Requires the chair of the council, rather than the governor appointing a council member, to serve a two-year term, rather than a two-year term expiring May 31 of each even-numbered year.

(b) Requires the council to alternate the selection of the chair every two years between a house and senate council member, rather than having a secretary of the council who serves at the pleasure of the council and is accountable only to the

council.

Sec. 9.005. COUNCIL STAFF. Requires the senate and house standing committees with primary responsibility over water resource management, the Texas Commission on Environmental Quality, the Parks and Wildlife Department, the Department of Agriculture, and the Texas Water Development Board, on request by the council, to provide any staff necessary to assist the council in the performance of its duties. Deletes text regarding staff other than the secretary of the council.

Sec. 9.006. MEETINGS. (a) Requires the council to conduct public meetings at the discretion of the chair at least twice a year, rather than meeting at least once in each calendar quarter. Provides that eight, rather than six, members constitute a quorum.

Sec. 9.008. POWERS AND DUTIES OF COUNCIL. (a) Authorizes the governor, lieutenant governor, and speaker of the house of representatives to issue charges to the council on state water issues. Requires the council to provide recommendations to the governor, lieutenant governor, or speaker of the house of representatives, as appropriate, based on the charges. Deletes text regarding the council's analysis of authorities under certain sections.

Sec. 9.017. DISSOLUTION OF COUNCIL AND ACCOUNT. Provides that unless extended by the 79th, rather than 78th, Texas Legislature, this chapter and the interagency water advisory account expire on December 31, 2005, rather than September 1, 2005.

Authorizes the executive administrator, if a landowner requests that his or her information not be disclosed, to release information regarding groundwater information only if the information is summarized in a manner that prevents the identification of an individual or specific parcel of land and the landowner.
