AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, Section 31.065, Natural Resources Code, authorizes the commissioner of the General Land Office (commissioner) to accept gifts, devises, and bequests, but not grants. While grants are not included in this statute, statutes governing the Department of Agriculture and several state agencies such as the Texas Water Development Board and the Texas Commission on Environmental Quality authorize those entities to accept grants. Authorizing the commissioner to accept grants would permit the commissioner to access money currently unavailable such as funds to support the alternative fuels program.

As proposed, H.B. 1138 authorizes the commissioner of the General Land Office to accept grants.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
