and for which appropriations are made in the biennial appropriations act, is hereby authorized to transfer to the board out of such appropriations such annual amounts as may be mutually agreed upon by such an agency and the board, subject only to the concurrence of the Governor. In the event such transfers are insufficient to finance adequately the necessary activities of the board, the Governor is authorized to transfer to the board from the appropriations made to the Governor such amounts as he determines. It is further provided that said board is authorized to request, solicit, contract for, receive or accept money from any federal agency, state agency, political subdivision, private source, or other legal entity to carry out the duties required of it by this Act. Such moneys as may be transferred under the provisions of this subsection, and such gifts and grants as may be received by said board,
shall be deposited in the state treasury in a special fund. Such moneys shall be appropriated to said board for any of the purposes set forth in this Act, including salaries, professional fees, wages, travel expenses, equipment, and other necessary expenses.

“(K) The board shall make biennial reports in writing to the Governor and the Legislature, in which shall be included statements of its activities. All data collected by the board shall be the property of the State of Texas. Subject to the restrictions of Section 8 of this Act, all records of the board are public records open to inspection by any person during regular office hours. Such records shall show, among other things, the source of all moneys or other things of value, received by the board under Section 3 (J) above from sources other than public sources.

“(L) Upon application of any person and upon payment of the fees, if any, prescribed therefor in the rules and regulations of the board, the board shall furnish copies, certified or otherwise, of any of its proceedings or other official acts of record, or of any paper, map or document filed in the office of the board. Certified copies over the hand of the chairman or the executive secretary and the seal of the board shall be admissible in evidence in any court or administrative proceeding, in the same manner and with like effect as the original would be. Provided, however, nothing contained in this section shall be so construed as to in any way violate the provisions contained in Section 8 of this Act.”

“Sec. 4. The board shall seek the accomplishment of the purposes of this Act through the control of the items defined in Section 2(a) by all practical and economically feasible methods consistent with its powers and duties as hereinafter set forth.

“(A) The board shall have the power:

“(1) To prepare and develop a general plan for the proper control of the air resources of Texas.

“(2) (a) To adopt and promulgate rules and regulations consistent with the general intent and purposes of this Act and in accordance with the provisions of Section 6 hereof. Except as provided in Paragraphs (b) and (c) of this subdivision, such rules and regulations may not specify any particular method to be used to reduce undesirable levels as defined in Section 2(C) hereof, nor the type, design, or method of installation of any equipment to be used to reduce undesirable levels as defined in Section 2(C), nor the type, design, or method of installation or type of construction of any manufacturing processes or other kinds of equipment.

“(b) Subject to the provisions of Section 4(C), the board may include in said rules and regulations requirements as to the particular method to be used to reduce undesirable levels as defined in Section 2(C), which arise from the outdoor burning of waste material or refuse.

“(c) Subject to the provisions of Section 4(C), the board may include in said rules and regulations requirements as to the particular method to be used to control and reduce emission from motors and engines used in propelling land vehicles. Any rules or regulations pursuant to this paragraph shall be consistent with provisions of federal law, if any, relating to control of emissions from the vehicles concerned. The board shall not require, as a condition precedent to the initial sale of a vehicle or vehicular equipment, the inspection, certification or other approval of any feature or equipment designed for the control of emissions from motor vehicles if such feature or equipment has been certified, approved or otherwise authorized pursuant to federal law.

“(3) To develop such facts and make such investigations as are consistent with the purposes of this Act, and in connection therewith the board or its duly authorized agents or employees shall have the right to enter at all reasonable times in or upon any public or private property, other than property designed for and used exclusively as a private residence housing not more than three families, for the purpose of inspecting and investigating conditions relating to emissions of air contaminants to or the concentration of air contaminants in the atmosphere. Agents and employees may not enter private property having management in residence without notifying the property owner, or the person in charge at the time, of their presence and exhibiting proper credentials. Such agents or employees shall observe rules and
regulations of the establishment being inspected concerning safety, internal security, and fire protection. Should the board or its duly authorized agents or employees be refused the right to enter in or upon such public or private property, the board may have the remedies authorized in Section 12(B) of this Act.

“(4) (a) To hold hearings, receive pertinent and relevant evidence from any party in interest who appears, issue subpoenas to compel the attendance of witnesses and the production of such papers and documents as are related to such hearing, and make findings of fact and determinations, all with respect to administering the provisions of this Act or of any orders, determinations, rules or regulations of the board. At any hearing, all testimony shall be given under oath and recorded stenographically. The transcript so recorded shall be made available to any member of the public or to the respondent or party to a hearing on a complaint upon payment of the usual charges therefor.

“(b) To delegate to one or more of its members or his personal representative or to one or more of its employees the authority to take testimony in any hearing called by the board or authorized by the board to be held, with power to administer oaths; but all orders entered shall be made by and in the name of the board after its official action and attested to by the executive secretary.”

“(5) (a) To enter such orders or determinations as may be necessary to effectuate the purposes of this Act. If the board shall determine that a condition as defined in Section 2(C) hereof exists, it may order such action as is indicated by the circumstances to control the condition. The board shall grant such time for the owner or operator of a source to comply with its order as is provided for in the rules and regulations it shall adopt pursuant to the provisions of Section 4(A)(2) which shall make provision for such time gauged to such general situations as hearings on such proposed rules and regulations may indicate are necessary.

“(b) In making its orders and determinations hereunder, the board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions involved including, but not limited to:

“(i) The character and degree of injury to, or interference with, the health and physical property of the people;

“(ii) The social and economic value of the source of the undesirable levels as defined in Section 2(C);

“(iii) The question of priority of location in the area involved; and

“(iv) The technical practicability and economic reasonableness of reducing or eliminating the emissions resulting from such source.

“(6) To cause to be instituted in a court of competent jurisdiction legal proceedings to compel compliance with the provisions of this Act or with any rules, regulations, orders or determinations made by the board.

“(7) To request and be entitled to receive the assistance of any state educational institution, experiment station, board, department or other state agency and the officials and employees thereof when it is deemed necessary or beneficial by the board to carry out the provisions of this Act.

“(B) The board shall have the following duties with respect to the control of the conditions defined in Section 2(C):

“(1) Encourage voluntary cooperation by persons, or affected groups in restoration and preservation of a reasonable degree of purity of air within this state.

“(2) Encourage and conduct studies, investigations and research concerning air control.

“(3) Collect and disseminate information on air control.

“(4) Advise, consult and cooperate with other agencies of the state, political subdivisions of the state, industries, other states and federal government, and with interested persons or groups in regard to matters of common interest in air control.

“(5) Represent the State of Texas in any and all matters pertaining to plans, procedures, or negotiations for interstate compacts.

“(6) The basic personnel and necessary laboratory and other facilities as may be required to carry out the provisions of this Act shall be personnel, laboratories, and other facilities of the Texas State Department of Health; provided, however, that the board, through the department of health acting as the agent of
the board, may by agreement secure such services as it may deem necessary from any other departments and agencies of the state government and may arrange for compensation for such services, and may employ and compensate, within appropriations available therefor, such consultant and technical assistants on a full- or part-time basis as may be necessary to carry out the provisions of this Act and to prescribe their powers and duties.

"(C) Nothing contained in this Act shall be deemed to grant to the board any jurisdiction or authority to make any rule, regulation, recommendation or determination or to enter any order with respect to air conditions existing solely within the property boundaries of commercial and industrial plants, works or shops or to affect the relations between employers and employees with respect to or arising out of any air condition. Provided further that nothing contained in this Act shall vest in the board any power with respect to any matter subject to the jurisdiction of the Texas Radiation Control Agency as defined in Article 4590F, Revised Civil Statutes of Texas, as amended, or over any source licensed by the Atomic Energy Commission under the Atomic Energy Act of 1954, Title 42, USC 2011-2281, Incl."

"Sec. 5. The executive secretary of the board shall have the following powers and duties:

"(A) The executive secretary shall prepare and recommend to the board plans and procedures necessary to effectuate the aims and objects of this Act, including but not limited to rules and regulations, and proposals of administrative procedures not inconsistent with this Act.

"(B) The executive secretary, or his authorized representative, shall attend all meetings of the board but shall not be entitled to a vote.

"(C) The executive secretary, or his authorized representative, shall handle such correspondence, make or arrange for such inspections and investigations, and obtain, assemble or prepare such reports and data as the board may direct or authorize.

"(D) The executive secretary shall exercise general supervision over all persons employed by the board. He shall be responsible for the investigation of complaints, the recommendation to the board of the issuance of formal complaints by the board and for the presentation of such complaints before the board, and shall have such other duties as the board may prescribe."

"Sec. 6. (A) Any rule or regulation or amendment or repeal thereof shall not be deemed adopted or in force and effect until it shall have been approved in writing by at least five members of the board. A rule or regulation or any amendment or repeal thereof shall not be adopted until after a public hearing. Notice of such hearing shall be given at least thirty days prior to the scheduled date of the hearing by public advertisement in at least three newspapers with statewide circulation of the date, time, place and purpose of such hearing as required for public notice in Article 29a, Revised Civil Statutes of Texas, as amended. At such hearing, opportunity to be heard by the board with respect to the subject thereof shall be given to any person. A record of the names and addresses of such persons shall be made by the executive secretary. A rule or regulation or an amendment or repeal thereof shall not become effective until a certified copy thereof has been filed with the Secretary of State. Any person heard or represented at such hearing or requesting notice shall be given written notice by registered or certified mail of the action of the board with respect to the subject thereof.

"(B) A rule or regulation or any amendment thereof which shall be adopted by the board may differ in its terms and provisions as between particular conditions, as between particular sources and as between particular areas of the state. In exercising the power granted it by Section 4 to adopt and promulgate rules and regulations for air control, the board shall give due recognition to the fact that the quantity or characteristics of air contaminants or the duration of their presence in the atmosphere, which may cause a need for air control in one area of the state may not cause need for air control in another area of the state, and it shall take into consideration in this connection such factors, among others found by it to be proper and just, as existing physical conditions, topography, population, and prevailing wind directions and velocities and also the fact that a rule or regulation and the degree of conformance therewith which may be proper as to an es-
essentially residential area of the state may not be proper either as to a highly developed industrial area of the state or as to a relatively unpopulated area of the state.

"(C) The board shall establish its rules and regulations concerning the emission of particulate matter from plants processing agricultural products in their natural state according to a formula derived from the process weight of the materials entering the process. The board may not require in its rules and regulations that such plants meet a standard which requires an emission of less than eight percent of the process weight of the materials entering the process."\n
"Sec. 7. (A) The executive secretary may cause investigations to be made as he may deem advisable in administering the provisions of this Act and the rules, regulations, orders and determinations of the board, including without limitation investigations of violations and general air pollution problems or conditions. The executive secretary shall cause such investigations to be made as may be requested or directed by the board.

"(B) If an investigation discloses, in the opinion of the board or the executive secretary, that a violation exists, the board may proceed under Section 12 of this Act or it may hold a public hearing. If the board decides to hold a public hearing thereon, the executive secretary shall prepare and submit to the board a formal complaint. The complaint shall specify the provision of this Act or the rule, regulation, order or determination of the board which is said to have been violated, the person alleged to have violated the same, and the manner in which the same is said to have been violated.

"The board shall transmit to the person complained against a copy of the formal complaint together with a notice of hearing. The notice shall state the date, place and purpose of the hearing and shall be sent with the copy of the formal complaint by certified mail not less than thirty days before the date of the hearing. Notice shall also be sent by mail not less than thirty days before the hearing to such other interested persons as the board may designate.

"(C) The respondent to such formal complaint may file a written answer thereto at any time not less than two days before the hearing and may appear at such hearing in person or by representative, with or without counsel, and may offer testimony and evidence, cross-examine any witnesses, make oral arguments or take any combination of such actions. The executive secretary, on behalf of the board, at the request of any respondent to a formal complaint made pursuant thereto, shall subpoena and compel the attendance of such witnesses as the respondent may reasonably designate and shall require the production for examination of any book or paper relating to the matter under investigation at any such hearing as the respondent may reasonably designate.

"(D) After due consideration of the written and oral statements, the testimony and arguments that shall be submitted at the hearing on the complaint, or upon default of the appearance of the respondent on the return day specified in the notice of the hearing, the board shall make such final determination and enter such order as is provided for in Section 4(A)(5)(a) as it shall deem appropriate under the circumstances, giving due regard to the matters required to be considered under Section 4 of this Act, and it shall immediately notify the respondent thereof in writing by certified mail. Any such order shall not be deemed finally made and entered until it shall have been approved in writing by at least five members of the board.

"(E) Upon the failure of the board to enter a final order or determination within sixty days after the final argument in the hearing held on the complaint, interested parties shall be entitled to treat such failure to act as a determination that no violation, as alleged in the complaint, was found to have occurred.

"Sec. 8. No information identified as confidential when submitted relating to secret processes or methods of manufacture or production shall be disclosed at any public hearing or otherwise.

"Sec. 9. (A) The board may grant individual variance beyond the limitations prescribed in this Act, whenever it is found, upon presentation of adequate proof, that compliance with any provision of this Act, or any rule or regulation, order or determination of the board, will result in an arbitrary and unreasonable taking of
property or in the practical closing and elimination of any lawful business, occupation or activity, in either case without sufficient corresponding benefit or advantage to the people.

“(B) In determining under what conditions and to what extent a variance from this Act or rule or regulation hereunder may be granted, the board shall give due recognition to the progress which the person requesting such variance shall have made in controlling or preventing any condition which may have existed as defined by Section 2(C). In such a case, the board shall grant such variance conditioned upon such person effecting a partial abatement over a period of time which the board shall consider reasonable under the circumstances; or the board, in conformity with the intent and purpose of this Act to protect health and property, may prescribe other and different requirements with which the person who receives such variance shall comply.

“(C) Any variance granted pursuant to the provisions of this section shall be granted for such period of time as shall be specified by the board at the time of the grant of such variance. Any variance may be granted by the board upon the condition that the person who received it shall make such periodic reports to the board as the board shall specify as to the progress which such person shall have made toward compliance with any rule or regulation as to which a variance has been granted. Such variance may be extended by affirmative action of the board upon recommendation of the executive secretary.

“(D) Any person seeking a variance shall do so by filing a petition for variance with the executive secretary. The executive secretary shall send a copy of the petition or a summary of its contents to the mayor and health authorities of the city or town, and the county judge and health authorities of the county in which the source or sources are or will be located and to such officials of other counties, cities and towns which, in the judgment of the executive secretary or the board, may be affected. The information shall be sent not less than thirty days before the date on which the petition is to be considered by the board. Any person may file comments or recom-

mendations on the requested variance with the board. The executive secretary shall also proceed promptly to investigate such petition and to make a recommendation to the board as to the disposition thereof. Upon receiving the recommendation of the executive secretary, the board may, if such recommendation is for the granting of a variance, do so without hearing. If the recommendation of the executive secretary is against the granting of a variance, if a local government as defined in Section 13(A) of this Act requests a hearing, or if the board in its discretion concludes that a hearing would be advisable, then a hearing shall be held before the board acts on the petition for variance.

“(E) Upon the failure of the board to take action within one hundred twenty days after receipt of a petition for variance, the petitioner shall be entitled to treat for all purposes such failure to act as a denial of the variance.”

“Sec. 10. Except as specifically authorized in this Act, no fees shall be charged by the executive secretary or the board for the performance of any of their respective functions under this Act.”

“Sec. 11. Any person affected by any order, decision, determination or other act of the board, may, within thirty days after the date on which such act is performed, or in case of an order, decision or determination, within thirty days after the effective date thereof, file a petition in an action to review, set aside, or suspend such order, decision, determination or other act upon the ground or grounds that the same is invalid, arbitrary or unreasonable. The venue in any or all such actions is hereby fixed exclusively in the District Court of Travis County, Texas. In a suit brought to review, suspend, or set aside any act of the board, the trial shall be de novo, as that term is used and understood in an appeal from a justice of the peace court to the county court, and no presumption of validity, reasonableness or presumption of any character shall be indulged in favor of the act that is involved, but evidence as to the validity or reasonableness thereof shall be heard and the determination in respect thereto shall be made upon facts found by the court, as in other civil cases, and the procedure for such
trials and the determination of the issues and the character of the judgment to be entered therein shall be governed solely by the rules of law, evidence and procedure prescribed for the district courts of this state by its Constitution, statutes and rules of civil procedure applicable to the trial of action."

"Sec. 12. (A) It is unlawful for any person to cause, suffer, allow or permit the emission of air contaminants which cause or contribute to or which will cause or contribute to a condition of air pollution as defined in Section 2(D) of this Act.

"(B) In the event the board determines that any provision of this Act or any rule, regulation, determination or order of the board is being violated, the board may cause to have instituted a civil action in the district court for any county in which the violation occurs for injunctive relief to prevent any further violation or for the assessment of a penalty of not less than $50 nor more than $1,000 per day for each day such violation continues as the court may deem proper, or for both injunctive relief and penalty. Upon application for an injunction and a finding that Section 12(A) is being violated, the district court shall grant such injunction. It shall be the duty of the Attorney General to bring such action, at the request of the board, in the name of the State of Texas.

"(C) The liabilities which shall be imposed pursuant to any provision of this Act upon persons violating the provisions of this Act or any rule, regulation, determination or order hereunder shall not be imposed due to any violation caused solely by an act of God, war, strike, riot, or other catastrophe."

"Sec. 13. (A) In this section 'local government' means an incorporated city or town whether or not it has a home rule charter or a county whether or not it has a home rule charter.

"(B) A local government may inspect the air and may go in and on public or private property within its boundaries and jurisdiction to determine whether or not the level of air contaminants in any area within its boundaries and jurisdiction meets the level set by the board, or in the case of a city or town its own governing body, and may make inspections in the same manner and under the same provisions and restrictions as are applicable to the board to determine whether or not the emissions from any source meet the level set by the board or its governing body for such source and whether or not a person is complying with an order, rule or regulation of the board issued under the provisions of this Act.

"(C) A local government shall transmit the results of its inspections to the board as prescribed by the board in its rules.

"(D) In the same manner as the board, a local government, upon formal resolution of its governing body, may enforce through its own attorney the provisions of Section 12 of this Act. However, a local government may not bring an action against a state agency or department, another local government or any other political subdivision of the state for the assessment of the penalty specified in Section 12. In any suit instituted by a local government under this subsection, the board is authorized to be and must be a necessary party to the local government's suit.

"(E) A local government may enter into cooperative agreements with other local governments to perform air pollution inspections and enforcement; to give or receive technical aid and educational services; and to transfer money from one local government to another which may be a party to the cooperative agreement for the purpose of air quality management, inspection, and enforcement.

"(F) A local government may make recommendations to the board concerning any rule, regulation, order, or determination of the board that affects any area within its boundaries or jurisdictions. The board shall give maximum consideration to recommendations of a local government."

"Sec. 14. This Act shall not in any way affect the right of any private person, as defined herein, to pursue all common law remedies available to abate a condition of pollution or other nuisance or recover damages therefor, or both. Nor shall this Act diminish such rights and powers as are otherwise vested by law in any incorporated city or town to abate a nuisance or to enforce any ordinance for the control or abatement of air pollution, subject only to the provisions of Section 15 hereof."
"Sec. 15(A) The board is the principal authority in the state for setting standards, criteria, levels and emission limits for air content and pollution control.

"(B) Subject to the provisions of Section 15(A), an incorporated city or town may enact and enforce any ordinance not inconsistent with the provisions of this Act or the rules, regulations, or orders of the board.

"(C) Any ordinance adopted or enforced by an incorporated city or town shall be consistent with the provisions of this Act and the rules, regulations, or orders of the board, and shall not make unlawful any condition or act permitted, approved or otherwise authorized pursuant to this Act or the rules, regulations or orders of the board."

"Sec. 16. All orders, determinations, rules, regulations and other actions issued, taken and performed by the Texas Air Control Board under the authority of Chapter 687, Acts of the 59th Legislature, Regular Session, 1965 (Article 4477-4, Vernon’s Texas Civil Statutes), are hereby validated. All such actions shall be administered by and shall be under the jurisdiction of the board created by this Act, the same as if originally performed by this board, and they shall remain in full force and effect unless and until changed and amended by order of this board."

"Sec. 17. Chapter 687, Acts of the 59th Legislature, Regular Session, 1965 (Article 4477-4, Vernon’s Texas Civil Statutes), is repealed."

"Sec. 18. If any provision of this Act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are declared to be severable."

"Sec. 19. This Act takes effect on September 1, 1967."

"Sec. 20. The importance of this legislation and the crowded condition of the calendars in both houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days in each house be suspended, and this Rule is hereby suspended."

Senate Bill 301 with House Amendment

Senator Ratliff called S. B. No. 301 from the President's Table for consideration of the House amendment to the bill.

The President laid the bill and the following House amendment before the Senate:

Committee Amendment 1

Amend Section 2 of S. B. No. 301, by deleting all of Section 2 and substituting in lieu thereof the following:

"Sec. 2. Article 4506 of the Revised Civil Statutes of Texas, 1925, as
amended, is amended to read as follows:

"Art. 4506. Revocation, cancellation, or suspension of license

The Texas State Board of Medical Examiners shall have the right to cancel, revoke, or suspend the license of any practitioner of medicine upon proof of the violation of the law in any respect with regard thereto, or for any cause for which the Board shall be authorized to refuse to admit persons to its examination, as provided in Article 4505 of the Revised Civil Statutes of Texas, 1925, as amended.

Proceedings under this Article shall be begun by filing charges with the Texas State Board of Medical Examiners in writing and under oath. Said charges may be made by any person or persons. The President of the Texas State Board of Medical Examiners shall set a time and place for hearing, and shall cause a copy of the charges, together with a notice of the time and place fixed for hearing, to be served on the respondent or his counsel at least ten (10) days prior thereto. When personal service is impossible, or cannot be effected, the Board shall cause to be published once a week for two (2) successive weeks a notice of the hearing in a newspaper published in the county wherein the respondent was last known to practice, and shall mail a copy of the charges and of such notice to the respondent at his last known address. When publication of the notice is necessary, the date of hearing shall not be less than ten (10) days after the date of the last publication of the notice. At said hearing the respondent shall have the right to appear either personally or by counsel, or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board shall thereupon determine the charges upon their merits. All charges, complaints, notices, orders, records and publications authorized or required by the terms of this Act shall be privileged.

Any person whose license to practice medicine has been cancelled, revoked or suspended by the Board may, within twenty (20) days after the making and entering of such order, take an appeal to any of the district courts in the county of his residence, but the decision of the Board shall not be enjoined or stayed except on application to such district court after notice to the Board. The proceeding on appeal shall be under the substantial evidence rule, and which appeal shall be taken in any District Court of the county in which the person whose certificate of registration or license is involved, resides. Upon application, the Board may reissue a license to practice medicine to a person whose license has been cancelled or suspended, but such application, in the case of cancellation or revocation, shall not be made prior to one (1) year after the cancellation or revocation, and shall be made in such manner and form as the Board may require.

Provided, however, that the Board shall have the right and may, upon majority vote, rule that the order revoking, cancelling, or suspending the practitioner's license be probated so long as the probationer conforms to such orders and rules as the Board may set out as the terms of probation. The Board, at the time of probation, shall set out the period of time which shall constitute the probationary period. Provided further, that the Board may at any time while the probationer remains on probation hold a hearing, and upon majority vote, rescind the probation and enforce the Board's original action in revoking, cancelling, or suspending the practitioner's license, the said hearing to rescind the probation shall be called by the President of the Texas State Board of Medical Examiners who shall cause to be issued a notice setting a time and place for the hearing and containing the charges or complaints against the probationer, said notice to be served on the probationer or his counsel at least ten (10) days prior to the time set for the hearing. When personal service is impossible, or cannot be effected, the same provisions for service in lieu of personal service as heretofore set out in this Act shall apply. At said hearing the respondent shall have the right to appear either personally or by counsel, or both, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board. The Board shall thereupon determine the charges upon their merits. All charges, complaints, notices, orders, records and publications authorized or required by the terms of this
Act shall be privileged. The order revoking or rescinding the probation shall not be subject to review or appeal."

In Memory of

(Senate Resolution 713)

Whereas, The friends, family, associates and people of Austin and the Hillsboro area were deeply saddened by the untimely death of Leighton M. Read on Sunday, May 21, 1967, at the age of 50; and

Whereas, He had been a resident of Austin for 17 years and was a member of the Highland Park Baptist Church; and

Whereas, He was a graduate of The University of Texas with a B.S. degree; during World War II, he served with the rank of Captain as a fighter pilot with the American Eagle Squadron, Eighth Air Force; and

Whereas, He is survived by his wife; one son, Joe Dean; a brother, John G. Read, Jr.; one sister, Mrs. Weldon Watson; all of Austin; and his mother, Mrs. John G. Read, Sr., of Hillsboro; and

Whereas, His geniality, church and business leadership will be sorely missed in Austin and throughout Texas, and it is appropriate that the Senate of the State of Texas pay tribute to this outstanding man; now, therefore, be it

Resolved, That the Senate of the State of Texas, by this Resolution, show honor and respect to the memory of Leighton M. Read and extend deep sympathy to the members of his family; and, be it further

In Memory of

Dr. Ira L. Kohler

(House Concurrent Resolution 151)

On motion of Senator Brooks and by unanimous consent, the President laid before the Senate the following resolution on its second reading:

Whereas, The death of Dr. Ira L. Kohler early today, May 24, 1967, has brought great sorrow to his friends and colleagues in the Texas Legislature, where he was serving his first term in the House of Representatives; and

Whereas, Dr. Kohler, who died at the age of 61, was born in Sunset, Louisiana on September 24, 1905, but his family moved to Houston soon afterwards; he attended Dow Elementary School, South End Junior High School and Central High School; he was graduated from The University of Texas Dental School and the Houston Law School and held D.D.S., M.S. and LL.B. degrees; and

Whereas, After 25 years of practice as an oral surgeon, he began his political life in 1952 with election to the Houston City Council, and during his two terms as councilman he was adamant in favor of increased fire and police protection, an "open door" council policy and changes in the city charter, which he termed "dictatorial and communistic"; and

Whereas, In 1953, he was appointed chairman of the mayor's committee of five on slum clearance, and his study resulted in present health and fire placarding ordinances by which Houston slum property can be condemned; and

Whereas, In 1957, after an unsuccessful candidacy for mayor—which he never allowed to dim his enthusiasm for governmental service—he threw his support to Oscar Holcombe in the run-off; and

Resolved by the House of Representatives of the State of Texas, the Senate concurring, That the 60th Legislature extend deep sympathy to the family of this outstanding man, whose wisdom and dedication to his professional and public life served well his city and his state; and, be it further

Resolved, That copies of this Resolution be prepared for his wife and daughters and that pages in the Journals of the House and the Senate be set aside in respect to him; and when the two Houses of the Legislature adjourn this day that they do so in memory of Dr. Ira L. Kohler.

The resolution was read and was adopted by a rising vote of the Senate.

Senator Brooks was recognized and he addressed the Senate giving the highlights of the life of Dr. Kohler.

On motion of Senator Brooks and by unanimous consent those present in the Senate Chamber and in the Gallery of the Senate were requested to stand for a moment of silent prayer in tribute to Dr. Kohler.
