AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Under current law, a municipality with a population of less than 850,000 must use money collected from certain municipal court costs for a school crossing guard program. If the municipality does not operate a school crossing guard program or if the money received exceeds the amount necessary to fund a school crossing guard program, the municipality must either deposit the additional funds in an interest bearing account or use the funds for programs designed to enhance child safety, health, or nutrition.

As proposed, S.B. 446 allows a municipality with a population of less than 850,000 that does not operate any of the programs under the current statute or has an excess of funds to expend such funds for programs designed to enhance public safety and security.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
