### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Interested parties note the Texas Motor Speedway (TMS) has a significant impact to both the region and the state's economy as the events hosted at TMS draw thousands of visitors from within and outside of Texas. The Major Events Reimbursement Program (MERP) is an incentive program within the office of the governor targeted at attracting various types of events to the State of Texas. The funds can assist Texas communities with paying costs related to preparing for or conducting an event by depositing projected gains in various local and state taxes generated from the event in a dedicated event-specific trust fund to cover allowable expenses.

TMS is currently eligible for MERP; however, TMS is undergoing renovations that will impact the number of seats within TMS, thus impacting TMS's description in statute. S.B. 1155 ensures TMS remains eligible for MERP as it undergoes renovation. Additionally, the bill adds the Texas Grand Prix to the list of events eligible for funding through the major events reimbursement program.

S.B. 1155 amends current law relating to the eligibility of certain events for funding under the Major Events Reimbursement Program.

### **RULEMAKING AUTHORITY**
