AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

When rulemaking authority is conferred on state agencies by legislation, there exists a risk that an agency may make rules that go beyond the intended scope of the delegated authority. To facilitate legislative oversight of agency rulemaking and ease monitoring of implementation of legislation, H.B. 462 requires a state agency's notice of proposed rulemaking to include the bill number for the legislation providing the relevant rulemaking authority and requires the agency to provide that notice to each primary author, joint author, sponsor, and joint sponsor of that legislation.

H.B. 462 amends current law relating to the provision of notice of proposed rules by state agencies.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
