(c) A person who does not satisfy the applicable conditions of this subchapter after establishing eligibility for an award of loan repayment assistance under this subchapter is no longer eligible to apply for such assistance.

Sec. 61.9840. RULES. The board shall adopt rules necessary for the administration of this subchapter, including a rule providing for:

(1) the manner in which a person may apply for loan repayment assistance; and

(2) a method of awarding assistance under this subchapter that:

(A) gives first priority to applicants who are renewing their applications for loan repayment assistance provided under this subchapter; and

(B) awards any remaining available assistance according to a cumulative ranking system developed by the board based on the number of mathematics and science courses completed by the applicant and the grade received by the applicant for each of those courses.

Sec. 61.9841. APPLICATION FORM. (a) The board shall by rule adopt a common application form for use by new applicants and renewal applicants.

(b) The form must include a section in which the school district for which the applicant has taught for at least one year verifies the applicant's year of employment.

SECTION 2. The Texas Higher Education Coordinating Board shall begin providing loan repayment assistance under Subchapter II, Chapter 61, Education Code, as added by this Act, for eligible persons teaching in the 2016-2017 school year.

SECTION 3. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2013.

Passed the Senate on May 8, 2013: Yeas 30, Nays 0; the Senate concurred in House amendment on May 25, 2013: Yeas 30, Nays 0; passed the House, with amendment, on May 22, 2013: Yeas 142, Nays 6, two present not voting.

Approved June 14, 2013.

Effective June 14, 2013.

CHAPTER 1230

S.B. No. 1727

AN ACT
relating to the use of the Texas emissions reduction plan fund.

Be it enacted by the Legislature of the State of Texas:

SECTION 1. Section 386.051, Health and Safety Code, is amended by amending Subsection (b) and adding Subsection (b-1) to read as follows:

(b) Under the plan, the commission and the comptroller shall provide grants or other funding for:

(1) the diesel emissions reduction incentive program established under Subchapter C, including for infrastructure projects established under that subchapter;

(2) the motor vehicle purchase or lease incentive program established under Subchapter D;

(3) the air quality research support program established under Chapter 387;

(4) the clean school bus program established under Chapter 396;

(5) the new technology implementation grant program established under Chapter 391;

(6) the regional air monitoring program established under Section 386.252(a) [386.252(a)(3)];
(7) a health effects study as provided by Section 386.252(a) [386.252(a)(7)];
(8) air quality planning activities as provided by Section 386.252(a) [386.252(a)(8)]; and
(9) a contract with the Energy Systems Laboratory at the Texas Engineering Experiment Station for computation of creditable statewide emissions reductions as provided by Section 386.252(a)(14);
(10) the clean fleet program established under Chapter 392;
(11) the alternative fueling facilities program established under Chapter 393;
(12) the natural gas vehicle grant program and clean transportation triangle program established under Chapter 393;
(13) other programs the commission may develop that lead to reduced emissions of nitrogen oxides, particulate matter, or volatile organic compounds in a nonattainment area or affected county;
(14) other programs the commission may develop that support congestion mitigation to reduce mobile source ozone precursor emissions; and
(15) the drayage truck incentive program established under Subchapter D-1 [386.252(a)(9)].

(b-i) Under the plan, the commission may establish and administer other programs, including other grants or funding programs, as determined by the commission to be necessary or effective in fulfilling its duties and achieving the objectives described under Section 386.052. The commission may apply the criteria and requirements applicable to the programs under Subsection (b) to programs established under this subsection, or the commission may establish separate criteria and requirements as necessary to achieve the commission’s objectives. The additional programs shall be consistent with and comply with all applicable laws, regulations, and guidelines pertaining to the use of state funds, the awarding and administration of grants and contracts, and achieving reductions in ozone precursors or particulate matter. Under this subsection, the commission may place a priority on programs that address the following goals:

(1) reduction of emissions of oxides of nitrogen or particulate matter from heavy-duty on-road vehicles and non-road equipment, including drayage vehicles, locomotives, and marine vessels, at seaport facilities or servicing seaport facilities in nonattainment areas; and

(2) reduction of emissions from the operation of drilling, production, completions, and related heavy-duty on-road vehicles or non-road equipment in oil and gas production fields where the commission determines that the programs can help prevent that area or an adjacent area from being in violation of national ambient air quality standards.

SECTION 2. Subchapter B, Chapter 386, Health and Safety Code, is amended by adding Section 386.0515 to read as follows:

Sec. 386.0515. AGRICULTURAL PRODUCT TRANSPORTATION PROJECTS. (a) In this section, “agricultural product transportation” means the transportation of a raw agricultural product from the place of production using a heavy-duty truck to:

(1) a nonattainment area;
(2) an affected county;
(3) a destination inside the clean transportation triangle; or
(4) a county adjacent to a county described by Subdivision (2) or that contains an area described by Subdivision (1) or (3).

(b) Notwithstanding other eligibility requirements, the commission shall by rule or policy provide specific eligibility requirements under the Texas Clean Fleet Program established under Chapter 392 and under the Texas natural gas vehicle grant program established under Chapter 394, as added by Chapter 892 (Senate Bill No. 385), Acts of the 82nd Legislature, Regular Session, 2011, for projects relating to agricultural product transportation.

(c) The determining factor for eligibility for participation in a program established under Chapter 392 or Chapter 394, as added by Chapter 892 (Senate Bill No. 385), Acts of the 82nd Legislature, Regular Session, 2011, for a project relating to agricultural product transporta-
tion is the overall accumulative net reduction in emissions of oxides of nitrogen in a nonattainment area, an affected county, or the clean transportation triangle.

SECTION 3. Subsection (b), Section 386.058, Health and Safety Code, is amended to read as follows:

(b) The governor shall appoint to the advisory board:
   (1) a representative of the trucking industry;
   (2) a representative of the air conditioning manufacturing industry;
   (3) a representative of the electric utility industry;
   (4) a representative of regional transportation; and
   (5) a representative of the nonprofit organization described by Section 387.002.

SECTION 4. Section 386.104, Health and Safety Code, is amended by adding Subsection (f-1) to read as follows:

(f-1) The commission may establish minimum percentage reduction standards alternative to the standards established under Subsection (f) as an incentive for the conversion of heavy-duty diesel on-road vehicle engines or non-road engines to operate under a dual-fuel configuration that uses natural gas and diesel fuels through an alternative fuel conversion system certified by the United States Environmental Protection Agency or the California Air Resources Board. In determining the emissions rate of the converted vehicle and engine to compute the emissions reductions that can be attributed to the conversion system, the commission may take into account whether the emissions certification requirements for the conversion system prevent fully accounting for the emissions reductions. If the commission determines it to be necessary and appropriate, the commission may consider under this subsection certified engine test information that demonstrates reductions of emissions of nitrogen oxides and other pollutants and other information to verify the emissions reductions.

SECTION 5. Section 386.106, Health and Safety Code, is amended to read as follows:

Sec. 386.106. COST-EFFECTIVENESS CRITERIA; DETERMINATION OF GRANT AMOUNT. (a) Except as otherwise provided by statute, the [as provided by Section 286.107 and except for infrastructure projects and infrastructure purchases that are part of a broader retrofit, repower, replacement, or add-on equipment project, the commission may not award a grant for a proposed project the cost effectiveness of which, calculated in accordance with Section 386.105 and criteria developed under that section, exceeds $15,000 per ton of oxides of nitrogen emissions reduced in the nonattainment area or affected county for which the project is proposed. This subsection does not restrict commission authority under other law to require emissions reductions with a cost effectiveness that exceeds $15,000 per ton.

(b) The commission may not award a grant that, net of taxes, provides an amount that exceeds the incremental cost of the proposed project.

(c) (as) The commission shall adopt guidelines for capitalizing incremental lease costs so that those costs may be offset by a grant under this subchapter.

(c) (as) In determining the amount of a grant under this subchapter, the commission shall reduce the incremental cost of a proposed new purchase, lease, retrofit, repower, or add-on equipment project by the value of any existing financial incentive that directly reduces the cost of the proposed project, including tax credits or deductions, other grants, or any other public financial assistance.

SECTION 6. Sections 386.152 and 386.153, Health and Safety Code, are amended to read as follows:

Sec. 386.152. [COMPTROLLER AND] COMMISSION DUTIES REGARDING LIGHT-DUTY MOTOR VEHICLE PURCHASE OR LEASE INCENTIVE PROGRAM. (a) The [comptroller and the] commission shall develop a purchase or lease incentive program for new light-duty motor vehicles and shall adopt rules necessary to implement the program.

(b) The program shall authorize statewide incentives for the purchase or lease, according to the schedule provided by Section 386.153, of new light-duty motor vehicles powered by compressed natural gas, liquefied petroleum gas, or electric drives [that are certified by the
United States Environmental Protection Agency to meet an emissions standard that is at least as stringent as those provided by Section 386.152 for a purchaser or lessee who agrees to register (the vehicle in this state) and (to) operate the vehicle in this state for a minimum period of time to be established by the commission [not less than 75 percent of the vehicle's annual mileage].

(c) Only one incentive will be provided for each new light-duty motor vehicle. The incentive shall be provided to the lessee and not to the purchaser if the motor vehicle is purchased for the purpose of leasing the vehicle to another person.

Sec. 386.153. LIGHT-DUTY MOTOR VEHICLE PURCHASE OR LEASE INCENTIVE REQUIREMENTS [SCHEDULE]. (a) A new light-duty motor vehicle powered by compressed natural gas or liquefied petroleum gas is eligible for a $2,500 incentive if the vehicle:

1. has four wheels;
2. was originally manufactured to comply with and has been certified by an original equipment manufacturer or intermediate or final state vehicle manufacturer as complying with, or has been altered to comply with, federal motor vehicle safety standards, state emissions regulations, and any additional state regulations applicable to vehicles powered by compressed natural gas or liquefied petroleum gas;
3. was manufactured for use primarily on public streets, roads, and highways;
4. is rated at not more than 9,600 pounds unloaded vehicle weight;
5. has a dedicated or bi-fuel compressed natural gas or liquefied petroleum gas fuel system with a range of at least 125 miles as estimated, published, and updated by the United States Environmental Protection Agency;
6. has, as applicable,
   (A) compressed natural gas fuel system that complies with the:
      (i) 2013 NFPA 52 Vehicular Gaseous Fuel Systems Code; and
      (ii) American National Standard for Basic Requirements for Compressed Natural Gas Vehicle (NGV) Fuel Containers, commonly cited as “ANSI/CSA NGV2”; or
   (B) liquefied petroleum gas fuel system that complies with:
      (i) the 2011 NFPA 58 Liquefied Petroleum Gas Code; and
      (ii) Section VII of the 2013 ASME Boiler and Pressure Vessel Code; and
7. was acquired on or after September 1, 2013, or a later date established by the commission, by the person applying for the incentive under this subsection and for use or lease by that person and not for resale.

(b) If the commission determines that an updated version of a code or standard described by Subdivision (a)(6) is more stringent than the version of the code or standard described by Subdivision (a)(6), the commission by rule may provide that a vehicle for which a person applies for an incentive under Subsection (a) is eligible for the incentive only if the vehicle complies with the updated version of the code or standard.

(b-i) The incentive under Subsection (a) is limited to 2,000 vehicles for the state fiscal biennium beginning September 1, 2013.

(c) A new light-duty motor vehicle powered by electric drive is eligible for a $2,500 incentive if the vehicle:

1. has four wheels;
2. was manufactured for use primarily on public streets, roads, and highways;
3. has not been modified from the original manufacturer's specifications;
4. is rated at not more than 8,500 pounds unloaded vehicle weight;
5. has a maximum speed capability of at least 55 miles per hour;
6. is propelled to a significant extent by an electric motor that draws electricity from a battery that:
   (A) has a capacity of not less than four kilowatt hours; and
(B) is capable of being recharged from an external source of electricity; and

(7) was acquired on or after September 1, 2013, or a later date as established by the commission, by the person applying for the incentive under this subsection and for use or lease by that person and not for resale.

(d) The incentive under Subsection (c) is limited to 2,000 vehicles for the state fiscal biennium beginning September 1, 2013. A new light-duty motor vehicle is eligible for an incentive according to the following schedule:

<table>
<thead>
<tr>
<th>Incentive emission standard and incentive amount</th>
<th>Model year 2003–2007</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bin 1</td>
<td>$1,250</td>

</tbody>
</table>

SECTION 7. Section 386.156, Health and Safety Code, is amended to read as follows:

Sec. 386.156. LIST OF ELIGIBLE MOTOR VEHICLES. (a) On August 1 each year the commission shall publish a list of the new model motor vehicles eligible for inclusion in an incentive under this subchapter as listed for the commission under Section 386.155. The commission shall publish supplements to that list as necessary to include additional new vehicle models listed in a supplement to the original list provided by a manufacturer under Section 386.155.

(b) The commission shall publish the list of eligible motor vehicles on the commission’s Internet website to all new motor vehicle dealers and leasing agents in the state.

SECTION 8. Subsections (a) and (c), Section 386.158, Health and Safety Code, are amended to read as follows:

(a) A person who purchases or leases a new light-duty motor vehicle described by Section 386.153 and that has been listed under Section 386.156(a) is eligible to apply for an incentive under this subchapter.

(c) To receive money under an incentive program provided by this subchapter, the purchaser or lessee of a new light-duty motor vehicle who is eligible to apply for an incentive under this subchapter shall apply for the incentive in the manner provided by law or by rule of the commission.

SECTION 9. Section 386.160, Health and Safety Code, is amended to read as follows:

Sec. 386.160. COMMISSION TO ACCOUNT FOR MOTOR VEHICLE PURCHASE OR LEASE INCENTIVES. (a) The commission by rule shall develop a method to administer and account for the motor vehicle purchase or lease incentives authorized by this subchapter and to pay incentive money to the purchaser or lessee of a new motor vehicle, on application of the purchaser or lessee as provided by this subchapter.

(b) The commission shall develop and publish forms and instructions for the purchaser or lessee of a new motor vehicle to use in applying to the commission for an incentive payment under this subchapter. The commission shall make the forms available to new motor vehicle dealers and leasing agents. Dealers and leasing agents shall make the forms available to their prospective purchasers or lessees.

(c) In addition to other forms developed and published under this section, the commission shall develop and publish a verification form by which, with information provided by the dealer or leasing agent, the commission can verify the sale of a vehicle covered by this subchapter. The verification form shall include at least the name of the purchaser, the vehicle identification number of the vehicle involved, the date of the purchase, and the name of the new motor dealer or leasing agent involved in the transaction. At the time of sale or lease of a vehicle eligible for an incentive under this subchapter, the dealer or leasing agent shall complete the verification form supplied to the dealer by the commission. The purchaser or lessee shall include the completed verification form with the application for the incentive.
form as part of the purchaser's application for an incentive. The dealer shall maintain a copy of the completed verification form for at least two years from the date of the transaction.

SECTION 10. The heading to Section 386.161, Health and Safety Code, is amended to read as follows:

Sec. 386.161. [REPORT TO COMMISSION] SUSPENSION OF PURCHASE OR LEASE INCENTIVES.

SECTION 11. Subsections (b), (c), and (d), Section 386.161, Health and Safety Code, are amended to read as follows:

(b) If the balance available for motor vehicle purchase or lease incentives falls below 15 percent of the total allocated for the incentives during that fiscal year, the [commission by order shall suspend the incentives until the date the comptroller can certify that the balance available in the fund for incentives is an amount adequate to resume the incentives or the beginning of the next fiscal year, whichever is earlier. If the [commission suspends the incentives, the commission shall immediately notify all new motor vehicle dealers and leasing agents that the incentives have been suspended.

(c) The commission shall establish a toll-free telephone number available to motor vehicle dealers and leasing agents for the dealers and agents to call to verify that incentives are available. The commission may provide for issuing verification numbers over the telephone line.

(d) Reliance by a dealer or leasing agent on information provided by the commission is a complete defense to an action involving or based on eligibility of a vehicle for an incentive or availability of vehicles eligible for an incentive.

SECTION 12. Subchapter D, Chapter 386, Health and Safety Code, is amended by adding Section 386.162 to read as follows:

Sec. 386.162. EXPIRATION. This subchapter expires August 31, 2015.

SECTION 13. Chapter 386, Health and Safety Code, is amended by adding Subchapter D-1 to read as follows:

SUBCHAPTER D-1. DRAYAGE TRUCK INCENTIVE PROGRAM

Sec. 386.181. DEFINITION; RULES. (a) In this subchapter, "drayage truck" means a truck that transports a load to or from a seaport or rail yard.

(b) The commission may include more specific definitions in the rules or guidelines developed to implement the program established by this subchapter in order to reduce emissions in and around seaports in a nonattainment area.

Sec. 386.182. COMMISSION DUTIES. (a) The commission shall develop a purchase incentive program to encourage owners to replace drayage trucks with pre-2007 model year engines with newer drayage trucks and shall adopt guidelines necessary to implement the program.

(b) The commission by rule shall establish criteria for the models of drayage trucks that are eligible for inclusion in an incentive program under this subchapter. The guidelines must provide that a drayage truck owner is not eligible for an incentive payment under this subchapter unless the truck being replaced contains a pre-2007 model year engine and the replacement truck's engine is from model year 2010 or later as determined by the commission and that the truck operates at a seaport or rail yard.

Sec. 386.183. DRAYAGE TRUCK PURCHASE INCENTIVE. (a) To be eligible for an incentive under this subchapter, a person must:

(1) purchase a replacement drayage truck that under the guidelines adopted by the commission under Section 386.182 is eligible for inclusion in the program for an incentive under this subchapter; and

(2) agree to:

(A) register the truck in this state;
(B) operate the truck in and within a maximum distance established by the commission of a seaport or rail yard in a nonattainment area of this state for not less than 50 percent of the vehicle's annual mileage or hours of operation, as determined by the commission; and

(C) permanently remove a pre-2007 drayage truck containing a pre-2007 engine owned by the person from operation in a nonattainment area of this state by destroying the engine and scrapping the truck after the purchase of the new truck in accordance with guidelines established by the commission.

(b) To receive money under an incentive program provided by this subchapter, the purchaser of a drayage truck eligible for inclusion in the program must apply for the incentive in the manner provided by law, rule, or guideline of the commission.

(c) Not more than one incentive may be provided for each drayage truck purchased.

(d) An incentive provided under this subchapter may be used to fund not more than 80 percent of the purchase price of the drayage truck.

(e) The commission shall establish procedures to verify that a person who receives an incentive:

(1) has operated in a seaport or rail yard and owned or leased the drayage truck to be replaced for at least two years prior to receiving the grant; and

(2) permanently destroys the engine and scraps the drayage truck that contained the pre-2007 engine owned or leased by the person, in accordance with guidelines established by the commission, after the purchase of the new truck.

(f) The commission may modify this program to improve its effectiveness or further the goals of Subchapter B.

SECTION 14. The heading to Subchapter E, Chapter 386, Health and Safety Code, is amended to read as follows:

SUBCHAPTER E. EVALUATION OF UTILITY COMMISSION AND COMPTROLLER ENERGY EFFICIENCY PROGRAMS [GRANT PROGRAM]

SECTION 15. Section 386.205, Health and Safety Code, is amended to read as follows:

Sec. 386.205. EVALUATION OF UTILITY COMMISSION AND COMPTROLLER ENERGY EFFICIENCY PROGRAMS. In cooperation with the laboratory, the utility commission shall provide an annual report to the commission that, by county, quantifies the reductions of energy demand, peak loads, and associated emissions of air contaminants achieved from [the] programs implemented by the state energy conservation office [under this subchapter] and from programs [these] implemented under Section 39.905, Utilities Code.

SECTION 16. Subsection (a), Section 386.252, Health and Safety Code, as amended by Chapter 28 (S.B. 527), Acts of the 82nd Legislature, Regular Session, 2011, is amended to read as follows:

(a) Money in the fund may be used only to implement and administer programs established under the plan. Money appropriated to the commission to be used for the programs under Section 386.051(b) [and the total appropriation] shall be allocated as follows:

(1) not more than four percent may be used for the clean school bus program under Chapter 390;

(2) not more than three percent [not more than 10 percent may be used for on-road diesel purchase or lease incentives];

(3) a specified amount may be used for the new technology implementation grant program under Chapter 391, from which at least $1 million will be set aside for electricity storage projects related to renewable energy;

(4) five percent shall be used for the clean fleet program under Chapter 392;

(5) not more than [$7 million shall be allocated in 2012 and 2013 and not more than] $3 million may be used by the commission [allocated in 2014 and in subsequent

3099
to fund a regional air monitoring program in commission Regions 3 and 4 to be implemented under the commission's oversight, including direction regarding the type, number, location, and operation of, and data validation practices for, monitors funded by the program through a regional nonprofit entity located in North Texas having representation from counties, municipalities, higher education institutions, and private sector interests across the area;

(5) not less than 16 percent shall be used for the Texas natural gas vehicle grant program under Chapter 394;

(6) not more than five percent may be used to provide grants for natural gas fueling stations under the clean transportation triangle program under Section 394.010;

(7) not more than five percent may be used for the Texas alternative fueling facilities program under Chapter 393;

(8) a specified amount may be used [is to be allocated] each year to support research related to air quality as provided by Chapter 387;

(9) not more than [7-up-to] $200,000 may be used [is allocated] for a health effects study;

(10) [8-up-to] $500,000 is to be deposited in the state treasury to the credit of the clean air account created under Section 382.0522 to supplement funding for air quality planning activities in affected counties;

(11) at least $1 million and up to four percent to a maximum of $7 million, whichever is greater, is allocated to the commission for administrative costs;

(12) at least two percent and up to five percent of the fund is to be used by the commission for the drayage truck incentive program established under Subchapter D-1;

(13) not more than five percent may be used for the light-duty motor vehicle purchase or lease incentive program established under Subchapter D;

(14) not more than $216,000 is allocated to the commission to contract with the Energy Systems Laboratory at the Texas Engineering Experiment Station annually for the development and annual computation of creditable statewide emissions reductions obtained through wind and other renewable energy resources for the state implementation plan;

(15) [44] 1.5 percent of the money in the fund is allocated for administrative costs incurred by the laboratory; and

(16) the balance is to be used by [is allocated to] the commission for the diesel emissions reduction incentive program under Subchapter C as determined by the commission.

SECTION 17. Section 386.252, Health and Safety Code, is amended by amending Subsections (b), (c), (d), and (e) and adding Subsection (e-1) to read as follows:

(b) The commission may allocate unexpended money designated for the clean fleet program under Chapter 392 to other programs described under Subsection (a) after the commission allocates money to recipients under the clean fleet program.

(c) The commission may allocate unexpended money designated for the Texas alternative fueling facilities program under Chapter 393 to other programs described under Subsection (a) after the commission allocates money to recipients under the alternative fueling facilities program.

(d) The commission may reallocate money designated for the Texas natural gas vehicle grant program under Chapter 394 to other programs described under Subsection (a) if:

(1) the commission, in consultation with the governor and the advisory board, determines that the use of the money in the fund for that program will cause the state to be in noncompliance with the state implementation plan to the extent that federal action is likely, and

(2) the commission finds that the reallocation of some or all of the funding for the program would resolve the noncompliance.
(e) Under Subsection (d), the commission may not reallocate more than the minimum amount of money necessary to resolve the noncompliance.

(e-1) Money allocated under Subsection (a) to a particular program may be used for another program under the plan as determined by the commission.

(e) Money in the fund may be allocated to the clean school bus program only if:

(1) the money is available for that purpose after money is allocated for the other purposes of the fund as required by the state implementation plan; or

(2) the amount of money deposited to the credit of the fund in a state fiscal year exceeds the amount the comptroller's biennial revenue estimate shows as the comptroller's estimated amount to be deposited to the credit of the fund in that year.

(d) The commission may allocate unexpended money designated for the clean fleet program to other programs described under Subsection (a) after the commission allocates money to recipients under the clean fleet program.

(e) The commission may allocate unexpended money designated for the Texas alternative fueling-facilities program to other programs described under Subsection (a) after the commission allocates money to recipients under the alternative fueling-facilities program.

SECTION 18. Subsection (f), Section 386.252, Health and Safety Code, as added by Chapter 892 (S.B. 385), Acts of the 82nd Legislature, Regular Session, 2011, is amended to read as follows:

(f) Money in the fund may be used by the commission for programs under Sections 386.051(b)(13), (b)(14), and (b-1) as may be appropriated for those programs [Notwithstanding Subsection (a), the commission may reallocate money in the fund if:

(1) the commission, in consultation with the governor and the advisory board, determines that the use of the money in the fund for the program established under Chapter 394 will cause the state to be in noncompliance with the state implementation plan to the extent that federal action is likely; and

(2) the commission finds that the reallocation of some or all of the funding for the program established under Chapter 394 would resolve the noncompliance].

SECTION 19. Section 386.252, Health and Safety Code, is amended by amending Subsection (g) and adding Subsection (h) to read as follows:

(g) If the legislature does not specify amounts or percentages from the total appropriation to the commission to be allocated under Subsection (a) or (f), the commission shall determine the amounts of the total appropriation to be allocated under each of those subsections such that the total appropriation is expended while maximizing emissions reductions [Under Subsection (f), the commission may not reallocate more than the minimum amount of money necessary to resolve the noncompliance].

(h) Subject to the limitations outlined in this section and any additional limitations placed on the use of the appropriated funds, money allocated under this section to a particular program may be used for another program under the plan as determined by the commission.

SECTION 20. Section 391.002, Health and Safety Code, is amended to read as follows:

Sec. 391.002. GRANT PROGRAM. (a) The commission shall establish and administer a new technology implementation grant program to assist the implementation of new technologies to reduce emissions from facilities and other stationary sources in this state. The commission may establish a minimum capital expenditure threshold for projects under Subsection (b)(2). Under the program, the commission shall provide grants or other financial incentives for eligible projects to offset the incremental cost of emissions reductions.

(b) Projects that may be considered for a grant under the program include:

(1) advanced clean energy projects, as defined by Section 382.003;

(2) new technology projects that reduce emissions of regulated pollutants from point sources [and involve capital expenditures that exceed $500 million]; and
(3) electricity storage projects related to renewable energy, including projects to store electricity produced from wind and solar generation that provide efficient means of making the stored energy available during periods of peak energy use.

SECTION 21. Subsection (a), Section 392.007, Health and Safety Code, is amended to read as follows:

(a) The amount the commission shall award for each vehicle being replaced is up to:

(1) 80 percent, as determined by the commission, of the total (incremental) cost for replacement of a heavy-duty or light-duty diesel engine:
   - [A] manufactured prior to implementation of federal or California emission standards; and
   - [B] not certified to meet a specific emission level by either the United States Environmental Protection Agency or the California Air Resources Board;
(2) 70 percent of the incremental cost for replacement of a heavy-duty diesel engine certified to meet the federal emission standards applicable to engines manufactured in 1990 through 1997;
(3) 60 percent of the incremental cost for replacement of a heavy-duty diesel engine certified to meet the federal emission standards applicable to engines manufactured in 1991 through 1993;
(4) 50 percent of the incremental cost for replacement of a heavy-duty diesel engine certified to meet the federal emission standards applicable to engines manufactured in 1994 and later;
(5) 50 percent of the incremental cost for replacement of a light-duty diesel vehicle:
   - [A] manufactured prior to the implementation of certification requirements; and
   - [B] not certified to meet either mandatory or voluntary emission certification standards;
(6) 70 percent of the incremental cost for replacement of a light-duty diesel vehicle certified to meet federal Tier 1 emission standards phased in between 1994 and 1997; and
(7) 60 percent of the incremental cost for replacement of a light-duty diesel vehicle certified to meet federal Tier 2 emission standards phased in between 2004 and 2009.

SECTION 22. Subsection (a), Section 394.007, Health and Safety Code, as amended by Chapter 892 (S.B. 385), Acts of the 82nd Legislature, Regular Session, 2011, is amended to read as follows:

(a) The commission shall develop a grant schedule that:

1. assigns a standardized grant in an amount up to [between 60 and] 90 percent of the incremental cost of a natural gas vehicle purchase, lease, other commercial finance, or repowering;
2. is based on:
   - [A] the certified emission level of nitrogen oxides, or other pollutants as determined by the commission, of the engine powering the natural gas vehicle; and
   - [B] the usage of the natural gas vehicle; and
3. may take into account the overall emissions reduction achieved by the natural gas vehicle.

SECTION 23. Section 394.010, Health and Safety Code, as amended by Chapter 892 (S.B. 385), Acts of the 82nd Legislature, Regular Session, 2011, is amended by amending Subsections (a), (b), (c), and (d) and adding Subsection (f-1) to read as follows:

(a) To ensure that natural gas vehicles purchased, leased, or otherwise commercially financed or repowered under the program have access to fuel, and to build the foundation for a self-sustaining market for natural gas vehicles in Texas, the commission shall award grants to support the development of a network of natural gas vehicle fueling stations along the interstate highways connecting Houston, San Antonio, Dallas, and Fort Worth, and in nonattainment areas and affected counties of the state. In awarding the grants, the commission shall provide for:
(1) strategically placed natural gas vehicle fueling stations in and between the Houston, San Antonio, and Dallas–Fort Worth areas, and in nonattainment areas and affected counties of the state, to enable a natural gas vehicle to travel in those areas relying solely on natural gas fuel;

(2) grants to be dispersed through a competitive bidding process to offset a portion of the cost of installation of the natural gas dispensing equipment;

(3) contracts that require the recipient stations to meet operational, maintenance, and reporting requirements as specified by the commission; and

(4) a listing, to be maintained by the commission and made available to the public online, of all natural gas vehicle fueling stations that have received grant funding, including location and hours of operation.

(b) The commission may not award more than:

[(1) three station grants to any entity; or

[(2)] one grant for each station.

(c) Grants awarded under this section may not exceed:

[(1) $400,000 ($250,000) for a compressed natural gas station;

[(2) $400,000 ($250,000) for a liquefied natural gas station; or

[(3) $600,000 ($400,000) for a station providing both liquefied and compressed natural gas.

(d) Stations funded by grants under this section must be publicly accessible and located not more than three miles from an interstate highway system. The commission shall give preference to:

[(1) stations providing both liquefied natural gas and compressed natural gas at a single location; and

[(2) stations located not more than one mile from an interstate highway system; and

[(3] stations located in the triangular area between the Houston, San Antonio, and Dallas–Fort Worth areas.

(f-1) An application for a grant under this section must include a certification that the applicant complies with laws, rules, guidelines, and requirements applicable to taxation of fuel provided by the applicant at each fueling facility owned or operated by the applicant. The commission may terminate a grant awarded under this section without further obligation to the grant recipient if the commission determines that the recipient did not comply with a law, rule, guideline, or requirement described by this subsection. This subsection does not create a cause of action to contest an application or award of a grant.

SECTION 24. Section 393.006, Health and Safety Code, as amended by Chapter 892 (S.B. 385), Acts of the 82nd Legislature, Regular Session, 2011, is amended to read as follows:

Sec. 393.006. AMOUNT OF GRANT. For each eligible facility for which a recipient is awarded a grant under the program, the commission shall award the grant in an amount equal to the lesser of:

[(1) 50 percent of the sum of the actual eligible costs incurred by the grant recipient within deadlines established by the commission to construct, reconstruct, or acquire the facility; or

[(2) $600,000 ($500,000).

SECTION 25. The following provisions are repealed:

(1) Subsection (c), Section 386.051, Health and Safety Code;

(2) Subdivision (1), Section 386.151, Health and Safety Code;

(3) Section 386.154, Health and Safety Code;

(4) Subsection (a), Section 386.161, Health and Safety Code;

(5) Sections 386.201, 386.202, and 386.203, Health and Safety Code;

(6) Section 386.204, Health and Safety Code;
(7) Subsection (a), Section 386.252, Health and Safety Code, as amended by Chapters 589 (Senate Bill No. 20) and 892 (Senate Bill No. 385), Acts of the 82nd Legislature, Regular Session, 2011;

(8) Subsection (f), Section 386.252, Health and Safety Code, as added by Chapter 589 (Senate Bill No. 20), Acts of the 82nd Legislature, Regular Session, 2011; and

(9) Chapters 393 and 394, Health and Safety Code, as amended by Chapter 589 (Senate Bill No. 20), Acts of the 82nd Legislature, Regular Session, 2011.

SECTION 26. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2013.

Passed the Senate on May 2, 2013: Yeas 29, Nays 1, one present not voting; the Senate concurred in House amendments on May 25, 2013: Yeas 28, Nays 2, one present not voting; passed the House, with amendments, on May 21, 2013: Yeas 107, Nays 39, two present not voting.

Approved June 14, 2013.

Effective June 14, 2013.

CHAPTER 1231

H.B. No. 2984

AN ACT relating to lobbying expenditures that are made jointly.

Be it enacted by the Legislature of the State of Texas:

SECTION 1. Section 305.0021(b), Government Code, is amended to read as follows:

(b) For purposes of Section 36.02 or 36.10, Penal Code, a person described by Subsection (a)(2)(A) is not considered to have made an expenditure that is attributed to a person who is not a registrant is not an expenditure made and reported in accordance with this chapter.

SECTION 2. The amendment made by this Act to Section 305.0021(b), Government Code, is intended to clarify rather than change existing law.

SECTION 3. This Act takes effect September 1, 2013.

Passed by the House on April 25, 2013: Yeas 135, Nays 1, 2 present, not voting; passed by the Senate on May 22, 2013: Yeas 31, Nays 0.

Approved June 14, 2013.

Effective September 1, 2013.

CHAPTER 1232

H.B. No. 500

AN ACT relating to the computation of the franchise tax, including certain exclusions from the tax.

Be it enacted by the Legislature of the State of Texas:

SECTION 1. Section 171.0001(12), Tax Code, is amended to read as follows:

(12) "Retail trade" means:

(A) the activities described in Division G of the 1987 Standard Industrial Classification Manual published by the federal Office of Management and Budget; [and]
