Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

This local bill proposes to modify the existing Grand Northwest Municipal Utility District to become a municipal management district called Grand Northwest Municipal Management District (district).

The current District includes approximately 480 acres of currently raw, undeveloped land at the northwest corner of the U.S. 290/Grand Parkway intersection. The district's boundaries will not be changed or altered as a result of this bill.

The development plans for the district include retail and office space, multi-family residential, and parks and open space. The district will retain all of the powers and duties that it currently has as a MUD. Becoming a management district will allow the district to provide additional services and improvements to the property in the district, such as attractive signage, landscaping and beautification, and sidewalks and lighting.

Municipal management districts, which are generally governed by Chapter 375, Local Government Code, have been used to promote the development of commercial areas and provide infrastructure improvements and supplemental services required of such areas. Management districts have been widely used in the Houston region, with almost every major commercial area in the Houston region being supported by a management district.

The bill tracks the "standardized" management district creation language previously adopted by the Senate Intergovernmental Relations Committee and used by prior house and senate committees.

No objections are anticipated for this local bill. The sole land owner, an entity controlled by John McCormack, initiated the request for this local bill. John McCormack is the founder and CEO of Visible Changes.

The City of Houston has been notified of the proposed legislation and has no objection.

The directors must be elected.

Notice of intent was given on January 26, 2017. The bill is eligible for filing on February 26, 2017.

C.S.S.B. 2258 amends current law relating to the conversion of the Grand Northwest Municipal Utility District to the Grand Northwest Municipal Management District, provides authority to issue bonds, and provides authority to impose assessments, fees, or taxes.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
