DIGEST

In 1993, South Texas Community College was created under special legislation, codified as Section 130.0311, Education Code. Because South Texas Community College was converted from a branch campus of Texas State Technical College, the transition from a state entity to a local entity was accomplished without significant statutory coverage. This bill establishes the validation process necessary to assist the South Texas Community College transition from a state entity to a local entity.

PURPOSE

As proposed, H.B. 2528 establishes the validation process necessary to assist the South Texas Community College transition from a state entity to a local entity.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
