### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Under current law, public school employees who resign at the end of a school year are not entitled to remain on the school district's insurance policy during the summer months. This causes public school employees to lose health insurance coverage during the summer months when they move to a position with a new school district.

As proposed, S.B. 816 entitles employees of school districts to remain on the district's group health insurance coverage through the summer months if their resignation was effective after the last day of an instructional year. This bill also prohibits the school district and the Teacher Retirement System from diminishing or eliminating the amount of a contribution or salary supplementation available to an employee under Chapter 1579 (Texas School Employees Uniform Group Health Coverage) or Chapter 1581 (Employee Expenditures for School Employee Health Coverage Plans), Insurance Code, as long as the employee is eligible to participate or enroll in the group health insurance plan.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
