DIGEST AND PURPOSE

The Texas Constitution authorizes the creation of water control and improvement districts to supply and store water for use, operate sanitary wastewater systems, and provide irrigation, drainage, and water quality services. On January 16, 2001, the Hays County Commissioners Court adopted a petition for the creation of Hays County Water Control and Improvement District No. 2 (district) to cope with the continual growth of the Hays County area. H.B. 3629 validates the creation of the district, subject to voter approval at a confirmation election.
