(d) All requirements of the constitution and laws of this state and the rules and procedures of the legislature with respect to the notice, introduction, and passage of this Act are fulfilled and accomplished.

SECTION 4. (a) If this Act does not receive a two-thirds vote of all the members elected to each house, Subchapter C, Chapter 8421, Special District Local Laws Code, as added by Section 1 of this Act, is amended by adding Section 8421.106 to read as follows:

Sec. 8421.106. NO EMINENT DOMAIN POWER. The district may not exercise the power of eminent domain.

(b) This section is not intended to be an expression of a legislative interpretation of the requirements of Subsection (c), Section 17, Article I, Texas Constitution.

SECTION 5. Except as provided by Section 4 of this Act:

(1) this Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution; and

(2) if this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2013.

Passed the Senate on April 11, 2013: Yeas 31, Nays 0; passed the House on May 22, 2013: Yeas 147, Nays 1, two present not voting.

Approved June 14, 2013.
Effective June 14, 2013.

CHAPTER 552
S.B. No. 628
AN ACT
relating to the creation of regional emergency communications districts; authorizing the issuance of bonds; authorizing a fee.

Be it enacted by the Legislature of the State of Texas:

SECTION 1. Chapter 772, Health and Safety Code, is amended by adding Subchapter G to read as follows:

SUBCHAPTER G. REGIONAL EMERGENCY COMMUNICATIONS DISTRICTS: STATE PLANNING REGION WITH POPULATION OVER 1.5 MILLION

Sec. 772.501. SHORT TITLE. This subchapter may be cited as the Regional Emergency Communications District Act.

Sec. 772.502. DEFINITIONS. In this subchapter:

(1) “Board” means the board of managers of a district.

(2) “District” means a regional emergency communications district created under this subchapter.

(3) “Participating jurisdiction” means a county or principal municipality that adopts a resolution to participate in a district created under this subchapter.

(4) “Principal municipality” means the municipality with the largest population in a region.

(5) “Region” means a state planning region established under Chapter 391, Local Government Code.

(6) “Regional planning commission” means a commission or council of governments created under Chapter 391, Local Government Code, for a designated region.

Sec. 772.503. APPLICATION OF SUBCHAPTER. This subchapter applies to a region:

(1) with a population of more than 1.5 million;
Sec. 772.504. CREATION OF DISTRICT. (a) A district is created when the governing bodies of each county and the principal municipality in the region adopt a resolution approving the district's creation and the county's or municipality's participation in the district. The district's creation is effective on the date the last county or municipal governing body in the region adopts the resolution.

(b) The district shall file with the county clerk of each county in which the district is located a certificate declaring the creation of the district.

Sec. 772.505. POLITICAL SUBDIVISION; DISTRICT POWERS. (a) A district is a political subdivision of this state created to carry out essential governmental functions.

(b) A district may exercise all powers necessary or convenient to carry out the purposes and provisions of this subchapter.

Sec. 772.506. TERRITORY OF DISTRICT. (a) The territory of a district consists of:

(1) the territory of the region in which the district is established; and

(2) for each municipality partially located in the region, the territory of that municipality located in another region.

(b) If a municipality in the district annexes territory that is outside the boundaries of the district, the annexed territory becomes part of the district.

Sec. 772.507. BOARD. (a) A district is governed by a board of managers composed of the members of the governing body of the regional planning commission for the region in which the district is established. Service on the board by a member of the governing body is an additional duty of the member's office or employment.

(b) A board member serves without compensation. The district shall pay all reasonable expenses necessarily incurred by the board member in performing the board's functions under this subchapter.

(c) A majority of the voting members of the board constitutes a quorum.

Sec. 772.508. POWERS AND DUTIES OF BOARD. (a) The board shall name, control, and manage the district.

(b) The board may adopt orders, rules, and policies governing the operations of the board and the district.

(c) The board may contract with any person to carry out the purposes of this subchapter.

(d) The board shall determine the nature and sources of funding for the district. The board may accept grants or other funding from the federal or state government, a county, a municipality, or a private person.

(e) The board may sue in the district's name.

Sec. 772.509. ADVISORY COMMITTEE. (a) The board shall appoint an advisory committee consisting of representatives of the participating jurisdictions. The advisory committee shall review, advise, and provide recommendations to the board on district issues, including equipment, training, budget, and general operational issues.

(b) An advisory committee member must have the training and experience necessary to perform the duties assigned by the board.

(c) Chapter 2110, Government Code, does not apply to the advisory committee.

Sec. 772.510. DIRECTOR OF DISTRICT; STAFF. (a) The executive director of the regional planning commission in the district's region serves as director of the district.

(b) The director shall:

(1) perform all duties required by the board;

(2) ensure that board policies and procedures are implemented for the purposes of this subchapter; and
(3) assign employees of the regional planning commission to perform duties under this subchapter as necessary to carry out the district's operations.

(c) The director may use district money to compensate an employee assigned duties under this subchapter and the director.

(d) The director and an employee assigned duties under this subchapter are employees of the regional planning commission for all purposes.

Sec. 772.511. BUDGET; ANNUAL REPORT; AUDIT. (a) The director shall prepare, under the direction of the board, an annual budget for the district. The budget and any revision of the budget must be approved by the board.

(b) As soon as practicable after the end of each district fiscal year, the director shall prepare and present to the board a written report of all money received by the district and how the money was spent during the preceding fiscal year. The report must show, in detail, the operations of the district for the period covered by the report.

(c) The board annually shall have an independent financial audit made of the district.

Sec. 772.512. PROVISION OF 9-1-1 SERVICE. (a) A district shall provide 9-1-1 service to each participating jurisdiction through one or a combination of the following methods and features or equivalent state-of-the-art technology:

(1) the transfer method;
(2) the relay method;
(3) the dispatch method;
(4) automatic number identification;
(5) automatic location identification; or
(6) selective routing.

(b) The district shall recommend minimum standards for a 9-1-1 system. The 9-1-1 system must be computerized.

(c) For each individual telephone subscriber in the district, 9-1-1 service is mandatory and is not an optional service under any definition of terms relating to telephone service.

Sec. 772.513. LIABILITY. A service supplier involved in providing 9-1-1 service, a manufacturer of equipment used in providing 9-1-1 service, or an officer or employee of a service supplier involved in providing 9-1-1 service may not be held liable for any claim, damage, or loss arising from the provision of 9-1-1 service unless the act or omission proximately causing the claim, damage, or loss constitutes gross negligence, recklessness, or intentional misconduct.

Sec. 772.514. PRIMARY EMERGENCY TELEPHONE NUMBER. The digits 9-1-1 are the primary emergency telephone number in a district. A public safety agency whose services are available through a 9-1-1 system:

(1) may maintain a separate number for an emergency telephone call; and
(2) shall maintain a separate number for a nonemergency telephone call.

Sec. 772.515. TRANSMITTING REQUESTS FOR EMERGENCY AID. (a) A 9-1-1 system established under this subchapter must be capable of transmitting requests for firefighting, law enforcement, ambulance, and medical services to a public safety agency that provides the requested service at the location from which the call originates. A 9-1-1 system may provide for transmitting requests for other emergency services, including poison control, suicide prevention, and civil defense.

(b) A public safety answering point may transmit emergency response requests to private safety entities.

(c) With the consent of a participating jurisdiction, a privately owned automatic intrusion alarm or other privately owned automatic alerting device may be installed to cause the number 9-1-1 to be dialed to gain access to emergency services.

Sec. 772.516. 9-1-1 EMERGENCY SERVICE FEE. (a) The board may impose a 9-1-1 emergency service fee on service users in the district.
(b) The fee may be imposed only on the base rate charge or the charge's equivalent, excluding charges for coin-operated telephone equipment. The fee may not be imposed on:

1. more than 100 local exchange access lines or the lines' equivalent for a single business entity at a single location, unless the lines are used by residents of the location; or
2. any line that the Commission on State Emergency Communications has excluded from the definition of a local exchange access line or equivalent local exchange access line under Section 771.063.

(c) If a business service user provides residential facilities, each line that terminates at a residential unit and is a communication link equivalent to a residential local exchange access line shall be charged the 9-1-1 emergency service fee. The fee must have uniform application throughout the district and be imposed in each participating jurisdiction in the district.

(d) The rate of the fee may not exceed six percent of the monthly base rate the principal service supplier in the participating jurisdiction charges a service user.

(e) The board shall set the amount of the fee each year as part of the annual budget. The board shall notify each service supplier of a change in the amount of the fee not later than the 91st day before the date the change takes effect.

(f) In imposing the fee, the board shall attempt to match the district's revenues to the district's operating expenditures and to provide reasonable reserves for contingencies and for the purchase and installation of 9-1-1 emergency service equipment. If the revenue received from the fee exceeds the amount of money needed to fund the district, the board by resolution shall reduce the rate of the fee to an amount adequate to fund the district as required by this subsection or suspend the imposition of the fee. If the board suspends the imposition of the fee, the board by resolution may reinstitute the fee if money received by the district is not adequate to fund the district.

(g) For a county or municipality whose governing body at a later date votes to receive 9-1-1 service from the district, the fee is imposed beginning on the date specified by the board. The board may charge the incoming county or municipality an additional amount of money to cover the initial cost of providing 9-1-1 service to that county or municipality. The fee authorized to be charged in a district applies to new territory added to the district under Section 772.506(b) when the territory becomes part of the district.

Sec. 772.517. COLLECTION OF FEE. (a) Each billed service user is liable for the fee imposed under Section 772.516 until the fee is paid to the service supplier. The fee must be added to and stated separately in the service user's bill from the service supplier. The service supplier shall collect the fee at the same time as the service charge to the service user in accordance with the service supplier's regular billing practice. A business service user that provides residential facilities and owns or leases a publicly or privately owned telephone switch used to provide telephone service to facility residents shall collect the 9-1-1 emergency service fee and transmit the fees monthly to the district.

(b) The amount collected by a service supplier from the fee is due quarterly. The service supplier shall remit the amount collected in a calendar quarter to the district not later than the 60th day after the last day of the calendar quarter. With each payment, the service supplier shall file a return in a form prescribed by the board.

(c) Both a service supplier and a business service user under Subsection (a) shall maintain records of the amount of fees the service supplier or business service user collects until at least the second anniversary of the date of collection. The board may require, at the board's expense, an annual audit of the service supplier's or business service user's books and records with respect to the collection and remittance of the fees.

(d) A business service user that does not collect and remit the 9-1-1 emergency service fee as required is subject to a civil cause of action under Subsection (g). A sworn affidavit by the district specifying the unremitted fees is prima facie evidence that the fees were not remitted and of the amount of the unremitted fees.

(e) A service supplier may retain an administrative fee of two percent of the amount of fees the service supplier collects under this section.
(f) A service supplier is not required to take any legal action to enforce the collection of the 9-1-1 emergency service fee. The service supplier shall provide the district with an annual certificate of delinquency that includes the amount of all delinquent fees and the name and address of each nonpaying service user. The certificate of delinquency is prima facie evidence that a fee included in the certificate is delinquent and of the amount of the delinquent fee. A service user account is considered delinquent if the fee is not paid to the service supplier before the 31st day after the payment due date stated on the user's bill from the service supplier.

(g) The district may file legal proceedings against a service user to collect fees not paid by the service user and may establish internal collection procedures and recover the cost of collection from the nonpaying service user. If legal proceedings are filed by the district, the court may award costs, attorney's fees, and interest to be paid by the nonpaying service user. A delinquent fee accrues interest at the legal rate beginning on the date the payment becomes due.

Sec. 772.518. DISTRICT DEPOSITORY. (a) The board shall select a depository for the district in the manner provided by law for the selection of a county depository.

(b) A depository selected by the board is the district's depository until the second anniversary of the date of selection and until a successor depository is selected and qualified.

Sec. 772.519. ALLOWABLE EXPENSES. A district's allowable operating expenses include all costs attributable to designing a 9-1-1 system and all equipment and personnel necessary to establish and operate a public safety answering point and other related operations that the board considers necessary.

Sec. 772.520. NUMBER AND LOCATION IDENTIFICATION. (a) As part of computerized 9-1-1 service, a service supplier shall furnish, for each call, the telephone number of the subscriber and the address associated with the number.

(b) A business service user that provides residential facilities and owns or leases a publicly or privately owned telephone switch used to provide telephone service to facility residents shall provide to those residential end users the same level of 9-1-1 service that a service supplier is required to provide under Subsection (a) to other residential end users in the district.

(c) Information furnished under this section is confidential and is not available for public inspection.

(d) A service supplier or business service user under Subsection (b) may not be held liable to a person who uses a 9-1-1 system created under this subchapter for the release to the district of the information specified in Subsections (a) and (b).

Sec. 772.521. PUBLIC REVIEW. (a) Periodically, the board shall solicit public comments and hold a public review hearing on the continuation of the district and the 9-1-1 emergency service fee. The first hearing shall be held on or before the third anniversary of the date of the district's creation. Subsequent hearings shall be held on or before the third anniversary of the date each resolution required by Subsection (c) is adopted.

(b) The board shall publish notice of the time and place of a hearing once a week for two consecutive weeks in a daily newspaper of general circulation published in the district. The first notice must be published not later than the 16th day before the date set for the hearing.

(c) After the hearing, the board shall adopt a resolution on the continuation or dissolution of the district and the 9-1-1 emergency service fee.

Sec. 772.522. DISSOLUTION PROCEDURES. (a) If a district is dissolved, 9-1-1 service must be discontinued. The regional planning commission for the district's region shall assume the district's assets, provide 9-1-1 service, and pay the district's debts. If the district's assets are insufficient to retire all existing debts of the district on the date of dissolution, the regional planning commission shall continue to impose the 9-1-1 emergency service fee, and each service supplier shall continue to collect the fee for the regional planning commission. Proceeds from the imposition of the fee by the regional planning commission after dissolution of the district may be used only to retire the outstanding debts of the district.
(b) The regional planning commission shall retire the district's debts to the extent practicable according to the terms of the instruments creating the debts and the terms of the resolutions authorizing creation of the debts.

(c) The governing body of the regional planning commission for the district's region may adopt rules necessary to administer this section.

Sec. 772.523. ISSUANCE OF BONDS. The board may issue bonds in the name of the district to finance:

1. the acquisition by any method of facilities, equipment, or supplies necessary for the district to provide 9-1-1 service to each participating jurisdiction; or

2. the installation of equipment necessary for the district to provide 9-1-1 service to each participating jurisdiction.

Sec. 772.524. REPAYMENT OF BONDS. The board may provide for the payment of principal of and interest on district bonds by pledging all or part of the district's revenues from the 9-1-1 emergency service fee or from other sources.

Sec. 772.525. ADDITIONAL SECURITY FOR BONDS. (a) District bonds may be additionally secured by a deed of trust or mortgage lien on all or part of the district's physical properties and rights appurtenant to the properties, vesting in the trustee power to sell the properties for payment of the indebtedness, power to operate the properties, and any other power necessary for the further security of the bonds.

(b) The bond trust indenture, regardless of the existence of a deed of trust or mortgage lien on the properties, may:

1. contain provisions prescribed by the board for the security of the bonds and the preservation of the trust estate; and

2. make provisions for:
   (A) amendment or modification; and
   (B) investment of district funds.

(c) A purchaser under a sale under the deed of trust or mortgage lien is the absolute owner of the properties and rights purchased and may maintain and operate the properties.

Sec. 772.526. FORM OF BONDS. (a) A district may issue bonds in various series or issues.

(b) Bonds may mature serially or otherwise not more than 25 years after the bonds' date of issuance. Bonds shall bear interest at any rate permitted by state law.

(c) A district's bonds and interest coupons:

1. are investment securities under Chapter 8, Business & Commerce Code;

2. may be issued registrable as to principal or to both principal and interest; and

3. may be made redeemable before maturity or contain a mandatory redemption provision at the option of the district.

(d) A district may issue bonds in the form, denomination, and manner and under the terms and conditions provided by the board in the resolution authorizing the bonds' issuance. The bonds must be signed and executed as provided by the board in the resolution.

Sec. 772.527. PROVISIONS OF BONDS. (a) In this section, “resolution” means a board resolution authorizing the issuance of bonds, including refunding bonds.

(b) In a resolution, the board may:

1. provide for the flow of funds and the establishment and maintenance of an interest and sinking fund, reserve fund, or other fund; and

2. make additional covenants with respect to the bonds, the pledged revenues, and the operation and maintenance of any facilities the revenue of which is pledged.

(c) A resolution may:

1. prohibit the further issuance of bonds or other obligations payable from the pledged revenue; or
(2) reserve the right to issue additional bonds to be secured by a pledge of and payable from the revenue on a parity with or subordinate to the lien and pledge in support of the bonds being issued.

(d) A resolution may contain other provisions and covenants determined by the board.

(e) The board may adopt and have executed any other proceedings or instruments necessary or convenient for issuance of bonds.

Sec. 772.528. APPROVAL AND REGISTRATION OF BONDS. (a) Bonds issued by a district must be submitted to the attorney general for examination.

(b) If the attorney general finds that the bonds have been authorized in accordance with law, the attorney general shall approve the bonds. On approval by the attorney general, the comptroller shall register the bonds.

(c) After approval and registration, the bonds are incontestable in any court or other forum for any reason and are valid and binding obligations in accordance with the bonds' terms for all purposes.

Sec. 772.529. REFUNDING BONDS. (a) A district may issue bonds to refund all or any part of the district's outstanding bonds, including matured and unpaid interest coupons.

(b) Refunding bonds shall mature serially or otherwise, as determined by the board, not more than 25 years after the bonds' date of issuance. Bonds shall bear interest at any rate permitted by state law.

(c) Refunding bonds may be payable from the same source as the bonds being refunded or from other sources.

(d) Refunding bonds must be approved by the attorney general in the same manner as the district's other bonds. The comptroller shall register the refunding bonds on the surrender and cancellation of the bonds being refunded.

(e) A resolution authorizing the issuance of refunding bonds may provide that the bonds be sold and the proceeds deposited in a place at which the bonds being refunded are payable, in which case the refunding bonds may be issued before the cancellation of the bonds being refunded. If refunding bonds are issued before cancellation of the other bonds, an amount sufficient to pay the principal of the bonds being refunded and interest on those bonds accruing to the bonds' maturity dates or option dates, if the bonds have been duly called for payment before maturity according to the bonds' terms, must be deposited in the place at which the bonds being refunded are payable. The comptroller shall register the refunding bonds without the surrender and cancellation of the bonds being refunded.

(f) A refunding may be accomplished in one or more installment deliveries. Refunding bonds and the bonds' interest coupons are investment securities under Chapter 8, Business & Commerce Code.

(g) Instead of the method set forth in Subsections (a)-(f), a district may refund bonds, notes, or other obligations as provided by the general laws of this state.

Sec. 772.530. BONDS AS INVESTMENTS AND SECURITY FOR DEPOSITS. (a) District bonds are legal and authorized investments for:

(1) a bank;
(2) a savings bank;
(3) a credit union;
(4) a trust company;
(5) a savings and loan association;
(6) an insurance company;
(7) a fiduciary;
(8) a trustee;
(9) a guardian; and
(10) a sinking fund of a municipality, county, school district, special district, and other political subdivision of this state and other public funds of this state and state agencies, including the permanent school fund.
(b) District bonds may secure deposits of public funds of the state or a municipality, county, school district, or other political subdivision of this state. The bonds are lawful and sufficient security for deposits to the extent of the bonds’ value if accompanied by all unmatured coupons.

(c) District bonds are authorized investments under Chapter 2256, Government Code.

Sec. 772.531. EXEMPTION FROM TAXATION. A bond issued by the district under this subchapter, any transaction relating to the bond, and profits made in the sale or redemption of the bond are exempt from taxation by the state or by any municipality, county, special district, or other political subdivision of this state.

Sec. 772.532. TRANSFER OF ASSETS. If a regional emergency communications district is established under this subchapter, the regional planning commission for the region in which the district is established may transfer to the district any land, buildings, improvements, equipment, and other assets acquired by the regional planning commission in relation to the provision of 9-1-1 service.

SECTION 2. Subdivision (3), Section 771.001, Health and Safety Code, is amended to read as follows:

(3) “Emergency communication district” means:

(A) a public agency or group of public agencies acting jointly that provided 9-1-1 service before September 1, 1987, or that had voted or contracted before that date to provide that service; or

(B) a district created under Subchapter B, C, D, or G, Chapter 772.

SECTION 3. This Act takes effect September 1, 2013.

Passed the Senate on May 7, 2013: Yeas 28, Nays 1; passed the House on May 21, 2013: Yeas 104, Nays 41, three present not voting.

Approved June 14, 2013.
Effective September 1, 2013.

CHAPTER 553

S.B. No. 631

AN ACT
relating to certain statutory insurance deposit requirements.

Be it enacted by the Legislature of the State of Texas:

SECTION 1. Subsections (d) and (f), Section 406.006, Insurance Code, are amended to read as follows:

(d) The commissioner shall issue a letter approving or an order [approving or] denying an application under this section not later than the 30th day after the date the department receives the application. If the commissioner does not approve or deny the application within that period, the application is denied.

(f) The comptroller may not release a deposit made under this chapter, or any part of the deposit, and may not accept a substitute for a deposited security unless the commissioner issues a letter [an order] approving the withdrawal or substitution.

SECTION 2. The changes in law made by this Act apply to an application for substitution or withdrawal of a deposit filed on or after the effective date of this Act. An application filed before the effective date of this Act is governed by the law applicable to the application immediately before that date, and that law is continued in effect for that purpose.

SECTION 3. This Act takes effect immediately if it receives a vote of two-thirds of all the members elected to each house, as provided by Section 39, Article III, Texas Constitution. If this Act does not receive the vote necessary for immediate effect, this Act takes effect September 1, 2013.
