Committee Report (Substituted)

### AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Current law encourages individuals to attend a premarital education course of at least four hours during the year preceding the date of the application for the license, but there no incentives for individuals to attend a premarital course. Marriage license applicants participating in a premarital course are required to pay associated fees and choose a course based on the list provided by the county clerk. A marriage license fee of \$30 is required to be paid by the applicants. Additionally, individuals are required to wait 72 hours between receiving a license and getting married, except if they are active members of the armed forces, employees or contractors of the U.S. Department of Defense, and others who receive a written waiver from a judge.

C.S.H.B. 2685 increases the marriage license fee from \$30 to \$60, requires a premarital education course to include instruction in the key components of a successful marriage, requires the course to be at least eight hours, and waives the fee and 72-hour waiting period after issuance of a marriage license upon completion of a pre-marital course.
