### **DIGEST AND PURPOSE**

Currently Texas children with special health care needs can be covered by health insurance through the Children with Special Health Care Needs (CSHCN) program or Children's Health Insurance Program (CHIP). As proposed, S.B. 1305 refinances expanded services for seriously ill and disabled children by creating a "wrap-around" program for the expanded services from CSHCN to CHIP and saving Texas money by increasing federal matching funds through CHIP.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
