### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

S.B. 2259 proposes to create Fort Bend County Municipal Management District No. 2 (district), a municipal management district in the extraterritorial jurisdiction of the City of Houston (city) in Fort Bend County.

Municipal management districts, which are generally governed by Chapter 375, Local Government Code, have been used to promote the development of commercial areas and to provide infrastructure, improvements, and supplemental services required of such areas.

In particular, MMDs have been widely used in the Houston region, with almost every major commercial area in the Houston region being supported by a management district.

The district is proposed to cover approximately 100 acres of currently raw, undeveloped land.

The district would provide critical public infrastructure improvements, such as water, sewer, drainage, road and recreational facilities, to support development of the property, and would provide services and amenities to the commercial property in the district.

The district would have typical management district powers, such as the power to levy assessments and taxes. S.B. 2259 utilizes the standardized management district creation language previously adopted by the Senate Intergovernmental Relations Committee and used by prior house and senate committees.

The sole landowner, an entity controlled by William Harrison, initiated the creation of a management district over this property.

The city has been notified of the proposed creation of the district and has no objection.

The district will not have the power of eminent domain.

Notice of intent was published on January 25, 2017. S.B. 2259 is eligible for filing on February 25, 2017.

As proposed, S.B. 2259 amends current law relating to the creation of the Fort Bend County Municipal Management District No. 2, provides authority to issue bonds, and provides authority to impose assessments, fees, or taxes.

### **RULEMAKING AUTHORITY**
