The adjutant would be required to appoint three assistant adjutants general for army and one for air, each of whom would be paid with federal funds and all of whom would have to be regular part-time Texas National Guard members. The adjutant would be able to appoint an additional assistant adjutant for army for every 5,000-person increase in Texas Army National Guard personnel, and an additional assistant adjutant for air every 2,000-person increase in Texas Air National Guard personnel, from the number of personnel as of September 1, 2009.

The bill would take immediate effect if finally passed by a two-thirds record vote of the membership of each house. Otherwise, it would take effect September 1, 2009.
