AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Election Code defines a “qualified voter” as a United States citizen but does not require or provide a method for the verification and enforcement of the requirements to vote, including the citizenship requirement.

H.B. 2247 requires lists of individuals found to be deceased or excused from jury duty due to noncitizen status to be forwarded to the secretary of state and requires the secretary of state, semiannually, to compare such information to the statewide voter registration list. Additionally, the bill requires lists of individuals disqualified from jury service because of noncitizen status to be forwarded to the secretary of state and the county or district attorney for an investigation of whether or not such individuals have committed an offense under the Election Code or other law.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
