### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Angelina County Water Control and Improvement District #3 (WCID 3) was created by the Angelina County Commissioners Court in 1999 and provides wastewater service to an unincorporated area in Angelina County. The Angelina County Fresh Water Supply District #1 (FWSD 1), created by the Angelina County Commissioners Court in 1966, is also located within Angelina County and also provides wastewater service.

Local stakeholders and the districts themselves have concluded that because FWSD 1 already provides wastewater service to the area nearby, it is in the best interest of the residents to dissolve WCID 3 and allow FWSD 1 to provide wastewater service to the residents currently served by WCID 3.

S.B. 2282 dissolves WCID 3 and allows FSWD 1 to take over the assets, liabilities, and territory of WCID 3. To aid in the transition, S.B. 2282 authorizes the current WCID 3 board to select one of its members to serve as a nonvoting member of the FWSD 1 board until the next regular board election. This bill streamlines local government and promotes economies of scale, which will benefit taxpayers and residents.

As proposed, S.B. 2282 amends current law relating to the dissolution of the Angelina County Water Control and Improvement District No. 3 and the territory of the Angelina County Fresh Water Supply District No. 1.
