### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The 82nd Legislature passed S.B. 5, which began the process of streamlining higher education reporting and administrative processes and regulations to increase efficiency and eliminate unnecessary mandates. One provision of S.B. 5 provided for the elimination of rules and reports by September 1, 2013, unless legislative action preserved the need for the requirements.

S.B. 1602 retains several reports that institutions of higher education and affected agencies have reviewed and deemed still necessary. The bill also continues the efforts to reduce costs and streamline operations by eliminating, consolidating, or providing flexibility for other required reports.

As proposed, S.B. 1602 amends current law relating to reports and other information required of or held by institutions of higher education.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the Department of Information Resources in SECTION 3 (Section 2054.121, Government Code) of this bill.
