### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

State law currently requires textbook publishers to provide districts with sample copies of adopted textbooks upon request for review (Section 31.027 (Information to School Districts; Sample Copies), Education Code). Textbook publishers send hardcopy samples of textbooks to school districts for their review committees. The printing and binding of these draft books is expensive and it is difficult for publishers and districts to maintain security. Since these textbooks are drafts still containing errors, they are never used. Publishers pass on the costs of doing the print run, shipping, and delivery to the state. This bill would require textbook publishers to send an electronic copy of the sample textbook to districts for their review, in order to lower the cost of creating and distributing textbooks.

As proposed, S.B. 391 amends current law relating to the provision of electronic sample copies of a textbook adopted by the State Board of Education.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
