Sec. 115.003. APPLICABILITY TO VOLUNTEER HEALTH PRACTITIONERS. This chapter applies to volunteer health practitioners who are registered with the system administered by the department under Section 115.005 and who provide health or veterinary services in this state for a host entity while an emergency declaration is in effect.

Sec. 115.004. REGULATION OF SERVICES DURING EMERGENCY. (a) While an emergency declaration is in effect, the division by order may limit, restrict, or otherwise regulate:

(1) the duration of practice by volunteer health practitioners;

(2) the geographical areas in which volunteer health practitioners may practice;

(3) the types of volunteer health practitioners who may practice; and

(4) any other matters necessary to coordinate effectively the provision of health or veterinary services during the emergency.

(b) An order issued under Subsection (a) may take effect immediately, without prior notice or comment, and is not a rule within the meaning of Chapter 2001, Government Code.

(c) A host entity that uses volunteer health practitioners to provide health or veterinary services in this state shall:

(1) consult and coordinate its activities with the division to the extent practicable to provide for the efficient and effective use of volunteer health practitioners; and
Sec. 115.005. VOLUNTEER HEALTH PRACTITIONER REGISTRATION SYSTEM.
(a) The department shall administer a volunteer health practitioner registration system that:

(3) is capable of confirming whether a health practitioner is licensed and in good standing before health or veterinary services are provided by the practitioner under this chapter; and

(4) includes information regarding the results of a criminal history record information check performed on the volunteer health practitioners listed in the system.

(b) To satisfy a requirement of Subsection (a) or (c), the department may:

(1) use information available in the Texas disaster volunteer registry maintained by the department; or

(2) enter into agreements with disaster relief organizations or the verification systems of other states for the advance registration of volunteer health practitioners under 42 U.S.C. Section 247d-7b.

(c) While an emergency declaration is in effect, a state agency that grants a license to a health practitioner shall coordinate with the department to provide licensing or criminal history record information for volunteer health practitioners seeking registration under this chapter.

(d) If an applicant for registration under this chapter has an unacceptable licensing or criminal history, the department may not allow the applicant to register and the applicant may not serve as a volunteer health practitioner under this chapter.

(e) While an emergency declaration is in effect, the division, a person authorized to act on behalf of the division, or a host entity may confirm whether volunteer health practitioners used in this state are registered with the registration system under Subsection (a). Confirmation is limited to obtaining the identity of the practitioners from the system and determining whether the system indicates that the practitioners are licensed and in good standing and have an acceptable criminal history.

(f) On request by a person in this state authorized under Subsection (e) or a similarly authorized person in another state, the department shall notify the person of the identity of volunteer health practitioners registered with the registration system and whether the practitioners are licensed and in good standing and have an acceptable criminal history.

(g) A host entity is not required to use the services of a volunteer health practitioner even if the practitioner is registered with the registration system and the system indicates that the practitioner is licensed and in good standing and has an acceptable criminal history.

Sec. 115.006. RECOGNITION OF VOLUNTEER HEALTH PRACTITIONERS LICENSED IN OTHER STATES.
(a) While an emergency declaration is in effect, a volunteer health practitioner registered with the registration system under Section 115.005 who is licensed and in good standing in another state and has an acceptable criminal history may practice in this state to the extent authorized by this chapter as if the practitioner were licensed in this state.

(b) A volunteer health practitioner qualified under Subsection (a) is not entitled to the protections of this chapter if the practitioner is licensed in more than one state and any license of the practitioner is suspended, revoked, or subject to an agency order limiting or restricting practice privileges or has been voluntarily terminated under threat of sanction.

Sec. 115.007. NO EFFECT ON CREDENTIALING AND PRIVILEGING. (a) In this section:

(1) "Credentialing" means obtaining, verifying, and assessing the qualifications of a health practitioner to provide treatment, care, or services in or for a health facility.

(b) This chapter does not affect credentialing or privileging standards of a health facility
and does not preclude a health facility from waiving or modifying those standards while an
emergency declaration is in effect.

Sec. 115.008. PROVISION OF VOLUNTEER HEALTH OR VETERINARY SERVICES;
ADMINISTRATIVE SANCTIONS. (a) Subject to Subsections (b) and (c), a volunteer
health practitioner shall adhere to the scope of practice for a similarly licensed practitioner
established by the licensing provisions or other laws of this state.

(b) Except as otherwise provided by Subsection (c), this chapter does not authorize a
volunteer health practitioner to provide a service that is outside the practitioner's scope of
practice, even if a similarly licensed practitioner in this state would be permitted to provide
the service.

(c) The division may modify or restrict the health or veterinary services that a volunteer
health practitioner may provide under this chapter. An order under this subsection may
take effect immediately, without prior notice or comment, and is not a rule within the

practitioner may provide under this chapter.

(e) A volunteer health practitioner does not engage in unauthorized practice unless the
practitioner has reason to know of any limitation, modification, or restriction under this
section or that a similarly licensed practitioner in this state would not be permitted to
provide the service. A volunteer health practitioner has reason to know of a limitation,
modification, or restriction or that a similarly licensed practitioner in this state would not
be permitted to provide a service if:

(1) the practitioner knows the limitation, modification, or restriction exists or that a
similarly licensed practitioner in this state would not be permitted to provide the service;
or

(2) from all the facts and circumstances known to the practitioner at the relevant time,
a reasonable person would conclude that the limitation, modification, or restriction exists
or that a similarly licensed practitioner in this state would not be permitted to provide the
service.

(f) In addition to the authority granted by the law of this state other than this chapter to
regulate the conduct of health practitioners, a licensing board or other disciplinary authority
in this state:

(1) may impose administrative sanctions on a health practitioner licensed in this state
for conduct outside of this state in response to an out-of-state emergency;

(2) may impose administrative sanctions on a practitioner not licensed in this state for
conduct in this state in response to an in-state emergency; and

(3) shall report any administrative sanction imposed on a practitioner licensed in
another state to the appropriate licensing board or other disciplinary authority in any
other state in which the practitioner is known to be licensed.

(g) In determining whether to impose an administrative sanction under Subsection (f), a
licensing board or other disciplinary authority shall consider the circumstances in which the
conduct took place, including any exigent circumstances, and the practitioner's scope of
practice, education, training, experience, and specialized skill.

Sec. 115.009. RELATION TO OTHER LAWS. (a) This chapter does not limit rights,
privileges, or immunities provided to volunteer health practitioners by laws other than this
chapter. Except as otherwise provided by Subsection (b), this chapter does not affect
requirements for the use of health practitioners under the Emergency Management Assis-
tance Compact.
(b) The division, under the Emergency Management Assistance Compact, may incorporate into the emergency forces of this state volunteer health practitioners who are not officers or employees of this state or a political subdivision of this state.

Sec. 115.010. REGULATORY AUTHORITY. The division may adopt rules to implement this chapter. In adopting rules, the division shall consult with and consider the recommendations of the entity established to coordinate the implementation of the Emergency Management Assistance Compact and shall consult with and consider rules adopted by similarly empowered agencies in other states to promote uniformity in the application of this chapter and to make the emergency response systems in the various states reasonably compatible.

Sec. 115.011. LIMITATIONS ON CIVIL LIABILITY FOR VOLUNTEER HEALTH PRACTITIONERS. (a) Subject to Subsection (c), a volunteer health practitioner who provides health or veterinary services under this chapter is not liable for damages for an act or omission of the practitioner in providing those services.

(b) A person is not vicariously liable for damages for an act or omission of a volunteer health practitioner if the practitioner is not liable for the damages under Subsection (a).

(c) This section does not limit the liability of a volunteer health practitioner for:

(1) wilful misconduct or wanton, grossly negligent, reckless, or criminal conduct;
(2) an intentional tort;
(3) breach of contract;
(4) a claim asserted by a host entity or by an entity located in this or another state that employs or uses the services of the practitioner; or

(d) A person who operates, uses, or relies on information provided by the volunteer health practitioner registration system under this chapter is not liable for damages for an act or omission relating to that operation, use, or reliance unless the act or omission is an intentional tort or is wilful misconduct or wanton, grossly negligent, reckless, or criminal conduct.

SECTION 2. In applying and construing Chapter 115, Occupations Code, as added by this Act, a court or governmental entity shall take into consideration the need to promote uniformity of the law with respect to the subject matter of this Act among states that enact similar uniform laws.
