### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The Red River Redevelopment Authority (authority) was created in 1997 by the 75th Legislature in response to the closure of part of the Red River Army Depot under the Federal Base Realignment and Closure Act. The City of Texarkana and Bowie County developed a plan to turn the depot into a business and industrial park, now known as the Red River Commerce Park. Statutory change is necessary to give the authority additional powers, including the authorization to provide emergency medical services or fire emergency services, toward further potential redevelopment of the area.

As proposed, S.B. 1743 authorizes the authority to exercise certain additional powers provided under the Development Corporation Act of 1979 and to a rural and urban transit district. This bill prohibits the authority from imposing a tax and limits its use of the power of eminent domain.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
