AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The University of Houston's student center fee has been used to help pay for the costs of construction and financing, operations, maintenance, and improvements throughout the years. S.B. 480 amends current statute to expand the purpose of the fee to include programming so that the university may use current funds specific to student programs and put them towards mental health services needs for the university's student population. This would increase funding for mental health services needs at the University of Houston.

S.B. 480 amends current law relating to the student union fee at the University of Houston.
