AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

It has been noted that a veteran participating in a veterans treatment court program does not necessarily receive treatment near the veteran's home because the underlying criminal charges are not always incurred in a veteran's home county. There are concerns that a veteran's participation in the program may be adversely affected when the veteran is not near the veteran's residence or workplace. S.B. 1093 seeks to address this problem by authorizing a veterans treatment court program to transfer responsibility for supervising a defendant's participation in the program to another program closer to the defendant's residence or workplace.

As proposed, S.B. 1093 amends current law relating to the administration of a veterans treatment court program.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
