### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

In 2007 and 2013, the legislature passed acts prohibiting state retirement systems from investing in companies engaged in business with the Sudanese and Iranian governments. The intent of this legislation was to halt retirement systems' investments in companies associated with the Sudanese government's genocide in Darfur or the Iranian government's sponsorship of terrorist activities. While these acts prohibited certain retirement systems' investments, they did not apply the same prohibitions to other public funds. S.B. 253 amends the Public Funds Investment Act and the state funds investment policy to prohibit state investments in companies doing business with Sudan or Iran. This change would apply to funds in the state treasury, public investment pools, as well as those invested by local governments. The intent of this change is to broaden the applicability of the state's Iranian and Sudanese divestiture requirements to include other public investment funds.

S.B. 253 also proposes to broaden the state's divestiture policy to prohibit any publicly administered fund, including a state or local retirement fund, from investing in companies that engage in business with a foreign terrorist organization. Lastly, the bill specifies that the state's divestiture requirements relating to Iran, Sudan, and terrorist organizations shall expire in 2037.

As proposed, S.B. 253 amends current law relating to investment prohibitions and divestment requirements for certain investments of public money.

### **RULEMAKING AUTHORITY**

Rulemaking authority previously granted to the State Pension Review Board is transferred to the comptroller of public accounts of the State of Texas in SECTION 6 of this bill.
