DIGEST AND PURPOSE

Currently, the Act creating the Beeville Water Supply District limits the district's boundaries to the city of Beeville's boundaries as of January 1, 1979. As proposed, S.B. 1758 removes the January 1, 1979, qualification and allows the district to add more territory without following certain annexation procedures in the Act if the city of Beeville has annexed the territory.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
