### **DIGEST AND PURPOSE**

The Texas Legislative Council is required by law to carry out a complete nonsubstantive revision of the Texas statutes. The process involves reclassifying and rearranging the statutes in a more logical order; employing a numbering system and format that will accommodate future expansion of the law; eliminating invalid, duplicated, and other ineffective provisions; and improving the draftsmanship of law if practicable. These efforts are carried out in order to make the statutes more accessible, understandable, and usable without altering the sense, meaning, or effect of the law. H.B. 2812 makes nonsubstantive revisions to and corrections in enacted code, to the nonsubstantive codification or disposition of various laws omitted from enacted codes, and to conforming codifications enacted by the 76th Legislature to other Acts of that legislature.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to various state officers, institutions, and agencies, throughout this bill.
