### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The 84th Legislature, Regular Session, 2015, passed S.B. 20, a sweeping reform of state contracting spurred by allegations of impropriety at a state agency during the procurement of a major information resources project. The lieutenant governor subsequently charged the Senate Committee on Finance to monitor implementation of the legislation during the interim. From that review, state agencies and the private sector offered recommendations to clarify and strengthen the provisions of S.B. 20. S.B. 533 is a product of that review. (Original Author's / Sponsor's Statement of Intent)

S.B. 533 amends current law relating to governmental entity contracting and procurement.
