### **DIGEST AND PURPOSE**

Currently, the Bexar County Hospital District serves a large area. The University Health System in San Antonio is the only civilian level I trauma facility for a trauma area with a population of nearly two million. As proposed, S.B. 1459 authorizes the hospital district to adopt a sales and use tax, contingent on voter approval and on a limit of 2.25 percent in any location in the district, to upgrade trauma services and improve patient care.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
