### **AUTHOR'S/SPONSOR'S STATEMENT OF INTENT**

The Texas Legislative Council is required by law to carry out a complete nonsubstantive revision of the Texas statutes. The process involves reclassifying and rearranging the statutes in a more logical order; employing a numbering system and format that will accommodate future expansion of the law; eliminating repealed, invalid, duplicative, and other ineffective provisions; and improving the draftsmanship of law if practicable. These efforts are carried out in order to make the statutes more accessible, understandable, and usable without altering the sense, meaning, or effect of the law.

S.B. 1029 makes nonsubstantive revisions to certain local laws concerning special districts, including conforming amendments.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
