Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Under current law, an oath made in this state may be administered and a certificate of the fact given by a number of statutorily authorized individuals including, but not limited to, certain judges, notaries, elected officials, and city, county, and state agency officials.

County treasurers, lacking the necessary statutory authority to swear in their own deputies, have had to rely on external authorities to administer needed oaths. At times this has caused unnecessary and avoidable delays.

In order to assist county treasurers in carrying out their duties seamlessly without any delay, C.S.S.B. 435 proposes adding county treasurers to the list of statutorily authorized individuals who may administer an oath.

C.S.S.B. 435 also proposes to authorize a county treasurer to complete an introductory course of instruction in the performance of the duties of county treasurer upon being elected or appointed to that office instead of when they take office thus affording county treasurers greater flexibility in ensuring that the course is completed.

C.S.S.B. 435 amends current law relating to the powers and duties of a county treasurer.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
