AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

It is burdensome to licensees and wasteful of public resources to administer licensing programs that do little to protect the public good. For that reason, the Texas Department of Licensing and Regulation has undertaken a strategic initiative to identify licensing programs and activities that could be deregulated without threatening public health, safety, or welfare. Although no current law expressly regulates the practice of "threading," which involves the removal of unwanted hair using a piece of thread, there is some concern that this practice may be construed to constitute barbering for purposes of the statutes that govern barbers and cosmetologists. S.B. 1502 amends those statutes to make clear that threading does not require licensure as an esthetician, barber, or cosmetologist. (Original Author's / Sponsor's Statement of Intent)

S.B. 1502 amends current law relating to the regulation of barbering and cosmetology.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
