### **DIGEST AND PURPOSE**

Consumers nationwide lose an estimated \$40 billion each year through telemarketing fraud, and often complain that telemarketers invade their privacy and irritate them with numerous or aggressive solicitations. Some calls violate the state mandated self-imposed no-call list that is maintained by solicitors as well as violating the state time restrictions on solicitations. H.B. 472 creates the Texas Telemarketing Disclosure and Privacy Act to set forth provisions to protect consumers from unwanted telemarketing calls and to penalize telemarketers in violation of the provisions.
