### **AUTHOR'S/SPONSOR'S STATEMENT OF INTENT**

Currently, the Texas Election Code does not require any school district, junior college district or other political subdivision to notify the voter registrar of any boundary changes. This presents a problem when a county discovers immediately before an election that jurisdiction boundary changes have been made. This opens the door to potential legal challenges if voting precincts have to be changed and there is insufficient time to conduct appropriate hearings and submit required documents to the county commissioners court and to the United States Department of Justice for pre-clearance.

S.B. 427 requires the governing body of any political subdivision to notify the voter registrar of any internal and external boundary changes, including changes to single-member districts or annexations.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
