### **AUTHOR'S/SPONSOR'S STATEMENT OF INTENT**

The Texas Supreme Court held in *Neeley v. West Orange-Cove Consolidated Independent School District* that the state school finance system relies on revenues derived from a tax that, in effect, is a state property tax prohibited by the Texas Constitution. The court required the legislature to correct the constitutional violation by June 1, 2006.

C.S.H.B. 5 provides additional state revenue derived from taxes imposed on cigarettes and other tobacco products to provide funds for the public school system, enabling school districts to exercise meaningful discretion in setting local property tax rates. In raising taxes on cigarettes and other tobacco products, this bill provides a reliable revenue stream, while aiding in the reduction of tobacco use, thus lowering health care costs.
