AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 904 creates the Cresson Municipal Utility District No. 1 of Hood County (district). The district will encompass approximately 354.963 acres of land located in the extraterritorial jurisdiction of the City of Cresson in Hood County. Water, sewer, drainage, and road facilities need to be secured because the land to be located within the district will be developed for residential purposes. The district is created under Water Code provisions applicable to all water districts and to municipal utility districts and under constitutional provisions relating to conservation and reclamation districts. The district will have standard road powers and must comply with all applicable city standards. The district will have the authority to establish a fire department or enter into a contract for fire-fighting services and adopt all necessary fees and charges for providing any district facility or service, including fire-fighting services. The district will have the authority to issue tax-exempt bonds to purchase, acquire, or construct facilities. It is also necessary to empower the district with authority to impose a tax and to grant the district a limited power of eminent domain. S.B. 904 provides for the creation, administration, powers, duties, operation, and financing of the district.

S.B. 904 amends current law relating to the creation of the Cresson Municipal Utility District No. 1 of Hood County, grants a limited power of eminent domain, provides authority to issue bonds, and provides authority to impose assessments, fees, and taxes.
