AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, the superintendent or director of a school district, district of innovation, open-enrollment charter school, regional education service center, or shared services arrangement are required to notify State Board for Educator Certification (SBEC) if an educator employed by or seeking employment has a criminal record and obtained the criminal record by a means other than the criminal history clearinghouse.

Reporting is also required if the educator's employment is terminated for things such as an inappropriate relationship with a child, possessed or sold a controlled substance, and other criminal acts.

The issue S.B. 1476 corrects is the confusion that has occurred when superintendent or administrator make a report and then it is found that the allegations against the educator were unfounded.

S.B. 1476 clarifies that a superintendent or administrator does not have to report an educator's alleged incident of misconduct if the educator did not engage in the alleged incident.

As proposed, S.B. 1476 amends current law relating to the requirement for certain administrators of certain educational entities to report certain educator misconduct to the State Board for Educator Certification.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
