Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

To maintain the integrity of amending voting by mail laws with checks and balances, the Election Protection Act prohibits the governor, local governments, and state agencies from making changes to voting by mail laws without the approval of the legislature. This Act seeks to safeguard Texans' right to engage in the legislative process and protects elections from various last minute changes to mail-in ballot laws.

Key Provisions:

- Adds Section 81.006, Election Code, to prohibit amending mail-in ballot laws without a statutory change.
- Amends Section 418.016, Government Code, limiting the governor's executive power to suspend voting by mail laws.
 - Regarding mail-in ballot laws: the governor may issue an executive order permitting voters in a declared disaster area to drop off mail-in ballots to the voting clerk's office before election day. (This was in place during the 2020 General Election.)
- Amends Section 418.108 (Declaration of Local Disaster), Government Code, prohibiting the presiding officer of the governing body of a political subdivision from suspending or amending voting by mail laws.
