### AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Under current law, the sale of real property under a contract lien is governed by Chapter 51 (Provisions Generally Applicable to Liens), Property Code. The chapter requires a sale of real property under a power of sale conferred by a deed of trust or other contract lien to be a public sale at auction hold between 10 a.m. and 4 p.m. of the first Tuesday of a month and must take place at the county courthouse in any county in which the property is located. Notice of the sale is required to be given at least 21 days before the day of sale by one of several means, including posting at the courthouse door of each county in which the property is located a written notice designating the county in which the property will be sold or filing notice with the county clerk.

Problems may arise if the courthouse or county clerk's office is closed due to inclement weather, natural disaster, or other act of God when it is time to post the notice at the courthouse or file the notice with the county clerk.

Chapter 51 also provides that a person authorized to exercise the power of sale under the terms of a security instrument is the trustee of the property. At time, a trustee may not receive the proceeds of the sale in a reasonable time after accepting a bid.

H.B. 2738 authorizes notice to be posted or filed up to 48 hours after the courthouse or county clerk's office reopens following a natural disaster, inclement weather, or other acts of God. The bill provides that a sale held in an area designated by the commissioners court may not be held before the 90th day after the date the designation is recorded. This bill also clarifies the qualifications for a trustee and requires the purchase price in a sale held by a trustee to be payable immediately upon acceptance of the bid.

### RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
