Existing statutory authority for the Starr County Hospital District is restrictive and outdated, and does not provide for the necessary authority for the district to prepare for future development.

As proposed, S.B. 1236 updates the statutory authority of the Starr County Hospital District to prepare for future development. This bill authorizes the district to adopt certain requirements regarding the length of residency for trustees, to create or sponsor a nonprofit corporation, to issue revenue bonds and bonds payable from a combination of taxes and revenues, and to establish procedures for the dissolution of the district.

**RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

Deletes existing text relating to filing the person's name with the commissioner's court.

(c) Sets forth requirements for the election of members of the board, including a requirement that one trustee be elected from each commissioner's precinct.
