DIGEST

The Texas Legislative Council is required by law to carry out a complete nonsubstantive revision of the Texas statutes. The process involves reclassifying and rearranging the statutes in a more logical order, employing a numbering system and format that will accommodate future expansion of the law, eliminating repealed, invalid, duplicative, and other ineffective provisions, and improving the draftsmanship of the law if practicable. These efforts are carried out in order to make the statutes more accessible, understandable, and usable without altering the sense, meaning, or effect of the law. This bill is a nonsubstantive revision of the Texas statutes relating to utilities.
